### Audit.

### NOTIFICATIONS.

No. 2268F.—26th March 1935.—In exercise of the powers conferred by Fundamental Rule 44 and rules 41, 42 and 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers is pleased to sanction the following amendment to the subsidiary rules framed under Fundamental Rule 44, namely:—

**Amendments.**

The following shall be substituted for the Note to Subsidiary Rule 152, namely:—

Note.—For special rules regulating the grant of travelling allowance to enable European Government servants and non-European members of the Superior Civil Services and their families to have access to certain medical advice, see Appendix No. 26.

2. The following shall be substituted for Appendix No. 26 of the Fundamental and Subsidiary Rules, namely:—

**Appendix No. 26.**

(F. R. 44, S. R. 152.)

*Special rules regulating the grant of travelling allowance to enable European Government servants and non-European members of the Superior Civil Services and their families to have access to certain medical advice.*

1. *Definitions.*—In these rules—

(*a*) "adult" means a person 18 years of age or over;

(*b*) "child" means a person under 18 years of age;

(*c*) "European Government servant" means a Government servant whose domicile of origin, as defined in clauses 2 and 3 of the Schedule to the Fundamental Rules, is non-Asiatic;

(*d*) "family" means a Government servant's wife, and his legitimate children or step-children wholly dependent upon him;

(*e*) "British Medical Officer" means a British Government Medical Officer but, when the nearest available British Government Medical Officer is stationed at a place farther from or less accessible to the patient than a qualified British private practitioner, it may be deemed to include the latter;

(*f*) "Specialist" means a Government Specialist but, when the nearest available Government Specialist is stationed at a place farther from or less accessible to the patient than a qualified non-Government Specialist, it may be deemed to include the latter;

(*g*) "A Superior Civil Service" means any service or post under the administrative control of the local Government named in the Superior Civil Services (Revision of Pay, Passage and Pension) Rules, 1924, or declared "Superior" from time to time under section 67A or section 72D of the Government of India Act.

2. Subject to the provisions of rules 6, 7 and 8 below, a European Government servant serving in a station where there is no British Medical Officer may draw travelling allowance to the extent prescribed in rule 5 below, on account of a journey performed by himself or by any member of his family residing with him to and from the nearest station at which there is a British Medical Officer, for the purpose of receiving medical attention or advice from such British Medical Officer.

3. If such British Medical Officer or a British Medical Officer serving at the Government servant's own station certifies in writing that the case is of such a serious or special nature that he is not able or willing to treat it and that the patient should proceed for treatment to some other specified station in Bengal, travelling allowance to the extent prescribed in rule 5 may be drawn for the journey to and from such station.

4. Subject to the provisions of rules 6, 7 and 8 below, when a non-European member of any Superior Civil Service or a member of his family residing with him requires medical treatment or advice and the local medical officer certifies in writing that the case is of such a serious or special nature that he is not able or willing to treat it and that the patient should proceed for treatment to some other specified station in Bengal, travelling allowance to the extent prescribed in rule 5 may be drawn for the journey to and from such station.

5. The amount of travelling allowance admissible for any journey performed under rule 2, 3 or 4 is—

(*a*) For that part of the journey performed by public conveyance, the fare, if any, actually due and paid on account of the patient together with the fare actually paid on account of not more than one attendant on the patient.

*Note*—The fares recoverable under this clause are fares of a class not higher than that by which the Government servant himself is entitled to travel on duty.

(*b*) For that part of the journey performed otherwise than by public conveyance, actual travelling expenses of the patient and not more than one attendant on the patient limited to—

(*i*) the amount arrived at by multiplying the mileage allowance rate admissible to the Government servant by the number of miles so travelled which could not have been travelled by public conveyance *plus*

(*ii*) the amount admissible under clause (*a*) in respect of so much of such journey as could have been performed by public conveyance.

6. Every claim for travelling allowance under the foregoing rules shall be presented in a separate bill.

7. Every claim for travelling allowance under the foregoing rules must be supported by a certificate in one or more of the forms appended to these rules, as follows:—

(*a*) *Claims under rule 2*—By certificates in Forms A and B.

(*b*) *Claims under rule 3*.—By a certificate in Form C.

(*c*) *Claims under rule 4*—By a certificate in Form C.

(*d*) *Claims for travelling allowance on account of not more than one attendant*—By a certificate in Form D.

8. If in any case the medical officer whose certificate is required is not prepared to grant the certificate, he shall report the facts to the Controlling Officer, who should submit the case to Government for orders.

9. If the patient is too ill to make the journey contemplated in rule 2, 3 or 4, travelling allowance may be paid to the following for going to the patient's station on the requisition of the seniormost Government Medical Officer at the patient's station:—

(*a*) *In the case of rule 2*—To the nearest British Medical Officer.

(*b*) *In the case of rule 3 or 4*—To the specialist called in by the local Government Medical Officer.

10. The travelling allowance admissible under rule 9 is—

(*1*) in the case of a Government Medical Officer, travelling allowance at the rates applicable to a journey by him on tour;

(*2*) in the case of a non-Government Medical Officer, travelling allowance at the rates applicable to a journey on tour by a Government Officer of the 1st grade.

11. These rules shall be deemed to have come into force with effect from the 1st April 1926 excepting rule 4, which shall be deemed to have effect from the 29th July 1933.

12. No travelling allowance is admissible under these rules for journeys performed to obtain anti-rabic treatment (these being governed by the rules in Appendix T of the Bengal Audit Manual) or for journeys to obtain dental treatment or advice, or for journeys performed in connection with any treatment or advice other than treatment or advice by a medical officer, a physician specialist or a surgeon specialist.

4. Roy's Road up to bridge.

7. The nature of supply shall be as follows:—

(*a*) *Generation*—Medium pressure three-phase, 50 cycles 440 volts alternating current.

(*b*) *Transmission*—A high pressure three-phase alternating current at a pressure of 3,300 volts and a frequency of 50 cycles per second.

(*c*) *Distribution*—A three-phase 4-wire 50 cycles alternating current system of 440 volts between phases and 230 volts between any one phase and neutral.

Provided also that the licensees may from time to time with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government adopt any other system of supply for the purpose of this license.

**Limits of rates to be charged in respect of the supply of energy.**

8. The rates to be charged by the licensees for energy supplied by them shall not exceed the following maxima:—

(*a*) *For domestic purposes*—I. *Lighting.*—(*i*) Annas eight per unit metered.

(*ii*) Rupee one and annas twelve per 20 watt lamp per month and proportionately for the lamps of higher wattage, provided that total number of lamps installed does not exceed six and are not used for more than six hours during the 24 hours of the day.

II. *Fans.*—Annas seven per unit metered.

III. *Flat rate for lights and fans combined.*—Annas seven and pies six per unit metered.

IV. *Motors.*—(*i*) For each installation having motors whose aggregate rated brake horse power does not exceed 1 B. H. P.—Annas seven per unit metered.

(*ii*) For each installation having motors in which the aggregate rated brake horse power exceeds 1 B. H. P.—Annas six per unit metered.

(*b*) *For Industrial purposes.*—(*i*) For each installation having motors in which the aggregate rated brake horse power does not exceed four.—Annas five per unit metered.

(*ii*) For each installation having motor in which the aggregate rated brake horse power exceeds four but does not exceed fifteen.—Annas three and pies six per unit of energy metered plus rupees eight per month per rated B. H. P. of all the motors installed.

(*iii*) For each installation having motors in which the aggregate rated brake horse power exceeds fifteen.—Annas three per unit of energy metered plus rupees eight per month per rated B. H. P. of all the motors installed.

(*c*) For heating, cooking and refrigerating and for all purposes other than those specified in sub-clauses (*a*) and (*b*).—Annas four per unit metered.

(*d*) In the case of a method of charge approved by the Local Government in accordance with section 23, sub-sections (*3*) and (*4*) of the Act, such maximum as the Government may fix on approving the matter.

**Breaking up streets.**

9. The licensees are specially authorised to open and break up the soil of all roads or part of roads not repairable by the Government or a local authority situated within the municipal area in so far as to enable them erect such iron or wooden standard or lay underground cables as they may require in connection with the convenience and distribution of energy.

**Purchase of undertaking.**

10. (*a*) Option of purchase given by section 7, sub-section (*l*) of the Act shall be first exercisable on the expiration of fifty years from the date of notification of the grant of this license and on the expiration of every subsequent period of twenty years, and the terms of such purchase shall be determined, in the case of difference or dispute, by arbitration as provided by section 7, sub-section (*l*) of the Act. The percentage of the value to be determined in accordance and for the purpose of section 7(*l*) of the Act, of lands, buildings, works, materials, and plants of the licensees therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase, shall be 20 per cent.

(*b*) In accordance with section 3, sub-section (*2*), clause (*d*) (*ii*) of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7.

**Variations and exceptions from the Schedule to the Act.**

11. In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act, it is hereby expressly declared that for the purpose of incorporation in this license, clause IV of the Schedule to the Act shall be varied by the substitution of "Two years" for the period of "Three years" specified in the same clause.

If the licensees shall fail to comply with the provisions of any of the clauses of this license then the license may be revoked.

Copies of the deposited map and license may be inspected at the municipal office, Chandpur, or at the office of Messrs. Chatterjee Das and Company, Chandpur.

Copies of the license may be obtained on payment of Re. 1 per copy at Messrs. Chatterjee Das and Company, Chandpur.

Every local authority, company or persons desirous of making any representation to the Government of Bengal with reference to the application for the license may do so by letters addressed to the Secretary to Government of Bengal, Commerce Department, Writers' Buildings, Calcutta, within three months of the date of issue of the newspaper in which the advertisement is first published.

R. C. CHATTERJEE,

For Messrs. Chatterjee Das and Company.

### NOTIFICATIONS.

No. 11Mne.—23rd March 1935.—It is hereby notified under the provision of sections 6 and 15 of the Calcutta Port Act, 1890, that Mr. D. J. Leckie of Messrs. James Finlay and Company, Limited, has been elected by the Bengal Chamber of Commerce to be a Commissioner for the Port of Calcutta, *vice* Mr. J. Reid Kay, who has been granted permission to be absent from the Commissioners' meetings for eight months, with effect from the 12th March 1935.

No. 10Mne. — 23rd March 1935. — The following by-laws made by the Commissioners for the Port of Calcutta under sub-section (*l*) of section 126 and section 127 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), to regulate the discharge of Ethyl Fluid in the Port of Calcutta, subject to the confirmation of the Local Government, is published for general information, as required by sub-section (*4*) of the said section 126.

2. The by-laws will be taken into consideration on the expiry of a month after the first publication of this notification in the *Calcutta Gazette*, and any suggestion or objection with regard thereto received by the undersigned within that period will be considered:—

**Draft by-laws.**

1. Ethyl Fluid may be landed at the Commissioners' Docks, Jetties and at the Petroleum Wharf at Budge Budge.

2. No consignment shall be landed at the Docks or Garden Reach Jetties without the previous consent in writing of the Dock Superintendent, at the Calcutta Jetties without the previous consent in writing of the Jetties Superintendent, or at the Budge Budge Petroleum Wharves without the previous consent in writing of the Wharf Superintendent.

3. Ethyl Fluid imported into the Port of Calcutta shall be packed in air-tight drums of substantial quality which shall be marked to show distinctly that they contain Ethyl Fluid.

4. Consignees of Ethyl Fluid shall make previous arrangement with the Collector of Customs, with the Superintendent of the Docks, Jetties, or Budge Budge Petroleum Wharves, as the case may be, for the immediate removal from the Commissioners' premises of the whole consignment.

5. Ethyl Fluid shall only be landed—

(*a*) between the hours of sunrise and sunset, and at such place or places as the Commissioners may direct, and

(*b*) after all disembarking passengers have landed.

6. No discharge of Ethyl Fluid shall commence until—

(1) the following documents are in the hands of the Dock Superintendent, Jetty Superintendent, or the Budge Budge Wharf Superintendent, as the case may be, namely:—

(*a*) Bill of lading, if any, endorsed by shipper of consignment.

(*b*) Delivery order, if any, from the Agent.

(*c*) Duty paid customs bill of entry (endorsed "Passed in full out of Customs control").

(*d*) Detailed invoice for the goods.

(*e*) A Commissioners' challan properly endorsed by their Collection office to show that the Commissioners' charges have been paid in full,

(2) the necessary road and rail vehicles, in the case of delivery at the Docks or Jetties, are in position to receive the consignment, and

(3) the Superintendent concerned has satisfied himself that the equipment and material necessary for dealing with any leakage found or which might occur during discharge are available for immediate use, the requisite equipment and material being supplied by the consignee.

7. When discharge has been permitted every consignment of Ethyl Fluid shall be inspected on board the vessel by the consignee's representative, and an officer appointed by the Superintendent concerned. No Ethyl Fluid drums showing any sign of leakage shall be landed until suitably repaired or placed in a larger receptacle offering sufficient protection from leakage.

8. Discharge of Ethyl Fluid shall be supervised by a responsible representative of the consignee, having adequate technical knowledge of the material

9. Consignees shall provide labour for handling of vehicles for the immediate removal of the consignment from the Commissioners' premises.

10. At the Docks or Jetties Ethyl Fluid drums shall be discharged from the vessel in wire net slings by the Commissioners' cranes and removed from the slings by the consignee's labour direct to road or rail vehicles. At Budge Budge Ethyl Fluid drums shall be removed direct by the consignee's labour into the consignee's rented premises.

11. After any consignment of Ethyl Fluid has passed over the Commissioners' Docks, Jetties or Wharves, the consignee's representative must inspect the places over which the consignment has been carried and deal with any points where leakage has taken place. This inspection and cleaning must be carried out in the presence of a responsible officer of the Commissioners, and the consignee's representative shall give a certificate that the Port Commissioners' premises are free from contamination and fit for general use.

12. No Ethyl Fluid drums shall in any circumstances be stored in any of the Commissioners' transit sheds or warehouses.

13. Any person committing a breach of any of the foregoing by-laws shall be liable to a fine not exceeding Rs. 500, and when the breach is a continuing breach, to a further fine which may extend to Rs. 200 for every day after the first during which the breach continues.

### NOTIFICATION.

ELECTRICITY.

New Delhi, the 5th March 1935.

No. S.-601—The following draft of certain rules, which it is proposed to make in exercise of the powers conferred by section 37 of the Indian Electricity Act, 1910 (IX of 1910), and in supersession of the Indian Electricity Rules, 1922, is published, as required by section 38 of the said Act, for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 1st September 1935.

Any objection or suggestion which may be received from any person in respect of the draft before the date specified will be considered by the Governor General in Council.

A. G. CLOW,
*Joint Secy. to the Govt. of India.*

### DRAFT RULES.

[NOTE.—Excisions from the Indian Electricity Rules, 1922, are shown by asterisks and additions by italics.]

## CHAPTER I.

### Preliminary.

1. These rules may be called the Indian Electricity Rules, 193

2. (*1*) **Definitions.**—In these rules, unless there is anything repugnant in the subject or context,—

(*a*) "the Act" means the Indian Electricity Act, 1910; [IX of 1910.]

(*b*) "ampere" means a unit of electric current, and is the unvarying electric current which, when passed through a solution of nitrate of silver in water, in accordance with the specification set out in Annexure I * * *, deposits silver at the rate of 0·001118 of a gramme per second ;

such aforesaid unit is represented by the current which is passing in and through the coils of wire forming part of the instrument marked "Government of India Ampere Standard Verified" when the suspended coil in its sighted position is exactly balanced by the force exerted by gravity in Calcutta on the iridio-platinum weight marked "A" forming part of the said instrument;

(*c*) "*Annexure*" *means an Annexure to these rules;*

(*d*) "apparatus" means electrical apparatus, and includes all apparatus, machines, and fittings in which conductors are used, or of which they form a part;

* * * * * * * *

(*e*) "bare" means not covered with insulating material;

(*f*) "circuit" means an electrical circuit forming a system or branch of a system;

(*g*) "concentric system" means a system in which a conductor, called the inner conductor, is insulated and in which the circuit is completed through one or more conductors, called the outer conductors, which are insulated from one another and are disposed over the insulation of, and more or less completely round, the inner conductor;

(*h*) "conductor" means *any thing used or intended to be used for the conducting of energy;*

(*i*) "covered with insulating material" means adequately covered with insulating material of such quality and thickness that there is no danger;

(*j*) "cut-out" means any appliance for automatically interrupting the transmission of energy through any conductor when the current rises above a predetermined amount ;

(*k*) "danger" means danger to health or danger to life or limb from shock, burn, or other injury to persons, or from fire or explosion, attendant upon the generation, transformation, distribution, or use of energy ;

(*l*) "dead" means at or about earth potential, and disconnected from any live system.

Provided that apparatus separated from a live conductor by a spark gap shall not be considered dead ;

(*m*) "distributing licensee" means a licensee who obtains from another licensee a supply of energy in bulk for distribution ;

(*n*) "earthed" or "connected with earth" means connected with the general mass of earth in such manner as to ensure at all times an immediate discharge of energy without danger ;

(*o*) "earthing system" means an electrical system in which all the conductors are earthed ;

(*p*) "electrician" means a person appointed in writing by the lessee or owner, agent or manager of electrical plant or apparatus for the purpose of supervising the same, such person being over 21 years of age and competent for the purposes of the rules in which the term is used ;

(*q*) * * "Inspector" means an *Electric* Inspector appointed under section 36 * * ;

(*r*) "Inspector of Mines" means an Inspector appointed under the Indian Mines Act, 1923 ; [IV of 1923.]

(*s*) "live" means electrically charged ;

(*t*) "metallic covering" means iron or steel armouring, with or without a lead or other metallic sheath as the conditions of the case may require, or an iron or steel pipe surrounding one or more conductors;

(*u*) "neutral conductor" means that conductor of a multiwire system, the pressure of which is normally intermediate between the pressures of the other conductors of the system ;

(*v*) "*non-licensee*" means a person * * generating, supplying, transmitting or using energy to whom any of the provisions of Part III of the Act apply ;

(*w*) "ohm" means a unit of electric resistance, and is the resistance offered to an unvarying electric current by a column of mercury at the temperature of melting ice 14·4521 grammes in mass of a constant cross sectional area and of a length of 106·3 centimetres ;

such aforesaid unit is represented by the resistance between the terminals of the instrument marked "Government of India Ohm Standard Verified" to the passage of an unvarying electric current when the coil of wire forming part of the aforesaid instrument and connected to the aforesaid terminals is in all parts at a temperature of 30°C. ;

(*x*) "open sparking" means sparking which owing to the lack of adequate provisions for preventing the ignition of inflammable gas external to the apparatus would ignite such inflammable gas ;

* * * * * * *

(*y*) "owner", "agent" or "manager" of a mine are as defined in sections 3 (*g*), 3 (*a*) and 15 (*l*), respectively, of the Indian Mines Act, 1923 ; [I of 1923.]

(*z*) "pressure" means the difference of electric potential measured in volts between any two conductors, or between any part of either conductor and the earth as read by a hot-wire or electrostatic voltameter, and is said to be—

(*i*) "low" where, under ordinary working conditions, it does not exceed 250 volts by an amount greater than 5 per cent. of the normal pressure where the energy is used ;

(*ii*) "medium" where, under ordinary working conditions, it may exceed 250 volts, but does not exceed 650 volts by an amount greater than 5 per cent. of the normal pressure where the energy is used ;

(*iii*) "high" where, under ordinary working conditions, it may exceed 650 volts ;

(*aa*) "*section*" *means a section of the Act ;*

(*bb*) "switchgear" means switches, cut-outs or fuses, conductors, and other apparatus in connection therewith, used for the purpose of controlling the current or pressure in any system or part of a system ;

(*cc*) "system" means an electrical system in which all the conductors and apparatus are electrically connected to a common source of pressure ;

(*dd*) "use of energy" means the conversion of electrical energy into mechanical or chemical energy, heat, or light for the purpose of providing mechanical energy, electrolysis heat, or light ;

(*ee*) "volt" means a unit of electro-motive force, and is the electric pressure which, when steadily applied to a conductor whose resistance is one ohm, will produce a current of one ampere ; and

(*ff*) "watt" means a unit of power, and is the energy expended per second by an unvarying electric current of one ampere under an electric pressure of one volt.

(2) *In these rules other words and expressions have the same meaning as are assigned to them in the Act.*

3. **Authorisation.**—(1) *A licensee, a non-licensee or a consumer, or the owner, agent or manager of a mine, or the agent of any company operating in an oil-field or the owner of a drilled well in an oil-field or a contractor for the time being under contract with a licensee, a non-licensee or a consumer to carry out duties incidental to the generation, transformation, distribution or use of energy may authorise any person for the purpose of any or all of the following rules, namely, rules 39, 45, 61, 62, 67, 68 (1), 99 (2), 109 (1), 111 (4) and 112.*

(2) *No person shall be authorised under sub-rule (1) unless he is competent to perform the duties specified in the rules for the purpose of which he is authorised*

(3) *No person shall be deemed to be authorised under sub-rule (1) unless his name has been entered in a list maintained at the office of the person authorising him, and giving the purposes for which such person is authorised, and the entry has been attested by the person authorising him.*

(4) *Every list maintained under sub-rule (3) shall be produced before an Inspector when required.*

## CHAPTER II.

### * * Inspectors.

*4.* **Qualifications of * *Inspector.**—No person shall be appointed *to be* an * * Inspector unless,—

(*a*) he has had at least five years' practical experience in an electrical or mechanical engineering workshop or electric power station; and

(*b*) after acquiring such experience, he has been regularly engaged for a period of *at least* five years in the practice of electrical engineering:

Provided that the Governor General in Council or the Local Government, as the case may be, may appoint any person not so qualified, if in his or its opinion such person is otherwise fully qualified to exercise the powers and perform the functions of an * * * Inspector.

*5.* **Entry and Inspection.**—(1) Any * * Inspector or any officer appointed to assist an * * Inspector may enter, inspect and examine any place, carriage or vessel in which he has reason to believe *that there is* any appliance or apparatus used in the generation, transmission, supply or use of energy * * and may carry out tests therein.

(2) Every licensee, *non-licensee, consumer and occupier* shall afford at all times all reasonable facilities to any such Inspector or officer to make such examinations and tests as may be necessary to satisfy himself as to the due observance of the Act, the licence (if any) and these rules.

(*3*) The licensee *or non-licensee* shall provide means for carrying out all tests prescribed by or under the Act of the appliances or apparatus used for the supply of energy by him.

(4) An * *Inspector may serve an order in the form set out in Annexure VIII * * *, upon any licensee, *non-licensee, consumer or occupier*, calling upon him to comply with any specified rule, and the person so served shall thereupon comply with the order within the period name therein, *and shall report in writing to the Inspector when the order is complied with.*

Provided that, if within that period an appeal is filed against the order, the appellate authority may suspend its operation pending the decision of the appeal.

*6.* **Limitation of appeals.**—No appeal from any decision of an * * Inspector shall be entertained unless it is preferred within three months of the date of the communication to the appellant of the decision.

*7.* **Amount of fees.**—(1) The fees set out in Annexure II * * * shall be payable in respect of the services therein mentioned, where the tests are carried out by comparison with the Government of India Standards referred to in rule 2 (*1*).

(2) The Governor General in Council or the Local Government, as the case may be, may levy such fees for testing and inspection and generally for the services of * * Inspectors under the Act as he or it

may from time to time, by general or special order, direct; and may, if he or it think fit, remit any fee or any portion thereof.

*8.* **Incidence of fees.**—Where an * * Inspector is called in to decide any difference or dispute, and where a fee for such service is recoverable, the* * Inspector shall decide by whom such fee shall be payable.

*9.* **Submission of records.**—An * * Inspector may require a licensee and a licensee may require an * * Inspector to submit to such Inspector or licensee for examination any records of tests made in connection with the licensee's works by the licensee or the Inspector; and the licensee or Inspector shall comply with such requisition.

*10.* **List of consumers.**—An * * Inspector may require a licensee to submit to him a list of all consumers supplied with energy by him at a pressure exceeding low pressure and of the addresses at which such energy is supplied; and the licensee shall comply with such requisition.

## CHAPTER III.

### Licences.

APPLICATION FOR LICENCES.

*11.* **Applications for licence.**—(1) Every application for a licence shall be signed by, or on behalf of, the applicant and addressed to such officer as the Local Government may designate in this behalf, and it shall be accompanied by—

(*a*) six copies, in print, of the draft licence as proposed by the applicant, *with* the name and address of the applicant and of his agent (if any) * * printed on the outside of the draft;

(*b*) *three copies*, signed by the applicant, of a map of the proposed area of supply *which shall be* so marked or coloured as to define any portion of such area which is under the administration of any local authority *and shall be* on a scale—

(*i*) of not less than six inches to a mile, or

(*ii*) if no such map is available, *of* not less than that of the largest scale ordnance map available, or

(*iii*) on such scale as may be approved by the Local Government,

(*c*) a list of any local authorities invested with the administration of any portion of the area of supply;

(*d*) an approximate statement describing any lands which the applicant proposes to acquire for the purpose of the licence under the provisions of the Land Acquisition Act, 1894; [I of 1894.]

(*e*) an approximate statement of the capital proposed to be expended in connection with the undertaking;

(*f*) if the applicant is a company *which is* registered under any of the enactments relating to companies for the time being in force * * * * * * * in British India, or *in any other part of the British Empire, or is* incorporated by an Act of Parliament or of the Governor General in Council or by Royal Charter or Letters Patent, a copy of the Memorandum and Articles of Association; and

(*g*) a treasury receipt for a fee of five hundred rupees paid into a Government treasury in the province concerned, unless such fee is remitted, wholly or in part, by general or special order of the Local Government.

(2) If the application for a licence is rejected or if a licence is revoked under sub-section (3) of section 4 * * as to the whole or any part of the area of supply, the Local Government may at its discretion refund, wholly or in part, the fee referred to in clause (*g*) of sub-rule (1).

*12.* **Copies of map and draft licence for public inspection.**—The applicant shall deposit at his own office *and* at that of his agents (*if any*) and at the office of every local authority invested with the administration of any portion of the proposed area of supply—

(*a*) a copy of the map referred to in clause (*b*) of *sub-rule* (1) of rule *11* for public inspection; and

(*b*) a sufficient number of copies of the draft licence to be furnished to all persons applying for them at a price not exceeding one rupee per copy.

*13.* **Contents of draft licence.**—The draft licence shall contain the following particulars, namely:—

(*a*) a short title descriptive of the proposed undertaking, together with the address and description of the applicant, or, in the case of a firm, the names of all the individual members of the firm;

(*b*) a statement of the boundaries of the proposed area of supply;

(*c*) if the generating station is situated, or to be situated, outside area of supply or if any intervening area, not included in the area of supply, is to be crossed, a list of the streets along or across which electric supply lines are to be laid down or placed;

(*d*) the proposed conditions of supply, including *the* maximum prices, *the* nature and amount of *the* supply (if limited) and the like;

(*e*) a list of *the* streets (if any) not repairable by the Government or by a local authority and of *the* railways and tramways (if any) the soil or pavement of which the applicant seeks powers to open, *or* break up* * * and the names of the persons by whom such streets are repairable, or who are for the time being entitled to work such railway or tramway;

(*f*) the proposed periods after which the right to purchase is to take effect;

(*g*) a statement of any special terms of purchase or orders proposed to be made under section 10 * *; and

(*h*) any proposed modification of the Schedule to be made under clause (*f*) of sub-section (2) of section 3 * *.

*14.* **Form of draft licence.**—The form of draft licence set forth in Annexure III * * * may, with such variation as the circumstances of each case require, be used for the purposes of rule *11*, and, if used shall be sufficient.

*15.* **Advertisement of application and contents thereof.**—(1) The applicant shall, within fourteen days from the submission of the application under rule *11*, publish notice of his application by public advertisement, and such advertisement shall consist of—

(*a*) the draft licence,

(*b*) the addresses of the offices at which, under rule *12*, copies of the map therein referred to may be inspected and copies of the draft licence obtained.

(2) The advertisement shall be headed by a short title corresponding with that at the head of the draft licence, and shall state that every local authority, company or person, desirous of making any representation with reference to the application to the Local Government, may do so by letter addressed to such officer as the Local Government may designate in this behalf, within three months of the date of issue of the newspaper containing the first advertisement.

(3) The advertisement shall be inserted by the applicant in at least three successive issues of such newspaper as the Local Government, having regard to its circulation among persons likely to be interested, may direct, and, in the absence of any such direction, in at least three successive issues of any newspaper published within the proposed area of supply, or if there is no such newspaper, of any newspaper published within the province.

(4) The applicant shall send a copy of each of the three successive issues of the newspaper containing the advertisement to such officer as the Local Government may designate in this behalf as soon as the third issue *has appeared*, and the Local Government shall publish the advertisement * * at least *once* in the local official Gazette within *six weeks* from the date of the first advertisement published under sub-rule (3) * *.

OBJECTIONS TO LICENCE.

*16.* **Amendment of draft licence.**—* * Any person *who* desires to have any amendment made in the draft licence * * shall deliver a statement of the *amendment* to the applicant and * * to such officer as the Local Government may designate in this behalf within the time allowed under sub-rule (2) of rule *15* for the submission of representations referring to the application.

*17.* **Local inquiries.**—*If* any person locally interested objects to the grant of a licence applied for under the Act, the Local Government shall, if either the applicant or the objector so desires, cause a local inquiry to be held, of which due notice shall be given to both applicant and objector:

Provided that the Local Government may refuse such an inquiry if in its opinion the objection is of a trifling or vexatious nature.

GRANT OF LICENCE.

*18.* **Approval of draft license.**— * * When the Local Government has approved * a draft licence, either in its original form or in a modified form, such officer as the Local Government may designate in this behalf shall inform the applicant of such approval and of the form in which it is proposed to grant the licence.

*19.* **Notification of grant of licence.**—If the applicant is willing to accept the licence in the form approved by the Local Government, the Local Government shall, on receipt of an intimation in writing of such acceptance, publish the licence in the local official Gazette, and notify that it has been granted.

*20.* **Date of commencement of licence.**—The date of a notification under rule *19* shall be deemed to be the date of commencement of a licence.

*21.* **Deposit of map.**—When a licence has been granted, a map showing as regards such licence, the particulars *specified* in clause (*b*) of *sub-rule* (1) *of* rule *11* shall be signed, and dated to correspond with the date of the notification of the grant of the licence, by such officer as the Local Government may designate in this behalf and retained by him as the deposited map.

*22.* **Deposit of printed copies.**—When a licence has been granted, the licensee shall, within thirty days, deposit printed copies of the licence together with copies of the map for public inspection at his own office and at that of his agents (if any) and at the office of every local authority within the area of supply and shall furnish printed copies of the licence to all persons applying for the same at a price not exceeding one rupee per copy.

ORDERS SUPPLEMENTING OR AMENDING LICENCES.

*23.* **Application for written consent of Local Government in certain cases.**—*If* a licensee desires the written consent of the Local Government under sub-section (*5*) of section 12 * * to enable him to open or break up the soil or pavement of any street not repairable by the Government or a local authority, or any railway or tramway, *he shall apply* for such consent * * in writing to such officer as the Local Government may designate in this behalf, and shall describe accurately the street, railway, or tramway which *he* seeks power to open or break up and the names of the persons by whom such street is repairable, or who are for the time being entitled to work such railway or tramway, and the extent to which he proposes to open or break up the same.

*24.* **Amendment of licences.**—(1) No alterations or amendments in the terms and conditions of any licence shall be made under clause (*b*) of sub-section (*3*) of section 4 * * *, until they have been published by the applicant and by the Local Government; and the provisions of sub-rules (2), (3) and (4) of rule *15* shall apply to such publication.

(2) If any such alteration or amendment as is referred to in sub-rule (1) * * is made, it shall be notified by the Local Government in the local official Gazette.

## CHAPTER IV.

### Conditions of Supply by Licensee.

*25.* **Precautions against leakage before connection.**—(1) A licensee shall not connect the *apparatus* on a consumer's premises with his works unless he is reasonably satisfied that the connection will not at the time of making the connection cause a leakage from *that apparatus* exceeding one five-thousandth part of the maximum supply demanded on the consumer's premises.

(2) *If* a licensee declines to make a connection in accordance with sub-rule (1), he shall serve upon the consumer a notice stating his reason for so declining.

*26.* **Leakage on consumer's premises.**—(1) If * * * a licensee has reason to believe that *there is in the premises of a consumer* a leakage *which is* likely *to affect* injuriously * * the use of energy by the licensee or by other persons, * * * *he* may give the consumer reasonable notice in writing that he desires to inspect and test *the apparatus* belonging to the consumer. * * *

(2) If *on such notice being given*—

(*a*) the consumer does not give all reasonable facilities for inspection and testing, or

(*b*)* a leakage from the consumer's conductors exceeding one five-thousandth part of the maximum supply demanded *from* the premises is *shown to exist*,

the licensee may forthwith discontinue the supply of energy to the premises in question, giving immediate notice of the discontinuance to the consumer, and need not recommence the supply until *he is satisfied that* the cause of the leakage has been removed.

*27.* **Appeal to * * Inspector in regard to leakage.**—(1) *If* a consumer is dissatisfied with the action of a licensee under rule *25* or rule *26* in *declining to make a connection* or in discontinuing, or in not recommencing the supply of energy to his premises, * * *he may appeal to an Inspector, and the* * * Inspector or *under his orders any* other officer appointed to assist an * * Inspector *shall, on such application and on payment of the prescribed fee, test the apparatus for the existence of leakage.*

(2) Any such test as is referred to in sub-rule (1) shall be carried out within forty-eight hours of *the receipt of* the application *for it* * * or of the payment of the prescribed fee, whichever is later.

(3) If the * * Inspector or other officer, as aforesaid, on testing finds that the leakage from the consumer's conductors is less than one five-thousandth part of the maximum supply demanded on the premises, the * * Inspector shall notify the licensee, and the licensee shall, within twenty-four hours, commence or continue the supply of energy, *and shall refund the fee to the consumer.*

* * *

(*4*) This rule shall be endorsed on every notice given under the provisions of rule *25* or rule *26*.

*28.* **Declared pressure of supply to consumers.**—Before commencing to supply energy to a consumer, a licensee shall declare to the consumer the pressure at which he undertakes to * * supply *energy* and *he* shall not, without the written consent of the consumer or the previous sanction of the Local Government, vary *the pressure* by more than 5 per cent. in the case of low or medium pressure, or by more than 12½ per cent. in the case of high pressure.

*29.* **Declared frequency of supply to consumers.**—Before commencing to supply energy to a consumer by means of an alternating current, a licensee shall declare to the consumer the frequency at which he undertakes to * * supply *energy* and the *licensee* shall not, without the written consent of the consumer or the previous sanction of the Local Government, vary *the frequency* by more than 4 per cent.

*30.* **Examinations of licensee's records by consumer.**—A consumer may, after giving not less than twenty-four hours' notice to the licensee, enter any testing station established by the licensee, in accordance with clause XIII of the Schedule to the Act, and may examine the records of the tests made therein; and he may also take copies of or extracts from such records on payment to the licensee of a sum of one rupee for every such examination of a record covering a period of twenty-four hours or any part of twenty-four hours.

*31.* **Sealing of meters.**—(*1*) A licensee may affix a seal to any meter, maximum demand indicator, or other apparatus placed upon a consumer's premises in accordance with section 26 * * * , and to any cut-out placed upon a consumer's premises in accordance with rule *42* and no person *other than the licensee shall break any such seal.*

(*2*) *The consumer shall use all means in his power to ensure that no seal affixed to any meter, maximum demand indicator, or other apparatus placed on his premises in accordance with section 26 is broken otherwise than by the licensee.*

(*3*) *Notwithstanding anything contained in sub-rules* (*1*) *and* (*2*), *where a meter is the property of the consumer, the consumer may break the seal on such meter forty-eight hours after giving notice in writing to the licensee of his intention so to do.*

*32.* **Limits of errors in the meters.**—The limits of error permissible in a meter placed upon a consumer's premises in accordance with section 26 * * are for the purposes of that section the following, namely:—

(*a*) where the meter is of a type included in the "British Standard Specification for Electricity Meters; No. 37" dated 1930, the the limits of error laid down in that Specification;

(*b*) where the meter is of any other type, it shall not register more than 3 per cent. above or below absolute accuracy at all loads in excess of one-tenth of full load and up to full load;

(*c*) no meter shall register at no load.

*33.* **Conditions for maximum demand indicators.**—The conditions with which a maximum demand indicator or other apparatus placed

upon a consumer's premises in accordance with section 26 * * shall comply are for the purposes of that section the following, namely:—

(*a*) it shall not register more than 3 per cent. above or below absolute accuracy at all loads in excess of one-tenth of full load and up to full load;

(*b*) it shall not register at no load.

*34.* **Sale of plans.**—Copies of plans or sections such as are referred to in clause XVI of the Schedule to the Act shall be supplied by the licensee to every applicant at a price not exceeding one rupee per square foot.

*35.* **Point of commencement of supply.**—The point at which the supply of energy by a licensee to a consumer shall be deemed to commence shall—

(*a*) where the amount of energy supplied to a consumer or the electrical quantity contained in the supply is ascertained by meter, be in respect of a conductor from the service-line which passes through the meter the point at which such conductor enters the meter, and in respect of a conductor from the service-line which does not pass through the meter, the point on such conductor nearest to the meter,

(*b*) where the amount of energy supplied to a consumer or the electrical quantity contained in the supply is not ascertained by meter, be the point at which the cut-out is inserted in the service-line by the licensee in accordance with rule *42*.

ACCOUNTS AND FORMS.

*36.* **Preparation and submission of accounts.**—(1) Every licensee unless exempted in accordance with section 11 * * * , shall cause the accounts of his undertaking to be made up to the thirty-first day of December or the thirty-first day of March, at the option of such licensee, or to such other date as the Local Government may approve.

(*2*) Such licensee shall prepare and render an annual statement of his accounts in accordance with the provisions of * * section *11* within a period of six months from such date as aforesaid, or such extended period as the Local Government may authorise after it is satisfied that the time allowed is insufficient owing to any cause not within the control of the licensee.

(3) The accounts shall be made up as far as circumstances permit in one or other of the prescribed forms set out in Annexures IV and V * * * according as the licensee is or is not a local authority and may, at the option of the licensee, be rendered either in British Indian or in British sterling currency:

Provided that the Local Government may, by special or general order, direct that the accounts of any undertaking shall be made up in any form it may direct in such order.

*37.* **Forms of certain requisitions.**—Requisitions under sub-clause (*4*) of clause V or sub-clause (*5*) of clause VI, as the case may be, of the Schedule to the Act shall be made in the form set out in Annexure VI or Annexure VII * * *.

## CHAPTER

## *General* precautions for the safety of the Public.

GENERAL.

38. ***Instructions for restoration of persons suffering from electric shock.***—(1) Instructions, both in English and in the vernacular of the district, for the restoration of persons suffering from electric shock, shall be affixed *by the owner* in a conspicuous place in every generating station, * sub-station, *place, or factory, in which energy is generated, transmitted, controlled, or used, and in such other places as an Inspector may direct.*

* * (2) Copies *of the instructions* shall be *supplied on demand by* every * * Inspector at a price to be fixed y the Local Government.

39. ***Instruction in artificial respiration.*** *—Licensees and non-licensees shall arrange for all authorised persons employed by them to be properly instructed in the practice of applying artificial respiration.*

* * * * * * *

40. **Protection from lightning.**—*Licensees and non-licensees* shall adopt efficient means for protecting any portion of an electric supply-line or any support, guard-wire or bearer-wire of an electric supply-line which is exposed in such a position as to be liable to injury from lightning.

41. **Responsibility of licensees for *their* works on consumers' premises.**—*Licensees shall *ensure* that all electric suply-lines *or* * apparatus belonging to *them*, or under *their* control, which *are* on a consumer's premises, are maintained in a safe condition and shall take * due precautions to avoid *the* risk of * fire *arising* on such premises *from such* * supply-lines * or apparatus * .

42. **Cut-out on consumers' premises.**—A licensee shall *provide* a suitable cut-out in each *conductor of every* service-line (other than an earthed neutral conductor or the earthed external conductor of a concentric cable) within a consumer's premises, in an accessible position as close as possible to the point of entry. Such cut-out shall be contained within an adequately enclosed fire-proof receptacle: *

Provided that, where more than one consumer is supplied through a common service-line, each individual consumer, if he so requires, shall be given an independent cut-out at the point of junction to the common service.

*43.* **Service-line on consumers' premises.**—The following provisions shall *be observed on the premises of all consumers, namely*:—

(1) *Service* lines *which are* underground *or which are accessible without the aid of a ladder or other special appliance* and all apparatus in connection therewith placed by a licensee shall be so insulated and protected *by the licensee* as to be secure under all ordinary conditions against electrical, mechanical, chemical, or other injury to the insulation, and against access of moisture.

* * * * *

(2) *The licensee shall ensure that no* metal forming part of the electric circuit of any such line *is so* exposed * that it can be touched, *unless it is connected with earth.*

* * *

*44.* ***Accessibility of bare conductors.***—Where bare conductors are used in a building, *owners shall ensure that* they *are* inaccessible without the aid of a ladder or other special appliance and shall *provide switches* for rendering them dead whenever necessary.

*45.* ***Repairs to apparatus.*** —No repair of any part of any * apparatus shall be effected, while the part is charged to a pressure exceeding low pressure, except by an authorised person.

*46.* ***Supply to vehicles, etc.*** —*Every person* * supply*ing* * energy to *a* vehicle, travelling crane or the like shall *ensure that it is* * efficiently controlled by a suitable switch *enabling* all pressure *to* be cut off * * *and where such vehicles, travelling cranes or the like run on metal rails, the owner shall ensure that the rails are electrically continuous and earthed.*

*47.* ***Cables for portable motors.***—Trailing cables * * shall *not* be *used for portable motors unless they are* specially flexible, heavily insulated and protected from mechanical injury; where the protection is by means of metallic covering, the covering shall be in metallic connection with the frame of the motor.

PRECAUTIONS TO BE ADOPTED BY CONSUMERS AND OWNERS, ELECTRICAL CONTRACTORS AND ELECTRICAL WORKMEN.

*48.* **Precautions to be adopted by consumers and owners, electrical contractors and electrical workmen.**—

(1) No * * * additions, alterations, repairs *or* adjustments to, *or other work on* existing *electrical* installations, except such replacement of lamps, fans, fuses, switches and other component parts of the installation as in no way alters *its* capacity *or* character * * * shall be carried out upon the premises or on behalf of any consumer or owner for the purposes of the supply of energy to such consumer or owner, except by an electrical contractor licensed by the Local Government in this behalf and under the direct supervision of a person holding a certificate of competency issued by the Local Government:

Provided that, the Local Government may by notification in the local official Gazette exempt any such description of work * * * either generally or in the case of any specified class of consumers or owners from so much of this sub-rule as requires such work to be carried out by an electrical contractor licensed by the Local Government in this behalf.

(2) This rule shall come into force in any province or part thereof on such date as the Local Government may by notification in the local official Gazette appoint.

ELECTRIC SUPPLY-LINES AND APPARATUS.

*49.* **Maintenance.**—*The owner of* every electric supply-line shall *maintain it* in a safe condition * * both electrical*ly* and mechanical*ly*. * * *

*50.* **Accidental charge.**—*The owners of all circuits and apparatus shall so arrange them* that there shall be no danger of any part thereof becoming accidentally charged to any pressure beyond the limits of pressure for which it is intended.

*51.* ***Switches to be on the live wire:*** —*(1) In any case where the conductors brought by the licensee to the point of commencement of supply include an earthed neutral conductor, the supply of energy shall not be commenced, or continued, until or unless the following provisions have been or are complied with, namely:—*

*(a) An indication of a permanent nature shall be provided by the licensee at or near the point of commencement of supply to enable such neutral conductor to be distinguished from any live conductor at that point, and no singlepole switch shall be inserted by the licensee in such conductor or any branch thereof except as hereinafter provided by this rule.*

*(b) A similar indication shall be separately provided by the consumer to indicate that conductor, forming part of his system, which is to be connected to the earthed neutral conductor at the point of commencement of supply.*

*(2) In no case referred to in sub-rule (1) shall the consumer insert any singlepole switch or cut-out or permit such switch or cut-out to be or to remain inserted in any conductor referred to in sub-rule (1) (b):*

*Provided that, in the case of consumers systems connected to the licensee's main prior to* (a date three months after the final promulgation of this rule) *no penalty shall attach to any breach of this rule occurring before* (a date twelve months after the expiration of the period of three months mentioned above).

*(3) Notwithstanding the provisions of sub-rule (1) (a) of this rule, certain apparatus may be connected in an earthed neutral conductor as follows:—*

*(a) A link may be inserted for testing purposes, or a switch for use in controlling a generator or transformer.*

*(b) A switch or link may be inserted in the connection between the neutral conductor and earth at a generating station or substation for use in testing and emergencies only.*

52. **Crossing metallic substances.**—(1) Where an electric supply-line crosses, or is in proximity to, any metallic substance, *the owner of the supply-line shall take* such precautions as an * * Inspector may approve * * against the possibility of the metallic substance becoming charged.

(2) * * Where *such metallic substance is introduced after* the electric supply-line *has been* laid or erected, * * the cost incurred in taking such precautions shall be refunded to the * * owner *of the electric supply-line* by the *owner of* the metallic substance * *.

53. **Cut-out.**—*The owner of* every electric supply-line (other than the earthed neutral conductor of any system or the earthed external conductor of a concentric cable) shall *protect it* * * * by a suitable cut-out.

54. **Metal casings.**—All metal casings or metallic coverings containing or protecting any electric supply-line or apparatus shall be connected with earth by the *owner*, and shall be so joined and connected across all junction-boxes and other openings as to make good mechanical and electrical connection throughout their whole length:

Provided that this rule shall not apply to isolated wall tubes or to brackets, electroliers, standards, switch or fan regulator covers or other fittings (other than portable hand lamps in factories) where the supply is *at* low pressure.

55. **Connection with earth of frames of generators, etc.**—The frame of every generator, stationary motor, and, so far as is practicable, portable motor, and the metallic parts (not intended as conductors) of all transformers and regulating or controlling apparatus connected with the supply, shall be connected *by the owner* with earth by two separate and distinct connections * *.

56. ***Control of energy.***—*(1) The supply of energy at any pressure to every stationary motor, and, so far as is practicable, to every portable motor, shall be efficiently controlled by suitable linked switches of requisite capacity to carry and break the current in each conductor simultaneously placed near the motor in such a position as to be readily handled by an operator, so that by their means all pressure can be cut off from the motor concerned and from any device in connection therewith.*

*(2) The linked switches referred to in sub-rule (1) shall be mounted in one box and shall be protected by a mechanically strong metal casing or metallic covering securely fastened throughout:*

*Provided that, in places other than factories, if the supply is at low pressure, the protecting covering may consist of stout and durable insulating material, but it shall be so constructed that no metal parts shall be exposed.*

*(3) Except in cases where—*

*(a) the motors are switched direct on to the supply-lines without the use of a starting switch or other such device, or*

*(b) the motors use energy at a rate not exceeding 250 watts,*

*the linked switches specified in sub-rule (1) shall be in addition to, and entirely separate from, any starting switch or other device used in connection therewith.*

*57.* **Junction-boxes.**—The *owners* of all junction-boxes or *of* pillars in any street shall *secure their doors and covers in such a manner* that they can * * be opened *only* by means of a special appliance.

*58.* **Connection with earth of a multi-wire system.**—In every distributing system in which there is a neutral conductor, where the pressure between the neutral conductor and an outer or phase conductor exceeds 125 volts, the neutral conductor shall be connected with earth by two separate and distinct connections * * from the neutral bus-bar and in accordance with the following provisions, namely:—

(*a*) the connection * * * shall be made at one point only on each distinct system, namely, at the generating station or sub-station, or both, as the case may be, and the insulation of the system shall be maintained at all other parts;

(*b*) the connection * * * shall not be made by the aid of, nor shall it be in contact with any water-main, gas-main or similar main not belonging to the licensee or *non-licensee*, as the case may be, except with the consent of the owner thereof and of the * * Inspector; a resistance, not exceeding 20 ohms, may be inserted between the neutral bus-bar and earth, and, if so inserted, it shall be of sufficient cross-sectional area to carry the current which would pass should an outer or phase conductor become accidentally connected with earth;

(*c*) the connections * * shall not be removed except for the purpose of testing, in which case it shall be made good again as soon as such test is finished, and a record of any such disconnection shall be kept by the licensee or *non-licensee*, as the case may be;

(*d*) * * the * * connection shall not be removed in a licensee's system except between 1 A.M. and 3 A.M., and, in a *non-licensee's* system, while the generator is in operation or energy is being used;

(*e*) the current from the neutral conductor to earth shall, in the case of a licensee's direct current-distributing system, be continuously recorded, and, if at any time it exceeds one-thousandth part of the maximum supply current, steps shall immediately be taken to improve the insulation of the system.

*59.* **Connection with earth of polyphase system.**—The neutral point of the star-winding of each distinct polyphase multi-wire system may be either connected with earth or insulated.

*60.* **Connection with earth of concentric conductors.**—(1) When concentric conductors are used, *the owner shall maintain the insulation* throughout, except that the external conductor may be connected with earth at one point:

Provided that, where energy is generated by *a non-licensee exclusively* for use on his own premises a concentric conductor, the external conductor of which is uninsulated and earthed, may be used.

(2), When the external conductor is bare and uninsulated, *the owner shall ensure that it is* connected with earth, * * and no switch, cut-out or circuit breaker shall be inserted in that conductor or in any conductor connected thereto.

*Exception.*—Switches, cut-outs or circuit breakers may be used to break the connection with the generators or transformers supplying energy; provided that in no case of bare external conductor the connection of the conductor with the earth is thereby broken.

## CHAPTER VI.

## *Supply at* Medium or High Pressure.

**61. *General precautions applicable to* supply at medium or high pressure.**—*Where a licensee proposes to supply or use energy at medium or high pressure, he shall give notice to an Inspector and shall not commence or continue the supply unless and until he has complied with the following provisions,* namely:—

(*a*) all live parts of apparatus shall, unless accessible only to, and under the control of, an authorised person, be protected by, mechanically strong metal casing or metallic covering securely fastened throughout;

(*b*) suitable linked switches, of requisite capacity to carry and break the current, shall be inserted in each conductor, near the point of origin of the consumer's * * premises * *;

(*c*) every conductor, unless accessible only to an authorised person, shall be, as far as is practicable, completely enclosed in a mechanically strong metal casing or metallic covering, securely fastened throughout or fixed in such other manner as may be approved in writing by an * * Inspector;

(*d*) the supply to every apparatus shall be efficiently controlled by suitable linked switches, of requisite capacity to carry and break the current in each conductor, placed near the apparatus in such a position as to be readily handled by the operator, so that by their means all pressure can be cut off from the apparatus concerned and from any device in connection therewith;

(*e*) the word "*DANGER*", both in English and in the vernacular *of the district, and the lightning mark shown below* shall be *fixed permanently* in a conspicuous position, *where possible, on** every generator * * * *and* every motor, and every controlling or regulating apparatus in connection with the same:

*Provided that where it is not possible to affix them on the generator, motor, or apparatus, they shall be fixed as near as possible.*

*62.* **Introduction of multi-wire system to buildings.**—Where the conductors of a multi-wire system between any of which there is medium or high pressure, are brought into a building for utilization at low pressure, *the supplier shall deliver the supply* to two or more pairs of terminals, and the wiring from those terminals shall be kept separate and distinct. If in any such case, two or more switches, terminals or cut-outs between any of which there is a difference of pressure exceeding 250 volts, are fitted within reach of one another, all their live parts shall be accessible only to authorised persons.

*63.* **Main switchboard.**—*The owner of every main switchboard connected with a supply of energy at* medium or high *pressure* *shall *comply with the following provisions, namely:*—

(*a*) A space of not less than 3 feet in width *shall be provided in front of the switchboard.*

**(*b*) If there are any attachments or bare connections at the back of the switchboard, the space (if any) behind the switchboard shall be either less than 9 inches, or more than 30 inches in width, measured from the furthest outstanding part of any attachment or conductor.

(*c*) If the space behind *the switchboard* exceeds 30 inches in width, there shall be a passage-way clear to a height of not less than 6 feet, save as regards any horizontal supports of the switchboard, which may be placed at a height of not less than 4 feet 6 inches.

*64.* **Distinction of circuits of different pressure.**—*The owner of* every generating station, sub-station, junction-box or pillar in which there are any circuits or apparatus, intended for medium as well as high pressure, *shall ensure that* the respective circuits *are* readily distinguishable from one another.

* * * *

*65.* **Approval of high pressure supply.**—(1) *No licensee or non-licensee shall deliver a high pressure supply* to any person, other than a distributing licensee, except with the approval in writing of an * * Inspector, and subject to such conditions (if any) as such Inspector may think reasonable and proper in the circumstances, and the installation shall not be brought into use until it has been inspected by an * * Inspector or other officer appointed to assist an * * Inspector.

(2) Where energy is to be used by an owner at high pressure, the installation shall not be brought into use except with the approval in writing of an * * Inspector and subject to such conditions (if any) as he may think *fit*.

(3) When the position of a high pressure motor or other apparatus is changed, notice shall forthwith be given to the * * Inspector showing the extent and nature of the change of position.

*(4) The owner of any high pressure installation who makes any such alterations in or additions to the installation as affect the supply shall not utilize the alterations or additions for the purposes of supply unless and until they have been approved by an Inspector.*

*66.* **Testing of insulation of high pressure circuit.**—(1) *The owner of* a high pressure circuit, other than an aerial line, shall not *bring it* into use unless the insulation of *supply-line, machine, device or apparatus pertaining thereto* has withstood the continuous application, during one minute, *of the testing pressure given in sub-rule* (2); * * * and the * * * owner * * * shall duly record the results of each test and shall forward *them* to an * * Inspector.

(2) *For the purposes of sub-rule* (1)—

(*a*) *if the normal working pressure does not exceed 1,000 volts the testing pressure shall be 2,000 volts,*

(*b*) *if the normal working pressure exceeds 1,000 volts but does not exceed 10,000 volts, the testing pressure shall be double the normal working pressure,*

(*c*) *if the normal working pressure exceeds 10,000 volts the testing pressure shall be the normal working pressure* plus *10,000 volts*:

Provided * * that an * * Inspector may, if he thinks fit, accept the manufacturer's certified tests *in place of the tests required by* this rule.

* * *

*67.* ***Charge of high pressure supply-line.*** —A high pressure electric supply-line shall, during its use, continue in the sole charge of an authorised person.

*68.* **High pressure electric supply-lines and apparatus placed above ground.**—(1) *The owner of all* high pressure apparatus, including every portion of any high pressure electric supply-line (other than an aerial line) placed above the surface of the ground, *unless it is* in a sub-station, or in a compartment specially arranged for the purpose and accessible only to authorised persons, shall *ensure that it is* completely enclosed in, or protected by, a mechanically strong metal casing or metallic covering securely fastened throughout.

(2) *The owner of* all circuits and apparatus *connected with any high pressure apparatus to which sub-rule* (1) *is applicable shall ensure that they are* marked at frequent intervals with the word *"DANGER"*, both in English and in the vernacular *of the district and with the lightning mark prescribed in rule 61. All supports for aerial lines shall be similarly marked.*

## CHAPTER VII.

### Aerial Lines. * * *

*69.* **Minimum strength of conductors of aerial lines.**—*The owner* of an aerial line shall *not use it for the supply of energy unless each conductor has a* breaking-stress *of not less* than 700 lbs.:

Provided that, where *the pressure is low and* the span is *of* less than 50 feet and *is* on *the* owner's premises, * * * a conductor having a breaking-stress of not less than 300 lbs. may be used.

*70.* **Maximum intervals between supports.**—*The owner of an aerial line shall ensure that the conductors are* attached to supports at intervals, not exceeding the safe limits based on the breaking strain of the conductor and the factor of safety prescribed in rule *72*:

Provided that where such a line is erected in, over, along or across any street, the interval shall not, without the consent in writing of the * * Inspector, exceed 220 feet.

*71.* **Connection with earth of metal supports *and stay wires.***—*(1) The owner of every aerial line supported by metal supports shall ensure that these supports are permanently and efficiently earthed. For this purpose a continuous earth wire securely clamped to each support and connected with earth at every seventh support shall be provided, or, alternatively, each support shall be connected to an effective earthing device.*

*(2) Where the pressure between any conductor of an aerial line and earth exceeds 250 volts direct current or 125 volts alternating current, all stay wires other than those which are connected with earth by means of a continuous earth wire, shall be insulated to prevent danger from leakage. For this purpose an insulator shall be placed in each stay wire at a height of not less than ten feet from the ground.*

*72.* **Factors of safety.**—*(1) The owner of every* aerial line shall *ensure that it has the following factors of safety*:—

(*i*) for *metal* supports, at least *2·5*;

(*ii*) for *other* supports, at least *3·5*;

(*iii*) for guard-wires or bearer-wires, at least *3*;

(*iv*) for conductors, at least *2*;

under all conditions, *and that the strength of support in the direction of the line is not less than one-fourth of the strength required in a direction transverse to the line.*

*(2) For the purpose of calculating the factors of safety*:—

(*a*) the maximum wind pressure *shall be* specified by the Local Government in each case;

(*b*) for cylindrical bodies the effective area shall be taken as two-thirds of the sectional area exposed to wind pressure;

(*c*) *for lattice steel or other compound structures the wind pressure on the lee-side members shall be taken as one-half of the wind pressure on the windward side members, and the factor of safety shall be calculated on the crippling load of struts and upon the elastic limit of tension members;*

(*d*) *the temperature shall be taken as 32°F. or such other temperature as the Local Government may specify.*

(*3*) *Notwithstanding anything in sub-rules (1) and (2),* in localities where aerial lines are liable to accumulations of ice or snow, the Local Government may, by order in writing, specify such factor of safety as it may think fit and the conditions under which it is to be calculated.

*73.* **Height from ground and distance from buildings.**—(1) *The owner of any aerial line shall ensure that every* conductor of *the* line (not being a trolley-wire or a traction-feeder on the same support as a trolley-wire) * * * shall be—

(*a*) at *least 20 feet above* the ground *where it is over any part of a street or other public place;*

(*b*) * * * *in*accessible, either from the ground or from any building or structure, whether permanent or temporary, except by the aid of a ladder or other special appliance.

(*2*) (*a*) If, at any time subsequent to the erection of an aerial line, any person proposes to erect a new building or structure, whether permanent or temporary, or to make in or upon any building or structure any permanent or temporary addition or alteration, he shall, if such building, structure, addition or alteration would render the aerial line accessible otherwise than by the aid of a ladder or other special appliance, give notice in writing of his intention to the *owner*, and to the * * Inspector and shall furnish therewith a scale drawing showing the proposed building, structure, addition or alteration and the scaffolding required during its construction, and shall not commence work upon the building, structure, addition or alteration until the * * Inspector has certified that neither during nor after the execution of the work will the aerial line be so accessible.

(*b*) On receipt of such notice the *owner* shall, without undue delay, so alter the aerial line as to ensure that it will not be accessible, in such a manner as to contravene the provisions of sub-rule (*2*), either during or after the execution of the work, and may *recover, from the person from whom the notice was received, the cost of such alterations which shall be deemed to include the following items, namely*:—

(*i*) *the cost of additional material used on the alteration,*

(*ii*) *the wages of labour employed in effecting the alteration,*

(*iii*) *supervision charges to the extent of 15 per cent. of item (ii), and*

(*iv*) *any charges recovered from the owner by a local or road-repairing authority for repairs to a road or foot-path impaired by the alteration*:

Provided that the *owner* may, before so altering the aerial line, require the person from whom the notice was received to deposit the estimated cost of such alteration:

Provided further that an * * Inspector may, if he is satisfied that the aerial line has been so guarded as to secure the protection of persons and property from injury or risk of injury, permit the work to be executed prior to, or, in the case of a temporary addition or alteration, without the alteration of the aerial line.

(*3*) Where an aerial line is on a consumer's or an owner's premises, the height from the ground or from any mineral or refuse dump and from parts of buildings or structures to which persons have access shall, unless the conductors are adequately guarded, be not less than 15 feet or such greater height as may be necessary to prevent danger.

*74.* ***Conductors at different pressures on same supports.***— *Where line conductors forming parts of systems at different pressures are erected on the same supports, the owners shall make adequate provision to guard against danger to linesmen and others from the lower pressure system being charged above its normal working pressure by leakage from or contact with the higher pressure system; and the type of construction clearances between the conductors of the two systems shall be subject to the prior approval of an Inspector.*

*75.* **Safety devices.**—(1) *The owner of* every aerial line (not being suspended from a dead bearer-wire and not being a trolley-wire) erected * over * * any *part of a* street *or other public place* or in any factory or mine *or on any consumer's premises* shall * protect *it* with a device approved by an * * Inspector for rendering *the* line electrically harmless in case it breaks.

(*2*) *The owner shall similarly protect* every such aerial line on * * *his* premises *, if the pressure exceeds the limits of low pressure * *.

*76.* **Lines crossing or approaching each other.**— * * *

(*1*) Where an aerial line crosses or is in proximity to (*i*) any telegraph wire, or (*ii*) an aerial line belonging to some other person, the *owner* shall ensure that his aerial line is so protected as to guard against the possibility of it coming into contact with the telegraph wire or other aerial line.

(*2*) Within twenty-one days of receiving notice that a new telegraph wire or aerial line *has been, is being* or is about to be, erected in proximity to his aerial line, the *owner* shall *provide* the protection referred to in *sub-rule* (*1*).

(*3*) Where the *owner* erects a new aerial line in proximity to any telegraph wire, or to any aerial line not belonging to him, he shall not bring the *line* into use until he has complied with *sub-rule* (*1*).

(*4*) In all cases referred to in the preceding sub-rules the protection shall be carried out at the expense of the person whose line is last erected and to the satisfaction of the * * Inspector.

(5) Where lines cross each other, the crossing shall be made in a direction as nearly at right angles as the nature of the case admits.

(6) All guarding arrangements should ordinarily be erected on the posts of the *owner* who shall, in that case, be responsible for their efficient maintenance.

77. ***Lines crossing trolley-wires.*** —In the case of a crossing over a trolley-wire the guarding *shall fulfil* the following conditions, namely:—

(1) Where there is only one trolley-wire, two guard-wires shall be erected as in *the appended* diagram A.

(2) Where there are two trolley-wires and the distance between them does not exceed 15 inches, two guard-wires shall be erected as in *the appended* diagram B.

(3) Where there are two trolley-wires and the distance between them exceeds 15 inches but does not exceed 48 inches, three guard-wires shall be erected as in *the appended* diagram C.

(4) Where there are two trolley-wires and the distance between them exceeds 48 inches, each trolley-wire shall be separately guarded as in *the appended* diagram D.

(5) The rise of the trolley boom shall be so limited that, if the trolley leaves the trolley-wire, it shall not foul the guard-wires.

(6) Where a telegraph-wire is liable to fall or be blown down upon an arm, stay-wire or span-wire, and so slide down upon a trolley-wire, guard hooks shall be provided to prevent such slidings.

78. ***Guard wires.***—(*1*) * * * Every guard-wire shall be connected with the earth at each point at which its electrical continuity is broken and, in the case of electric traction-lines, shall also be connected at intervals of not more than five spans, with the rails.

(*2*) Every guard-wire shall have a breaking-stress of not less than 1,500 lbs., and shall, if made of iron or steel, be galvanised.

(*3*) Every guard-wire, or cross-connected system of guard-wires, shall have sufficient current-carrying capacity to ensure the rendering dead, till the contact has been removed, of any live wire coming into contact with it, without risk of fusing of the guard-wire or wires.

(*4*) Every guard-wire or system of guard-wires and its supports shall have sufficient strength to carry without breaking the extra load which may be put on *them* by the fall of any or all the wires guarded.

79. ***Alternative methods of guarding.***—Alternative methods of guarding may be substituted *for those required by rule 77 and rule 78* with the approval of *an* * * Inspector.

*80.* **Service-lines from aerial lines.**—No service-line or tapping shall be taken off an aerial line *except* at a point of support.

*81.* **High pressure aerial lines.**—*The owner of* high pressure aerial lines shall not *bring them* into use until they have been approved by an * * Inspector, and *shall, when they are in use,* * * make arrangements * * to prevent any person from climbing up any of the supports without the aid of a ladder or special appliance.

*82.* **Suspending of aerial lines.**—*The owner of* every aerial line *which* is covered with insulating material shall *ensure that it is* efficiently suspended from a bearer-wire or bearer-wires, by means of insulating hangers at distances of not more than 3 feet apart; and every bearer-wire, if made of iron or * steel, shall be galvanised.

*83.* **Unused aerial line.** * * * *—Where an aerial line erected in, over, along or across any street *or other public place,* ceases to be used as an electric supply-line, *the owner* shall * maintain * *it* in a safe mechanical condition in accordance with * * * rule *72,* or, if so required by an * * Inspector, *shall remove it* within * * fourteen days *of the receipt* of such Inspector's requisition * *.

## CHAPTER VIII.

### Electric Traction.

*84.* **Additional rules for electric traction.**—(*1*) *The* rules *in this Chapter* apply *only where* energy *is* used for purposes of traction:

*Provided that nothing in this Chapter shall apply to energy used for the public carriage of passengers, animals or goods on, or for the lighting or ventilation of the rolling-stock of, any railway or tramway subject to the provisions of the Indian Railways Act, 1890.* [IX of 1890.]

(2) *In this Chapter* the conductor used for transmitting energy to a vehicle is referred to as the "line", and the other conductor as the "return".

(3) *The owner of the line, return, rails or trolley-wire, as the case may be, shall be responsible for the due observance of rules 85, 86, 87, 90, 91, 93, 94, 95 and 96.*

*85.* **Pressure of supply to vehicle.**—* * *No person shall supply energy at high pressure* on any trolley-wire or other conductor used in direct electrical and mechanical connection with any vehicle, * * * except with the written approval of the Local Government and subject to such conditions * * as the Local Government may think reasonable and proper in the circumstances.

*86.* **Insulation of lines.**—* * Every line shall be insulated throughout. * * *

*87.* **Insulation of returns.**—(*1*) Where any rails on which cars run, or any conductors, laid between or within three feet of such rails, form any part of a return, such part may be uninsulated. All other returns or parts of a return shall be insulated, unless *they are* of such conductivity as to secure the conditions required by rule *88 (2)*.

* * * (*2*) Where any part of a return is uninsulated, it shall be connected with the negative terminal of the generator.

*88.* ***Proximity to metallic pipes, etc.*** —(*1*) Where * * * *an* uninsulated return is in proximity to any metallic pipe, structure or substance, not belonging to *the owner of the return*, he shall, if so required by the *owner of* such pipe, structure or substance * *, connect his return therewith at the *latter's* expense.

* * (*2*) Where the return is partly or entirely uninsulated, the owner shall, in the construction and maintenance of his system, adopt such means for reducing the difference produced by the current between the potential of the uninsulated return at any one point and the potential of the uninsulated return at any other point as to ensure that the difference of potential beween the uninsulated return and any metallic pipe, structure or substance in the vicinity shall not exceed four volts, where the return is relatively positive, or one and one-third volts, where the return is relatively negative.

(*3*) The *owner of* any such pipe, structure, or substance as is referred to in sub-rule (*2*) * * may, in respect of *it* require the owner of the uninsulated return at reasonable times and intervals, to ascertain by test in his presence, or in that of his representative, whether the condition specified in * * sub-rule (*2*) is *fulfilled*; and, if such condition * * is found to be *fulfilled*, all reasonable expenses of, and incidental to, the carrying out of the test shall be borne by the owner of the * * pipe, structure or substance.

*89.* **Difference of potential on return.**—Where the return is partly or entirely uninsulated, the owner shall keep a continuous record of the difference of potential, during the working of his system, between every junction of an insulated return with an uninsulated return and the point on the route most distant from that junction, and the difference of potential shall not, under normal running conditions, exceed a

mean value between the highest momentary peak and the average for the hour of maximum load of seven volts.

*90.* **Leakage on conduit system.**—Where both the line and the return are placed within a conduit, the following conditions shall be *fulfilled* in the construction and maintenance of the system:—

(*a*) Where the rails are used to form any part of the return, they shall be electrically connected, at distances apart of not more than 100 feet, with the conduit by means of copper strips having a cross-sectional area of at least one-sixteenth of a square inch or by other means of equal conductivity. Where the return is wholly insulated and contained within the conduit, the latter shall be connected with earth at the generating station or sub-station through an instrument suitable for the indication of any contact or partial contact of either the line or the return with the conduit.

(*b*) The leakage-current shall be ascertained daily, before or after the hours of running, when the line is fully charged; and, if at any time it is found to exceed one ampere per mile of single tramway track, the transmission and use of energy shall be suspended unless the leakage is stopped within twenty-four hours.

*91.* **Leakage on other than conduit system.**—Where both the line and the return are not placed within a conduit, the leakage-current shall be ascertained daily before or after the hours of running, when the line is fully charged; and if at any time it is found *to* exceed one-half of an ampere per mile of single tramway track, the transmission and use of energy shall be suspended unless the leakage is stopped within twenty-four hours.

*92.* **Passengers not to have access to electric circuit.**—Precautions to the satisfaction of an * * Inspector shall be taken by the owner of every vehicle to prevent—

(*a*) the access of passengers to any portion of the electric circuit where there is danger * * of *their* receiving an electric shock;

(*b*) any metal handrail or other metallic substance liable to be handled by passengers becoming charged.

*93.* **Current density in rails.**—Where * rails on which cars run are used as a return, the current density in such rails shall not, under ordinary working conditions, exceed nine amperes per square inch of cross-sectional area.

*94.* **Isolation of sections.**—Every trolley-wire shall be constructed in sections not exceeding one mile in length, and means shall be provided for isolating each section.

*95.* **Minimum size and strength of trolley-wire.**—No trolley-wire shall be of less cross-sectional area than eight one-hundredths of a square inch *or* shall * have a * breaking-stress *of less* than 4,500 lbs.

*96.* **Height of trolley-wire and length of span.**—A trolley-wire or a traction-feeder on the same supports as a trolley-wire shall nowhere be at a height from the surface of the street of less than 17 feet, except

where it passes under a bridge or other fixed structure, or through or along a tunnel or mine-shaft or the like, in which case it shall be suspended to the satisfaction of an * * Inspector. The intervals between the supports shall not exceed 140 feet.

*97.* **Records.**—(1) The owner shall, so far as is consistent with his system of working, keep the following records, namely:—

(*a*) daily records showing—

the maximum working current from the source of supply;

the maximum working pressure at the source of supply;

*the* difference of potential, as required by rule *89*; and

the leakage-current (if any), as required by rule *90* and rule *91*.

(*b*) occasional records showing—

every test made under rule *88*;

every stoppage of leakage, together with the time occupied; and

particulars of any abnormal occurrence affecting the electrical working of the system.

(2) These records shall be open to inspection by an * * Inspector or by any person authorised in writing by an * * Inspector.

## CHAPTER IX.

## *Additional precautions to be adopted in* Mines and Oil-fields.

*98.* ***Application of Chapter.***—(*1*) *The rules in this Chapter* apply *only*:—

(*a*) *Where* energy is used in mines where the provisions of Part III of the Act apply; and

(*b*) *Where* energy is used in oil-fields.

(*2*) In the case of *mines the rules in this Chapter* do not apply in the case of apparatus used above ground, *excepting* such *apparatus* as may directly affect the safety of persons below ground.

*99.* **Responsibility for observance.**—(1) It shall be the duty of the owner, agent, or manager of the mine or of the agent of any company operating in the oil-field, or of the owner of one or more drilled wells situated in the oil-field to comply with and enforce the following rules and it shall be the duty of all persons employed to conduct their work in accordance with the rules.

(2) An authorised person shall be on duty in every mine or oil-field while energy is being used therein.

*100.* **Notices.**—(*1*) On or before the first day of February in every year *in every oil-field returns* giving the size and type of apparatus and any particulars as to the circumstances of its use which may be required by the person to whom the return is to be sent shall be sent by the persons specified in rule *99* in the form set out in Annexure IX * * *.

(*2*) This rule *does* not apply to telephones and signalling apparatus or to low pressure installations for lighting only.

*101.* **Plans.**—(1) A proper plan on the same scale as the plan kept at the mine in fulfilment of the requirements of the Indian Mines Act, 1923, shall be kept in the office at the mine showing the position of all fixed apparatus and conductors in the mine, other than lights, telephones or signalling apparatus, or cables for the same. * * * [IV of 1923.]

(2) A similar plan, on a scale *of* not less than sixteen inches to the mile, shall be kept by the manager or owner of one or more wells in any oil-field, showing similar particulars. * * * *

(3) A similar plan, on such scale as the Local Government may require, shall be kept in the office of the licensee or person transmitting or distributing energy in a mine or oil-field, showing the position of all electric supply-lines under his control. * * *

(4) *The plans required by this rule* shall be corrected every six months, and the *dates* of correction entered on *them* by the Manager of the mine *or wells or the owner of the wells*, and *they* shall be produced to an * * Inspector or an Inspector of Mines at any time on his request.

*102.* **Lighting, communications and fire precautions.**—(1) * * In a mine lighted by electricity, * * one or more safety lamps or other proper lights shall be kept continuously burning *in all places where failure of the electric light at any time would be likely to cause danger.*

(2) Efficient means shall be provided in every mine for communicating between the place in which the switchgear provided under sub-rule (1) of rule *109* is erected and the shaft-bottom or main distributing centre in the *mine.*

(3) Appliances for extinguishing fires shall be kept ready for immediate use in every place in a mine containing apparatus, other than cables, telephones and signalling apparatus.

*103.* **Isolation and fixing of transformer, switchgear, etc.**—(1) Where necessary to prevent danger or mechanical damage, transformers and switchgear shall be placed in a separate room, compartment, or box.

(2) Unless the apparatus is so constructed, protected, and worked as to obviate the risk of fire, no inflammable material shall be used in the construction of any room, compartment, or box containing apparatus, or in the construction of any of the fittings therein. Each such room, compartment, or box shall be substantially constructed and shall be kept dry.

(3) Adequate working space and means of access clear of obstruction and free from danger shall, * so far as circumstances permit, be provided for all apparatus that has to be worked or attended to, and all handles intended to be operated shall be conveniently placed for that purpose.

*104.* **Method of earthing.**—Where earthing is necessary it shall be carried out in a mine by connection to an earthing system at the surface of the mine, * * in a manner approved by an * * Inspector.

*105.* **Construction, * * insulation *and earthing* of apparatus.** — * * (1) All apparatus * * shall be sufficient in power and size and of sufficient mechanical strength for the work it may be required to do, and *shall be* so constructed, installed, protected, worked and maintained

as to prevent danger so far as is reasonably practicable. The exposure of live parts shall be avoided.

(2) All insulating material shall be chosen with special regard to the circumstances of its proposed use. It shall be of mechanical strength sufficient for its purpose, and, so far as is practicable, *shall be of such a character or so protected as fully to maintain its insulating properties under working conditions of temperature and moisture.

(3) Every part of a system shall be kept efficiently insulated from earth, except that:—

(*i*) the neutral point of a polyphase system may be earthed at one point only;

(*ii*) the mid-voltage point of any system, other than a concentric system, may be earthed at one point only; and

(*iii*) the outer conductor of a concentric system shall be earthed.

(4) Earth or fault detectors or recorders shall be connected up in every system in a mine to show immediately any defect in the insulation of the system. The readings of these instruments shall be recorded daily in a book kept at the generating station, sub-station or switch room.

*106.* **Earthing metal, etc.**—(1) All metallic sheaths, coverings, handles, joint-boxes, switchgear frames, instrument covers, switch and fuse covers and boxes, and all lampholders, unless efficiently protected by an earthed or insulating covering made of fire-resisting material, and the frames and bed-plates of generators, transformers, and motors (including portable motors), shall be earthed by connection to an earthing system in the manner prescribed in rule *104*,

(2) Where the cables are provided with a metallic covering constructed and installed in accordance with rule *110* (*d*), such metallic covering may be used as a means of connection to the earthing system.

(3) All the conductors of an earthing system shall have a conductivity at all parts and at all joints at least equal to 50 per cent. of that of the largest conductor used solely to supply the apparatus a part of which it is desired to earth:

Provided that no conductor of an earthing system shall have a cross-sectional area of less than ·022 of a square inch.

(4) All joints in earth conductors and all joints to the metallic covering of the cables shall be properly soldered or otherwise efficiently made.

(5) No switch, fuse, or cricuit-breaker shall be placed in any earth conductor.

(6) This rule shall not apply (except in the case of portable apparatus) to any system in a mine in which the pressure does not exceed low pressure direct current or 125 volts alternating current.

*107.* **Motors and their transformers.**—(1) Where energy is distributed at a pressure higher than medium pressure:—

(*i*) it shall not be used without transformation to medium or low pressure except in fixed machines in which the high pressure parts are stationary; and

(*ii*) portable motors under 20 H.P. shall be supplied through a transformer stepping down to medium or low pressure.

(2) Where energy is transformed, suitable provision shall be made to guard against danger by reason of the lower pressure apparatus becoming accidently charged above its normal pressure by leakage from, or contact with, the higher pressure apparatus.

*108.* **Switchgear and terminals.**—Switchgear and all terminals, cable-ends, cable-joints and connections of apparatus shall be totally enclosed, and *shall be so* constructed and installed *as to comply with the following requirements*:—

(*i*) all parts shall be of mechanical strength sufficient to resist rough usage;

(*ii*) all conductors and contact areas shall be of ample current-carrying capacity and all joints in conductors shall be properly soldered or otherwise efficiently made;

(*iii*) the lodgment of any matter likely to diminish the insulation or affect the working of any switchgear shall be prevented;

(*iv*) all live parts shall be so protected or enclosed as to prevent persons accidentally coming into contact with them and danger from arcs, short-circuits, fire, water, gas or oil;

(*v*) where there may be risk of igniting gas, coal-dust, oil or other inflammable material, all parts shall be so protected as to prevent open sparking;

(*vi*) every switch or circuit-breaker shall be capable of opening the circuit it controls, without danger, or any short circuit with which it may have to deal.

*109.* **Cutting off supply.**—(1) Properly constructed switchgear for cutting off the supply of energy to the mine or oil-field shall be provided at the surface of the mine or oil-field at a point approved by an * * Inspector, or, in the case of the Burma oil-fields, by the Warden of the Oil-fields; and during the time any cable is live, a person authorised to operate the said switchgear shall be available within easy reach thereof.

(2) Efficient means, suitably placed, shall be provided for cutting off all pressure from every part of a system, when necessary to prevent danger.

(3) Such efficient means shall be provided for cutting off all pressure automatically from the part or parts of the system affected in the event of a fault as may, in the opinion of an * * Inspector, be necessary to prevent danger.

(4) Every motor shall be controlled by switchgear for starting and stopping, so arranged as to cut off all pressure from the motor and from all apparatus in connection therewith, and so placed as to be easily worked by the person appointed to work the motor.

(5) If a concentric system is used, no switch, fuse, or circuit-breaker shall be placed in the outer conductor, or in any conductor connected thereto, except that, if required, a reversing switch may be inserted in the outer conductor at the place where the energy is being used:

Provided that, subject to the connection of the outer conductor with the earthing system being maintained, switches, fuses or circuit-breakers may be used to break the connection with the generators or transformers supplying the energy.

*110.* **Cables * *.**—All cables * *, other than flexible cables for portable apparatus, shall comply with the following requirements:—

(*a*) They shall be covered with insulating material (except that the outer conductor of a concentric system may be bare). They shall be efficiently protected from mechanical damage and supported at sufficiently frequent intervals and in such a manner as adequately to prevent danger or damage to the cables.

(*b*) (*i*) Except as provided in clause (*c*), or with the consent in writing of an * * Inspector and subject to the provisions of clause (*f*) and to such further conditions as the * * Inspector may impose, no cables other than concentric cables, or two-core cables or multi-core cables protected by a metallic covering, or single-core cables which contain all the conductors of the circuit, shall be used where the pressure exceeds low pressure *direct* current or 125 volts alternating current.

(*ii*) The lead sheath of lead-sheathed cables and the iron or steel armouring of armoured cables respectively shall be of a thickness not less than that recommended from time to time by the *British Standards Institution.*

(*c*) Where the medium pressure direct current system is used two single-core cables may be used for any circuit, if their metallic coverings are bonded together by earth conductors so placed that the distance between any two consecutive bonds is not greater than 100 feet measured along either cable.

(*d*) The metallic covering of every cable shall be:—

(*i*) electrically continuous throughout;

(*ii*) earthed, if it is required by sub-rule (1) of rule *106* to be earthed, by a connection to the earthing system of not less conductivity than the same length of the said metallic covering;

(*iii*) efficiently protected against corrosion where necessary;

(*iv*) of a conductivity at all parts and at all joints at least equal to 50 per cent. of the conductivity of the largest conductor enclosed by the said metallic covering; and

(*v*) where there may be risk of igniting gas, coal-dust, or other inflammable material, so constructed as to prevent, as far as is practicable, the occurrence of open sparking as the result of any fault or leakage from live conductors:

Provided that, where two single-core cables protected by metallic covering bonded together in accordance with clause (*c*) of this rule are used for a circuit, the conductivity of each of the said metallic coverings at all parts and at all joints shall be at least equal to 25 per cent. of the conductivity of the conductor enclosed thereby.

(*e*) Cables and conductors where joined up to motors, transformers, switchgear, and other apparatus, shall be installed so that—

(*i*) they are mechanically protected by securely attaching the metallic covering to the apparatus; and

(*ii*) the insulating material at each cable end is efficiently sealed so as to prevent the diminution of its insulating properties.

Where necessary to prevent abrasion or to secure gas-tightness there shall be properly constructed glands or bushes.

(*f*) Unarmoured cables or conductors, used with the consent of an * * Inspector as provided in sub-clause (*i*) of clause (*b*) shall be either conveyed in pipes or casings or suspended from efficient insulators by means of some non-conducting material which will not cut the covering and which will prevent contact with any timbering or metal work. If separate uncased wires are used, they shall be kept at least one and a half inches apart and shall not be brought together except at lamps, switches and fittings.

*111.* **Flexible cables.**—(1) Flexible cables for portable apparatus shall be two-core or multi-core and covered with insulating material which shall be efficiently protected from mechanical damage. If a flexible metallic covering *is* used either as the outer conductor of a concentric system or as a means of protection from mechanical damage, *it* shall not be used by itself to form an earth conductor for the portable apparatus, but it may be used for that purpose in conjunction with an earthing core or other earthing wire.

(2) Every flexible cable for portable apparatus shall be connected to the system and to the portable apparatus * by a properly constructed connector.

(3) At every point where flexible cables are joined to main cables a switch shall be provided *which is* capable of entirely cutting off the pressure from the flexible cables.

(*4*) Every flexible cable *attached to a machine* shall be examined periodically by the person authorised to work the machine, and, if such cable is used with a portable machine, he shall examine it at least once in each shift. If such cable is found to be damaged or defective, it shall forthwith be replaced by a spare cable in good *condition, and shall not again be* used underground until it has been properly repaired.

*112.* ***Portable machines.***—The person authorised to work an electrically driven coal-cutter or other portable machine shall not leave the machine while it is working, and shall, before leaving the place where such machine is working, ensure that the pressure is cut off from the flexible trailing-cable which supplies such machine. Trailing-cables shall not be dragged along by the machine when working.

*113.* ***Sundry precautions.*** —(*1*) * * All apparatus shall be kept clear of obstruction and free from dust, dirt and moisture.

(*2*) Inflammable or explosive material shall not be stored in any room, compartment, or box containing apparatus, or in the vicinity of apparatus.

(*3*) Should there be a fault in any circuit, the part affected shall be made dead without delay, and shall remain so until the fault has been remedied.

(*4*) Before any conductor or apparatus is handled, adequate precautions shall be taken, by earthing or other suitable means, to discharge electrically such conductor or apparatus, and any adjacent conductor or apparatus, if there is danger therefrom, and to prevent any conductor or apparatus from being accidentally or inadvertently electrically charged when persons are working thereon.

Provided that this sub-rule shall not apply to the cleaning of commutators and slip-rings working at low or medium pressures.

(*5*) While lamps are being changed the pressure shall be cut off.

(*6*) No lamp-holder shall be in metallic connection with the guard or other metal work of a portable lamp.

*114.* **Precautions where gas exists.**—(1) In any part of a mine or oil-field or in any working approaching such part, in which inflammable gas or vapour, *whether* normally present *or not*, is likely to occur in quantity sufficient to be indicative of danger, the following additional requirements shall be satisfied as regards all apparatus * * :—

(*a*) All cables, apparatus, signalling wires and signalling instruments shall be so constructed, installed, protected, worked and maintained, that in the normal working thereof there shall be no risk of open sparking.

(*b*) All motors shall be so constructed that, when any part is live, all rubbing contacts (such as commutators and slip-rings) are so arranged or enclosed as to prevent open sparking.

(*c*) The pressure shall be *cut* off the apparatus *immediately* if open sparking occurs, and during the whole time that examination or adjustment disclosing parts liable to open sparking is being made. The pressure shall not be switched on again until the apparatus has been examined by the electrician or one of his duly appointed assistants and the defect, if any, has been remedied or the adjustment made.

(*d*) Every electric lamp shall be enclosed in an air-tight fitting, and the lamp globe * shall be hermetically sealed.

(*e*) A safety lamp shall be provided and kept continually burning near each motor when working and, should the appearance of the flame of such safety lamp indicate the presence of inflammable gas, *the* pressure shall be cut off immediately from *all* apparatus in the vicinity* *and the matter shall be reported forthwith to an official of the mine.

(2) If at any time in any place * * the percentage of inflammable gas in the general body of the air is found to exceed one and a quarter, the supply of energy shall be cut off *immediately* from all cables and apparatus in that place and shall not be *recommenced* so long as the percentage of inflammable gas exceeds that amount.

*115.* **Shot firing** *.—* * (*1*) *When* shot-firing is being carried on * * *adequate* precautions shall be taken to protect conductors and apparatus from injury.

(*2*) Current from lighting or power circuits shall not be used for firing shots.

(*3*) Shot-firing cables shall be covered and protected as provided by rule *111* for flexible cables. Adequate precautions shall be taken to prevent them from touching other cables and apparatus.

*116.* ***Signalling.*** —Where electrical signalling is used * *—

(*a*) Adequate precautions shall be taken to prevent signal and telephone wires from touching cables and other apparatus.

(*b*) The pressure used in any one circuit shall not exceed 15 volts.

(*c*) Contact makers shall be so constructed as to prevent the accidental closing of the circuit.

*117.* **Haulage** * *.—Haulage by electric locomotives on the overhead trolley-wire system, at pressure not exceeding medium, and haulage by storage battery locomotives, may be used* * with the *prior* consent in writing * * of an * * Inspector, * * and subject to such conditions affecting safety as *he may impose.*

*118.* **Supervision*** *.—(1) An electrician shall be appointed in writing by the owner, agent or manager of the mine or by the agent or the owner of one or more wells in an oil-field to supervise the apparatus. If necessary for the proper fulfilment of the duties detailed in this rule, one or more assistants to the electrician shall be appointed by the aforesaid authority.

(2) Every person appointed to work, supervise, examine, or adjust any apparatus shall be competent for the work that he is set to do. No person except the electrician, or a competent person acting under his supervision, shall undertake any work where, in order adequately to avoid danger, technical knowledge or experience is required.

(3) The electrician shall be responsible for the proper performance by himself or by an assistant appointed under sub-rule (1) of the following duties, namely:—

(*i*) the thorough examination of all apparatus (including the testing of earth conductors and metallic coverings for continuity) as often as may be necessary to prevent danger; and

(*ii*) the examination and testing of all new apparatus, and of all apparatus re-erected in the mine before it is put into service in a new position.

* * (*4*) *In* the absence of the lectrician for more than three days the owner, agent or manager of the mine or the agent or owner of one or more oil-wells in an oil-field shall appoint in writing an efficient substitute.

(5) The electrician *or the substitute appointed for him under sub-rule (4)* shall keep at the mine or oil-field a log-book made up of daily log-sheets kept in the forms set out, respectively for mines and oil-fields, in Annexure X * * *. The said log-book shall be produced at any time on request to an Inspector of Mines or an* *Inspector.

*119.* **Exemptions.**—(1) The provisions of rules *99* to *116* both inclusive, and *118*, shall not apply in any case in which exemption is obtained on such conditions as he may prescribe, from an* *Inspector, or, in the case of the Burma oil-fields, from the Warden of the Oil-fields, on the ground either of emergency or special circumstances.

(2) Notwithstanding anything in *this Chapter*, any electrical plant or apparatus installed, or in use, in any mine before the 23rd December 1910, or in any oil-field, before *31st July 1922*, may be continued in use unless an* *Inspector, after consulting the Chief Inspector, of Mines, or, in the case of the Burma oil-fields, the Warden of the Oil-fields, * *shall otherwise direct, *and* subject to *such* conditions affecting safety as such* *Inspector may impose.

## CHAPTER X.

### Miscellaneous.

*120.* ***Relaxation by* Local Government.**—The Local Government may, by order in writing, direct that any of the provisions of rules *40* to *119*, both inclusive, be relaxed in any particular case to such extent and subject to such conditions* *as it may think *fit*.

*121.* ***Relaxation by* * * Inspector.**—(1) An * * Inspector may, by order in writing, direct that *any of the provisions of* rules *38*, *55*, *63*, *66*, *70*, *71*, *72*, *73* (*1*) (*a*) *and 75* be relaxed in any particular case to such extent and subject to such conditions* *as he may think *fit*.

(2) Where the pressure on any system does not exceed 125 volts an* *Inspector may, by order in writing, direct that any of the provisions of rules *40 to 47*, both inclusive, *57 to 114*, both inclusive, *and 118*, be relaxed as regards such system to such extent and subject to such conditions as he may think fit.

(3) Every relaxation so directed shall be reported forthwith to, and shall be subject to disallowance or revision by, the Local Government.

* * * * * * *

*122.* ***Supply of energy by non-licensees.*** *—Where any person is supplied with energy by a non-licensee or has his premises for the time being connected for the purposes of a supply of energy with the works of a non-licensee, such person shall be deemed to be a consumer for the purposes of rules 41 to 43 inclusive, 48 and 61 and the non-licensee shall have all the liabilities imposed on a licensee by those rules.*

*123.* **Responsibility** ***of Agents and Managers.*** —*Where any licensees,* * * *non-licensees or* owners, * * * *are* responsible *for* the observance of *any of these* rules, *the agents and managers of such licensees, non-licensees or owners shall be jointly responsible for the observance of these rules in respect of any matters under their control.*

*124.* **Penalty for breaking seal.**—Where, in contravention of rule *31*, any seal referred to in that rule is broken,—

(*a*) *the person breaking* the seal * * * shall be punishable with fine which may extend to fifty rupees; *and*

(*b*) *the consumer when he has not himself broken the seal shall be punishable with fine which may extend to fifty rupees unless he proves that he used all means in his power to ensure that the seal should not be broken.*

*125.* ***Penalty for breach of rule 48.***—Where any electrical installation work of the nature specified in rule *48* has been carried out otherwise than—

(*a*) under the direct supervision of a person holding a certificate of competency issued by the Local Government under that rule; and

(*b*) in the absence of any applicable exemption under the proviso to sub-rule (1) of that rule, by an electrical contractor licensed by the Local Government in this behalf;

the consumer or owner, the contractor (if any) through whom the work was carried out, the person who carried out the work, and the person under whose immediate supervision it was carried out shall each be punishable with fine which may extend to three hundred rupees.

*126.* **Penalty for breach of rules.**—Whoever, being a licensee, *non-licensee* or owner, or the agent or manager of a licensee, *non-licensee* or owner, commits a breach of these rules or, being a person specified in rule *73* (*2*) (*a*) commits a breach of that rule shall be punishable for every such breach with fine which may extend to three hundred rupees, and in the case of a continuing breach with a further fine which may extend to fifty rupees for every day after the first during which *the breach has continued.*

*127.* **Mode of entry.**—All persons entering, in pursuance of the Act or these rules, any building which is used as a human dwelling or a place of worship shall, in making such entry, have due regard, so far as may be compatible with the exigencies of the purpose for which such entry is made, to the social and religious usages of the occupant of the building entered.

*128.* **Application of rules.**—Subject to the provisions of sub-section (*2*) of section 58, * *these rules shall be binding on all persons, companies, and undertakings to whom licences have been granted or with whom agreements have been made by or with the sanction of Government for the supply or use of electricity before the commencement of the Act.

## ANNEXURE I.

[See *Clause (b) of sub-rule(1) of rule 2.*]

**Specification relating to the Deposition of Silver.**

The electrolyte shall consist of a solution of from 15 to 20 parts by weight of silver nitrate in 100 parts of distilled water. The solution must only be used once, and only for so long that not more than 30 per cent. of the silver in the solution is deposited.

The anode shall be of silver, and the kathode of platinum. The current density at the anode shall not exceed 1/5 ampere per square centimetre and at the kathode 1/50 ampere per square centimetre.

Not less than 100 cubic centimetres of electrolyte shall be used in a voltameter.

Care must be taken that no particles which may become mechanically detached from the anode shall reach the kathode.

Before weighing, any traces of solution adhering to the kathode must be removed and the kathode dried.

## ANNEXURE II.

[SEE RULE 7(*1*).]

**Scale of Fees for comparison with the Government of India Standards referred to in Rule 2(*1*).**

In tests requiring the expenditure of a considerable amount of power, a charge to cover the actual cost of the energy used, may be made.

**DRAFT LICENCE.**

Signature of Applicant or
his Agent (if any).

Address of Applicant.

**THE ELECTRIC LICENCE 19 .**

Licence for the supply of energy granted by the Government of under the Indian Electricity Act, 1910.

Licence is hereby granted to[1]

[1]The licensee may be any local authority, company or individual. In the case of a firm give names of individual partners.

[carrying on business in partnership under the name and style of]
to supply electrical energy in the area[1] with the powers and upon the terms and conditions all specified below.

**Short title.**

1. This licence may be cited as "The [2] Electric Licence 19 ."

**Interpretation.**

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the Rules thereunder meanings are assigned shall have in this licence the same respective meanings provided that in this licence :—

(1) the Act shall mean the Indian Electricity Act, 1910 ;
(2) the expression "the licensees" shall mean and include the said[3] and their [or his] permitted assigns ; and
(3) the expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with Government in pursuance of the Rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of in the Department, and by the applicants under the name and style of .

**Security.[4]**

3. (*1*) The period within which, under clause I (*b*) of the Schedule to the Act, the licensee shall show that he is in a position fully and efficiently to discharge the duties and obligations imposed on him shall be

(*2*) The period within which, under clause I (*b*) of the Schedule to the Act, the licensee shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured, shall, unless otherwise ordered by the Government under that clause, be and Rupees respectively.

**Area of supply.[5]**

4. The area above referred to within which the supply of energy is authorised by this licence (the area of supply under the Act) is the whole of the area bounded as follows :—

*North*—By
*East*—By
*South*—By
*West*—By

the boundaries whereof are delineated in the deposited map.

**Power to lay mains outside area of supply.[6]**

5. The licensee may lay down or place electric supply-lines for the conveyance and transmission of energy from a generating station situated or to be situated at (outside the area of supply) to the boundary of the area of supply.

**Limits within which the supply of energy is to be compulsory.[7]**

6. (*1*) The works to be executed to the satisfaction of the Government under clause IV of the Schedule to the Act are the following, namely :—[8]

(*2*) If the licensee fails to comply with the provisions of sub-clause (*1*), the licence may be revoked.[9]

---

[1]See clause 4.

[2]Short title to agree with heading.

[3]Individual names as in preamble in the case of a firm.

[4]See section 4 (*1*) (*c*) of the Act and clause I of the Schedule to the Act.

[5]The area for which each local authority is constituted should be distinctly marked or coloured. See rule *11* (*b*).

[6]This clause should be retained only where the licensee is to supply energy from a generating station outside the area of supply. Where power to cross an intervening area is sought under section 3(*1*) of the Act enter details here.

[7]See section 3(*2*)(*d*) of the Act.

[8]It is open to the licensee to propose a "compulsory area" or to the Local Government to make provision for such an area. Ordinarily it will be sufficient to enter here the names of "compulsory streets" in which the licensee will lay distributing mains. If no compulsory works are specified in the licence, the Local Government may subsequently direct what works are to executed ; see clause IV of Schedule.

[9]See note to sub-clause (*1*) of this clause.

**Nature of the supply and limits of price to be charged for the supply of energy.**

7. (*1*) The nature of the supply shall be or such other as the Local Government may allow.

(*2*) The prices to be charged by the licensee for energy supplied by him shall not exceed the following maxima, namely :—

or in the case of a method of charge approved by the Government in accordance with sub-sections (*3*) and (*4*) of section 23 of the Act, such maxima as the Government may fix on approving the matter.

**Breaking up of streets, railways and tramways.**[1]

8. The licensee is specially authorised to open and break up the soil and pavement of the following streets or parts of streets which are not repairable by the Government or by a local authority, and of the following railways and tramways or parts of railways and tramways, *viz.* :—

(*a*) Streets.

(*b*) Railways.[2]

(*c*) Tramways.[2]

**Purchase of undertaking.**

9. (*1*) The option of purchase given by sub-section (*1*) of section 7 of the Act shall not be exercisable on the expiration of 50 years,[3] from the date of the notification of this licence and on the expiration of every subsequent period of 20 years (and the terms[4] of such purchase shall be ). The percentage of the value to be determined in accordance with and for the purpose of sub-section (*1*) of section 7 of the Act of the lands, buildings, works, materials and plant of the licensee therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase shall be per cent.

(*2*) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall /shall not form part of the undertaking for the purpose of purchase under section 5 or section 7.[5]

**Additions to, variations from, and exceptions from the schedule to the Act.**[6]

10. (*1*) In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act, it is hereby expressly declared that clause of the Schedule to the Act shall for the purpose of incorporation in this licence be varied/added to by the substitution of the following clause, namely :—[7]

(*2*) In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act, it is hereby expressly declared that clause (s) of the Schedule to the Act shall be excepted from incorporation in this licence.

NOTE.—In the preparation of a draft licence the above model form may be varied, or added to, by the applicant so far as the Act and rules admit.

Rules Nos. *11* to *15* inclusive, as to applications for licences, should be consulted. In drawing up a draft licence the attention of the applicants is more particularly directed to the following sections of the Act, *viz.*, 3, 4, 7, 10, 11, 12, 21, 22, 23, 27, 51 and 57; the powers under section 51 can only be conferred after the grant of the licence.

In the case of licences for bulk supply, see clause IX of the Schedule and the proviso to clause (*f*) of sub-section (*2*) of section 3 of the Act, also clause (*b*) of section 10 of the Act.

---

[1]This clause to be omitted if no such powers are required in the licence. See section 12 (*5*) of the Act and proviso to the same. Powers can be obtained subsequently ; see rule *23*.

[2]In ordinary cases the level-crossings or points at which interference is proposed must be specified.

[3]The periods after which an option to purchase arises may be less than 50 and 20 years, respectively.

[4]The terms must not differ from those laid down in the Act unless the powers of section 10 are invoked to modify or cancel them.

[5]The generating station or stations belonging to the licensee should ordinarily be included except where they form part of a traction undertaking previously authorised.

[6]To be omitted if not required in any draft licence.

[7]The latter part of the clause may require modification according to the circumstances.

### RESOLUTION.

TARIFFS.

New Delhi, the 23rd March 1935.

No. 38-T. (10).—The Report of the Tariff Board on the question of tariff equality in respect of the manufacture of (1) Carbon brushes, and (2) Healds and Reeds is published for general information to-day.

2. The Government of India agree with the Tariff Board's finding that a tariff inequality exists in respect of carbon blocks imported for the manufacture of carbon brushes in India and accept its recommendation that this should be removed by reducing the duty on carbon blocks such as are ordinarily used for the manufacture of carbon brushes for electrical motors and generators from 25 per cent. to 15 per cent. *ad valorem*. They consider it unnecessary to undertake legislation specially for this purpose and propose, therefore, to effect a reduction of duty by notification under section 23 of the Sea Customs Act. Before issuing the notification, however, the Government of India consider it desirable to give the Indian Legislature an opportunity to discuss the subject and they will accordingly place a resolution before both Houses proposing that the recommendation of the Tariff Board in respect of the manufacture of carbon brushes be accepted at the first available opportunity.

3. In respect of healds, the Government of India are not convinced that any tariff inequality exists. The calculations of the Tariff Board are based on the assumption that imported yarn is used for the manufacture of healds, but from the evidence led by two of the applicant companies it appears that suitable yarn can be supplied by Indian mills, on which, though it is manufactured from imported cotton, the incidence of duty charges is considerably lower than that on imported yarn. The representations of the firms interested in the manufacture of healds appear to the Government of India to be directed not so much towards the removal of a tariff inequality as to secure a measure of substantive protection. The claim of the industry to the grant of substantive protection was not an issue which came under the consideration of the Tariff Board, and the Government of India are unable to offer any opinion as to whether such a claim has been established. On the evidence before them, however, they find it impossible to accept the Tariff Board's recommendation that the duty on healds should be raised from 10 per cent. to 15 per cent. *ad valorem*.

4. Similarly in the case of reeds, the Government of India are of opinion that the representations of the concerned industires constitute a claim for substantive protection, and failing the establishment of the validity of such claim after the usual enquiry by the Tariff Board, the Government of India are unable to accept the recommendation for an increase in the customs duty on imported reeds.

ORDER.—ORDERED that a copy of the above Resolution be communicated to all local Governments and Administrations; all Departments of the Government of India; the Director-General of Commercial Intelligence and Statistics; the Central Board of Revenue; the Indian Trade Commissioners, London, Hamburg and Milan; the Secretary, Tariff Board; the High Commissioner for India, London; His Majesty's Trade Commissioner in India; the Canadian Trade Commissioner in India; all Chambers of Commerce and Associations; the French Trade Commissioner in India, Burma and Ceylon; the Secretary, Imperial Council of Agricultural Research, and the Chief Controller of Stores.

ORDERED also, that it be published in the *Gazette of India*.

### Educational Notices.

**Education Department, Bengal.**

NOTIFICATION.

Calcutta, the 21st March 1935.

*Post-Graduate Research Scholarships to be awarded in 1935.*

Three Post-Graduate Scholarships will be awarded for the encouragement of original research to candidates who have high and special qualifications and appear to be likely to conduct original research with success. The value of each scholarship is Rs. 75 a month.

2. Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, palæography, epigraphy, philosophy, history, archæology, anthropology, etc., and the third scholarship will be awarded for research either in scientific or in literary subjects. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme of work indicating a definite course of enquiry.

3. Election will be made in the first instance for one year only, with effect from the 1st July 1935, but a scholarship may be renewed from year to year up to the limit of three years, provided the scholar has throughout the year vigorously prosecuted original research in the subject selected by him.

4. Each candidate for a scholarship should submit his application, through the head of the institution in which he last studied, to the Director of Public Instruction, Bengal, on or before the 10th May next, and must produce evidence of having passed from a College or other institution in Bengal the M.A. or M.Sc. examination of the Calcutta or Dacca University, or of having obtained some other equivalent or higher degree of either of these Universities in 1932 or 1933 or 1934. He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigation. He must also state the name of the institution in which he proposes to work, with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Each candidate is required to submit with his application a declaration to the effect that, if selected, he will not study law or prepare himself for any competitive examination during the tenure of his scholarship.

6. Applications for this year's scholarships should be submitted in prescribed forms which are obtainable from the Personal Assistant to the Director of Public Instruction, Writers' Buildings, Calcutta.

## Land Sale Notice.

**Form 27.**

(See paragraph 145.)

ADVERTISEMENT OF SALE.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Chittagong-Dohazari Railway, in the district of Chittagong, will be put up to sale at 12 noon on the 27th May 1935, corresponding with the 13th Jaistha, 1342 B.S., at the Collector's office.

The purchasers of the several plots of land will be subject to the following conditions :—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary or to plough the land nearer than three feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.* - If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold subject to an annual assessment of Rs. 2-8, which will be subject to revision at the next general settlement of the temporarily-settled estates of the district to the highest bidders.

*5th.*—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for themaintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

### BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1572L.C.—29th March, 1935.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 28th February, 1935, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

## THE BENGAL TENANCY (AMENDMENT) BILL, 1935.

# A

# BILL

*further to amend the Bengal Tenancy Act, 1885.*

Preamble.

WHEREAS it is expedient further to amend the Bengal Tenancy Act, 1885, in the manner hereinafter appearing; VIII of 1885.

5 and 6, Geo. V, c. 61; 6 and 7, Geo. V, c. 37; 9 and 10, Geo. V, c. 101.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Tenancy (Amendment) Act, 1935.

2. It shall come into force at once.

Amendment of section 65.

3. After the words "charge thereon" in section 65 the following shall be added :—

"and the tenure or holding shall first be put to sale in execution of the decree."

Amendment of section 163.

4. (*1*) After sub-section (*3*), clause (*d*), a new clause (*d*) shall be inserted as follows :—

"(*d*) by publishing a concise statement in the local official gazette or in a local newspaper or in both."

5. The present clause (*d*) be renamed as clause (*e*).

6. In sub-section (4), the words beginning with "has been" up to "sold" shall be deleted and the following words shall be substituted :—

"Prescribed by clauses (*a*), (*b*), (c) and (*d*) are served and published."

## STATEMENT OF OBJECTS AND REASONS.

Under section 65 of the Bengal Tenancy Act it is optional with the rent decree-holder to proceed against the defaulting tenure or holding in the first instance although the rent is first charge thereon. Much difficulty arises in many cases especially in case of co-charer tenants and transfers when the decretal dues are realised by attachment and sale of other properties (moveable or immoveable) of any one of the judgment-debtors and the contribution decrees in such cases are not the first charge on the share of the defaulters in the tenure or holding.

With a view to remedy this defect and remove these difficulties the amendment of section 65 and some amendment of section 163 for the benefit of the mortgagees, charge-holders and unrecognised transferees this Bill is introduced.

## THE BENGAL (RURAL) PRIMARY EDUCATION (AMENDMENT) BILL, 1935.

# A

# BILL

*further to amend the Bengal (Rural) Primary Education Act, 1930.*

WHEREAS it is expedient to amend the Bengal (Rural) Primary Education Act, 1930, in the manner hereinafter appearing :—

It is hereby enacted as follows :—

Short title.

**1.** This Act may be called the Bengal (Rural) Primary Education (Amendment) Act, 1935.

Amendment of sec. 6 of Ben. Act VII of 1930.

**2.** In section 6 of the Bengal (Rural) Primary Education Act, 1930 (hereinafter referred to as the said Act)—

(*i*) In sub-section (*g*) for the words "one member," the words "two members" and in the proviso to that sub-section for the word "two" the word "four" shall be substituted.

(*ii*) In sub-section (*i*) in the first line after the word "school" the words "for every subdivision" shall be inserted.

**STATEMENT OF OBJECTS AND REASONS.**

As the main object of the Bengal (Rural) Primary Education Act is to spread primary education among the rural public, the member of the union boards, union committees and the teachers of the primary schools will be the main factors as they are in close contact with the public, but in the District Primary Education Board the number of their representatives is too scanty. The Bill is intended to increase the number of their representatives.

## THE BENGAL RACE COURSE BETTING BILL, 1935.

# A

# BILL

*to provide for the betting on horses and dogs and for purposes connected with the matters aforesaid.*

WHEREAS it is expedient to provide for the betting of horses and dogs and for purposes connected with the matters aforesaid ;

It is hereby enacted as follows :—

**Short title, commencement and extent.**

**1.** (*i*) This Act may be called the Bengal Race Course Betting Act, 1935.

(*ii*) It shall come into force on such date as the Local Government may by notification in the *Calcutta Gazette* appoint.

(*iii*) It extends in the first instance to Calcutta as defined in the Calcutta Municipal Act, 1923, but it may be extended by the Local Government to any other part of Bengal.

**Definitions.**

**2.** Unless there is anything repugnant in the subject or context,—

(*a*) " Bookmaker " means any person who, whether on his own account or as servant or agent to any other person, carries on, whether occasionally or regularly, the business of receiving or, negotiating bets or conducting *pari mutuel* or pool betting operations, or who in any manner holds himself out, or permits himself to be held out in any manner as a person who receives or negotiates bets or conducts such operations, and " bookmaking " shall be construed accordingly ; so however, that a person shall not be deemed to be a bookmaker by reason only of the fact that he operates, or is employed in operating a totalisator, and the operating of a totalisator shall be deemed not to be bookmaking.

(*b*) " Race course " means a track on which horse races or dog races take place.

(*c*) " Totalisator " means the contrivance for betting known as the totalisator or *pari mutuel*, or any other machine or instrument of betting of a like nature, whether mechanically operated or not.

(*d*) " Track " means a place where horse races or dog races take place.

**Manager of race course and persons carrying on the business of bookmaking and totalisation to take out a license.**

**3.** Every manager of a race course and every person carrying on the business of bookmaking and totalisation shall take out a license annually and on such conditions and on payment of such fees in such manner as may be prescribed by the Local Government in this behalf.

**Restriction of bookmaking and totalisation on tracks.**

**4.** Betting by means of bookmaking or by means of a totalisator shall not be carried on any track unless the occupier of the track is a holder of a license in force under the Act.

**Occupiers of tracks not to have an interest in bookmaking thereon.**

**5.** It shall not be lawful for the occupier of any licensed track, or for any servant or agent of his, or for any person having, under a lease, agreement or license granted by the occupier, any interest in, or right over or in respect of, any

*The Bengal Race Course Betting Bill, 1935.*

*(Clauses 6—9.)*

part of the track, to engage either directly or indirectly, and either on his own behalf or on behalf of another, in bookmaking on that track, and if any person contravenes the provisions of this section, that person, and if he is not himself the occupier of the track, the occupier also shall be punished with a fine not exceeding rupees two hundred.

**Betting with young persons, and employment of young persons in betting businesses prohibited on tracks.**

**6.** (*i*) If on any track—

(*a*) any bookmaker or commission agent has any betting transaction with a person apparently under, or known to himself to be under, the age of eighteen years ; or

(*b*) any person engaged in operating a totalisator has by means thereof any betting transaction with a person apparently under, or known to him to be under, the age of eighteen years, then in the first case that bookmaking or commission agent, and in the second case the occupier of the track on which the totalisator is set up, shall be punished with a fine not exceeding rupees two hundred.

(*ii*) If any person employs on any track for purposes of his business as a bookmaker or commission agent, or in connection with the operation of totalisator, a person apparently under, or known to him to be under, the age of eighteen years, he shall be punished with a fine not exceeding rupees two hundred.

(*iii*) Upon a charge under this section in respect of a person apparently under the age of eighteen years, it shall be a defence to prove that, at the time of the alleged offence, he had in fact attained that age.

(*iv*) In this section the expression " commission agents " includes any person who by way of business receives bets to be transmitted by him directly or indirectly to another person with a view to the bets being made by means of a totalisator.

**Powers of entry on tracks.**

**7.** Any person authorised in writing in that behalf by the Commissioner of Police in Calcutta or the Superintendent of Police in places other than Calcutta, on producing his authority on demand and any constable may at all reasonable times enter upon any track for the purpose of ascertaining whether the provisions of this part of the Act are being complied with, and every person who obstructs any constable or any person in exercise of his power under this section shall be punished with a fine not exceeding rupees fifty.

**8.** Whosoever opens the race course and whosoever carries on the business of bookmaking and totalisation without a license shall be punished with a fine not exceeding rupees five thousand.

**Rules.**

**9.** the Local Government shall make rules for—

(*a*) the granting of license by such officers as may be competent for the purpose ;

(*b*) the conditions under which the licenses are to be granted ;

(*c*) the fee to be paid for taking out a license.

## STATEMENT OF OBJECTS AND REASONS.

Horse-racing is going on in Calcutta and other places in Bengal for a long time and it is also desirable that dog races should be brought into vogue here as in Great Britain. These races should be licensed and therefore it has been provided that no such races shall be lawful without a license. Persons carrying on the business of bookmaking and totalisation are also required to take out license. It has also been provided that betting with young persons shall be unlawful. This Bill is based on Betting and Lotteries Act, 1934 (24 & 25 Geo. 5, Ch. 58) and enacted on 16th November, 1934, by the King's Most Excellent Majesty with the advice and consent of the Lords Spiritual and Temporal and the Commons in Great Britain.

# BILL

*to amend the Bengal Wakf Act, 1934.*

WHEREAS it is expedient to amend the Bengal Wakf Act, 1934, as hereinafter provided. Ben. Act XIII of 1934.

It is hereby enacted as follows :—

1. In this Act, the Act means the Bengal Wakf Act, 1934.

2. That the proviso to section 3 of the Act be omitted.

## STATEMENT OF OBJECTS AND REASONS.

There is no reason or justification for the exclusion of the Daudi Bohras from the operation of the Act.

When the Mussalman Wakf Act was passed by the Legislative Assembly a provision was laid down giving the discretion to Local Governments to exclude any class or community. At first the Bombay Government excluded the Daudi Bohras but later on, by a motion in the Legislative Assembly, the exclusion was removed. There are a very large section of the Daudi Bohras in the Bombay Presidency, which is practically their home, who desire to be included. It is only the Mollaji and some of his supporters who want exclusion. Bengal should not be utilised in the furtherance of their interests.

## THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1935.

# A

# BILL

*further to amend the Bengal Municipal Act, 1932.*

WHEREAS it is expedient to amend the law relating to municipalities in Bengal ;

It is hereby enacted as follows :—

*Preliminary.*

Short title.

**1.** This Act may be called the Bengal Municipal (Amendment) Act, 1935.

Representation of minority community.

**2.** In sub-section (*1*) of section 19, the words "population of the municipality according to the latest census" shall be replaced by the words "number of assessed holdings owned by it in a ward or wards of the municipality."

Preparation of assessment list.

**3.** In clause (*e*) of section 136 the words "and occupier" shall be omitted.

Amendment and alteration of list.

**4.** (*a*) In sub-section (*1*) of section 138 the words "at a meeting" shall be omitted.

(*b*) The words "(a), (c), or (d)," in the third and fourth lines of sub-section (*2*) of the said section be also omitted and the letter "s" of the word "clause" shall also be omitted.

(*c*) In sub-section (*3*) of the said section the words "and also a notice issued under sub-section (*2*) of section 147" shall be inserted after the words "under sub-section (*2*)."

(*d*) In sub-section (*4*) of the said section, the words "or Secretary," shall be inserted after the word "Vice-Chairman."

Remission and refund on account of vacant holdings.

**5.** (*a*) In the proviso (*i*) of sub-section (*1*) of section 142, the words "remission or" shall be deleted and the words "of payment" be substituted for the words "on which such notice is delivered at the office of the commissioners" after the word "date."

(*b*) Sub-section (*2*) of section 142 shall fully be omitted and sub-sections (*3*) and (*4*) be numbered (*2*) and (*3*), respectively.

Notice to be given to the Chairman of all transfers, etc.

**6.** In sub-section (*1*) of section 144, the words "or succeeded" be inserted after the word "transferred" and also the words "of the successor" be inserted after the word "transferor."

Power to sell unclaimed holdings for money due.

**7.** In sub-section (*1*) of section 525, the word "tax" in the second line shall be replaced by the word "rate."

## STATEMENT OF OBJECTS AND REASONS.

1. I, as the Chairman, of the Dacca Municipality, have experienced some practical difficulties in conducting the municipal affairs regarding some sections of the Bengal Municipal Act, 1932, which are now necessary to be amended as per reasons noted below.

2. The census of a town is generally made after every 10 years or more. So the number of the population at the time of election is not accurate. It would be fair and equitable if the number of assessed holdings owned by the different communities be prepared at the time of the preparation of the voters' list and the reservation of seats be made according to that number.

3. Section 132 makes the owner only liable for payment of rates. Moreover, an occupier of a holding changes from one house to another every now and then, so the words "and occupier" shall be omitted.

4. (*a*) Sub-section (*1*) of section 138 provides that the sanction of the commissioners at a meeting is necessary for any alteration or amendment of the assessment register including even arithmetical mistakes. This means curtailment of the power of the Chairman for no palpable advantage and will cause unnecessary delay in disposal of such cases. Moreover, after any amendment of the assessment register is sanctioned by the commissioners at a meeting under section 138 the same should not be revised by the assessment committee which is only a sub-committee as provided in sub-section (*3*) of section 138.

(*b*) The assessee gets two chances, once after assessment, *vide* sub-section (*2*) of section 147, and again after service of first notice of demand, *vide* sub-section (*2*) of section 148, to apply to the commissioners for reviewing the amount of assessment or valuation or to exempt him from the assessment of rate. So, sub-section (*2*) of section 138 should be amended as suggested by omission of clauses a, c, and d therefrom ; otherwise, there will be very much practical difficulty and loss of municipal revenue.

(*c*) This is suggested to make the previous sub-section consistent.

(*d*) This is suggested for facility of work.

5. (*a*) When a holding remains vacant for more than three quarters the order of remission on the original application only can be made within six months, whereas, that for the subsequent quarters will have to be made afterwards. In such cases the application for remission cannot be made within six months from the date of notice. Moreover the application for remission is redundant as the notice of vacancy is practically an application for remission. This is suggested for giving the rate-payers an opportunity to take refund of the taxes when paid through mistake. In the present wording of the section the rate-payers practically get no advantage.

(*b*) This omission is suggested in order to avoid unnecessary delay in realising rates and also the complication of accounts. The rate-payers can get the same advantage by applying under section 130.

6. A suit was filed in the Munsif's Court of Sherpur against the Chairman of the Dacca Municipality under section 144 questioning if the successor need apply for mutation of name. So this insertion is suggested in order to avoid any future dispute.

7. In the new Municipal Act the word taxes means "taxes on carriages and animals" which cannot be applied in section 525.

## THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1935.

# A

# BILL

*further to amend the Bengal Municipal Act, 1932.*

WHEREAS it is expedient further to amend the Bengal Municipal Act, 1932, in the manner hereinafter appearing; Ben. Act XV of 1932.

It is hereby enacted as follows :—

Short title.

**1.** This Act may be called the Bengal Municipal (Amendment) Act, 1935.

Amendment of section 23 of Bengal Act XV of 1932.

**2.** In section 23 (2)(*a*) the words " other than cart registration fees " within brackets wherever it occurs be deleted.

Amendment of section 23.

**3.** In section 23 (2) the following be added :—

" (*a*) A person who in the previous financial year has paid for a holding for which municipal rates have been paid a rent of not less than fifty rupees."

Amendment of section 27.

**4.** In section 27, (*ii*) be deleted and in its place the following be substituted :—

" (*ii*) an elector will have as many votes as the number of members to be elected and he may record all his votes in favour of one or more candidates as he likes."

## STATEMENT OF OBJECTS AND REASONS.

Every tax-payer in the municipality has the right to vote at the municipal election and there is no earthly reason why those who pay cart registration fees should be excluded. They are in no way inferior either in intelligence, common-sense or sense of responsibility to the bulk of the electors in the municipal town. If hackney-carriage owners and drivers, butchers, hawkers and such people are qualified to be electors, there is no justification for the exclusion of carters and cart owners. The tenants who actually pay the taxes should not be excluded and preference given to house owners who only collect the taxes and pay them to the municipality.

The electors should be given the right of plural voting, otherwise the minorities will be injuriously affected. No doubt, certain number of seats are reserved for Mussalmans but without plural voting the Mussalmans will not be able to assert themselves and the seats reserved for them will generally be secured by the nominees of the majority community, and the minority community will have very little voice.

WHEREAS it is expedient further to amend the law in force in Bengal relating to public gambling in the manner hereinafter appearing;

It is hereby enacted as follows :—

Short title.

**1.** This Act may be called the Bengal Public Gambling (Amendment) Act, 1935.

Amendment of definitions as to gaming.

**2.** In the definitions of "gaming" in section 59 of the Howrah Offences Act, 1857, in section 3 of the Calcutta Police Act, 1866, and in section 1 of the Bengal Public Gambling Act, 1867, after the words "horse race" the words "or a dog race" shall be inserted.

Ben. Act V of 1922.

## STATEMENT OF OBJECTS AND REASONS.

It is considered anomalous that the definition of gaming in the various Acts restraining public gaming in Bengal should only except gaming at horse races and desirable to bring it into line with the law recently enacted in Great Britain, where the existence of dog races also is now recognised. At the time of the enactment of the existing law in Bengal dog races were unknown, but there is now no reason to ignore them. The Act should result in a great increase of the public revenue from the amusements tax and further provides a satisfactorily controlled outlet for the large volume of betting and gambling which is now admittedly proceeding in a surreptitious and uncontrollable manner.

The following Bill was introduced in the Legislative Assembly on the 27th February, 1935 :—

L. A. BILL No. 15 OF 1935.

*A Bill further to amend the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898 ; It is hereby enacted as follows :— V of 1898.

Short title.

**1.** This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 .

Amendment of section 167, Act V of 1898.

**2.** In section 167 of the Code of Criminal Procedure, 1898,— V of 1898.

(*i*) in sub-section (*1*), before the words " such Magistrate " the words " the place where " shall be inserted and after the words ' such Magistrate " the words " ordinarily holds his Court " shall be added ; and

(*ii*) in sub-section (*2*), after the words " this section " the words " after hearing the accused or his counsel if the accused so desires" shall be inserted.

## STATEMENT OF OBJECTS AND REASONS.

Section 167 of the Code of Criminal Procedure is intended to provide for the necessity of obtaining remand of the accused to custody, so that the police may be enable to complete the investigation. The Magistrate is required to give reasons for granting the remand. The accused has a right in justice to place his side of the case before the Magistrate, before the reasons given by the Police are accepted by the Magistrate. Every person charged with an offence is presumed to be innocent till he is convicted of the crime with which he is charged. Hence the detention before conviction should be as short as can conveniently be made. The accused is entitled to be placed on his trial at the earliest moment and should not unnecessarily be detained in custody. Hence it is in the interest of justice that the accused should have a right to be heard before he is remanded. There have been several cases during the recent years where the accused were not brought to the Court before the Magistrate for obtaining the remand. The Magistrate was instead taken to the place where the accused was detained. Without giving an opportunity to the accused to be heard, the Magistrates often pass orders of remand after hearing the police side of the case alone. This is not in accordance with the principles of justice. Hence the present amendment is necessary in order to make it obligatory on the part of the investigating authorities to produce the accused before the Magistrate in a calm and solemn atmosphere of Court before any order of detention is passed.

L. A. BILL No. 16 OF 1935.

*A Bill further to amend the Specific Relief Act, 1877.*

WHEREAS it is expedient further to amend the Specific Relief Act, 1877, for a certain purpose ; It is hereby enacted as follows :— I of 1877.

Short title.

**1.** This Act may be called the Specific Relief (Amendment) Act, 193 .

Amendment of section 45, Act I of 1877.

**2.** In section 45 of the Specific Relief Act, 1877 (hereinafter referred to as the said Act), I of 1877.

(*a*) for the words " Any of the High Courts of Judicature at Fort William, Madras, Bombay and Rangoon " the words " Any High Court established by Letters Patent " shall be substituted ;

(*b*) for the words " within the local limits of its ordinary original civil jurisdiction " the words " within limits of its appellate civil jurisdiction " shall be substituted ; and

(*c*) in clause (*f*) of the proviso, for the words occurring after the words " on the Governor General in Council " the words " or the Governor in Council of any Governor's Province in British India " shall be substituted.

Amendment of section 48, Act I of 1877.

**3.** In section 48 of the said Act, for the word " ordinary " the word ' appellate " shall be substituted.

## STATEMENT OF OBJECTS AND REASONS.

Section 491 of the Criminal Procedure Code previously enabled any of the High Courts of Judicature at Fort William, Bombay or Madras to issue Writs of the nature of *Habeas Corpus*. In 1923, this section was amended to allow all High Courts to issue a Writ of *Habeas Corpus*.

Section 45 of the Specific Relief Act similarly enables any of the said High Courts at Calcutta, Bombay, Madras and Rangoon to issue Writs of the nature of Mandamus within the limits of their ordinary original civil jurisdiction. The reasons for allowing other High Courts to exercise this power in cases falling under section 45 are just as strong if not stronger as they were in the case of section 491 of the Criminal Procedure Code.

It is, therefore, proposed to extend the power to issue Writs of the nature of Mandamus under section 45 of the Specific Relief Act to all High Courts established by Letters Patent by His Majesty. This will bring about uniformity of law in such areas in British India as are subject to the appellate jurisdiction of Chartered High Courts.

### Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 27th February, 1935 :—

L. A. BILL No. 17 OF 1935.

*A Bill further to amend the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898 ; It is hereby enacted as follows :— V of 1898.

Short title. **1.** This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 .

Amendment of section 205, Act V of 1898. **2.** In sub-section (*1*) of section 205 of the Code of Criminal Procedure, 1898, for the words " Whenever a Magistrate issues a summons, he may," the words " A Magistrate may," shall be substituted. V of 1898.

STATEMENT OF OBJECTS AND REASONS.

Cases have arisen where justice demanded that the personal appearance of the accused be dispensed with, but section 205, Criminal Procedure Code, stood in the way. The Courts had to circumvent these provisions by adopting the procedure of first cancelling the warrants and then ordering the issue of the summons in order to make the section cover the case. The proposed amendment will bring the law in conformity with the established practice.

### Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 27th February, 1935 :—

L. A. BILL No. 18 OF 1935.

*A Bill further to amend the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898 ; It is hereby enacted as follows :— V of 1898.

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 .

Amendment of section 386, Act V of 1898.

2. In the proviso to sub-section (*1*) of section 386 of the Code of Criminal Procedure, 1898, the words "unless for special reasons to be recorded in writing it considers it necessary to do so " shall be omitted. V of 1898.

STATEMENT OF OBJECTS AND REASONS.

The amendment of section 386 is intended to do away with a hardship. If the Magistrate thinks that the accused is rich enough to pay fine, he need not pass a sentence of imprisonment in default of fine, while if the accused, in the opinion of the Magistrate, is unable to pay the fine he should order imprisonment in default. In case the accused undergoes this sentence, he should not be further harassed by attachment of his property, otherwise the provision involves a double penalty.

### Legislative Assembly Department.

The following Bill*[1] was introduced in the Legislative Assembly on the 13th March, 1935 :—

L. A. BILL No. 21 OF 1935.

*A Bill to amend the Indian Tariff Act, 1934, for certain purposes.*

WHEREAS it is expedient to amend the Indian Tariff Act, 1934, for the purposes hereinafter appearing ; It is hereby enacted as follows :— XXXII of 1934.

Short title and commencement.

**1.** (*1*) This Act may be called the Indian Tariff (Amendment) Act, 1935.

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Amendment of the First Schedule, Act XXXII of 1934.

**2.** In the First Schedule to the Indian Tariff Act, 1934,— XXXII of 1934.

(*1*) for the entry "Rs. 2 per cwt." in column 4 against Item 10 (1) the entry "Re. 1-8 per cwt." shall be substituted, and for the entry "March 31st, 1935" in column 7 against the same item the entry "March 31st, 1936" shall be substituted ;

(*2*) after Item 10(1) the following new item shall be inserted, namely :—

| | | | | | |
|---|---|---|---|---|---|
| "10(2) | Broken RICE. | Protective | Twelve annas per Indian maund of 82 2/7 lbs. avoirdupois weight. | .. | .. | March 31st, 1936." ; |

and

(*3*) for the entry "Rs. 2-8 per cwt." in column 4 against Item 11(1) the entry "Re. 1-8 per cwt." shall be substituted, and for the entry "March 31st, 1935" in column 7 against the same item the entry "March 31st, 1936" shall be substituted.

---

*The Governor General has been pleased to accord the sanction required by section 67(2) of the Government of India Act.

## STATEMENT OF OBJECTS AND REASONS.

Since the passing of the Wheat Import Duty (Extending) Act, 1934, the Government of India have continued to watch the situation in India and in other world markets. Indian wheat is still out of parity with world prices and there are still in existence considerable stocks which constitute a possible menace to the Indian wheat grower. At the same time the situation has exhibited marked signs of improvement and the Government of India are of opinion that it is now possible to reduce the import duty from Rs. 2 to Re. 1-8 per cwt. It is also proposed to restore the former equality in the levels of the duties on wheat and wheat flour.

2. For some time past the imports of foreign rice into India, especially into the Madras Presidency have been the cause of some alarm to the Indian rice producer. In the last year particularly these imports have reached very considerable proportions and detailed investigations have shown that broken rice, which constitutes the major portion of those imports from abroad, is a very serious competitor with certain of the better grades of rice produced in Madras. The Government of India are, therefore, of opinion that in the interests of the Indian rice grower an import duty at the rate of twelve annas per maund should be imposed on imports of broken rice of foreign origin.

3. It will be remembered that the Wheat Import Duty Act was repealed when the consolidating Indian Tariff Act was passed last September and that the duties, which it is proposed to continue are now an integral part of the Schedule to that Act. The legislation necessary to continue the operation of the wheat and wheat flour duties therefore takes the form of an amendment to the Indian Tariff Act and not as on former occasions of a special Bill extending the life of the Wheat Import Duty Act.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 28th March 1935.

### Forecast of the Rabi Crops of Bengal for 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under summer rice in Bengal has represented some 0·4 per cent. of the total area under rice in British India.)

*Character of the season.*—At the outset weather was wet for the preparatory tillage. From the middle of October dry weather prevailed facilitating field operations of early spring crops. Rainfall in the first week of November somewhat affected the crops in some districts. Subsequent dry weather was helpful to further sowings and germination. Occasional winter showers helped growth and development generally. Injury was caused to tobacco by hailstorms in some districts. The season, on the whole, was satisfactory this year.

*Acreage.*—The normal area under the different rabi crops dealt with in this forecast is estimated at 3,517,000 acres. The area actually sown this year is reported to be 3,093,700 acres as against 2,877,200 acres last year. Of this, the area under summer rice is reported at 407,900 acres as against 398,500 acres last year and that under tobacco is 307,600 acres as against 285,700 acres last year.

*Outturn.*—According to District Officers' estimates, the average outturn of the different rabi crops for the province as a whole works out at 85 per cent. of the normal as against 78 per cent. last year, the outturns for the more important rabi districts being as follows:—Mymensingh 100, Dacca 76, Rangpur 93, Murshidabad 83, Faridpur 92, Pabna 68, Noakhali 70, Rajshahi 81, Tippera 75, Bakarganj 95, Jalpaiguri 84, Malda 85, Nadia 74, Bogra 74 and Jessore 68.

*Summer rice and tobacco crops.*—The outturn of summer (boro) rice, according to district estimates, is 93 per cent. of the normal as against 91 per cent. last year. The gross yield of the crop for the province on a basis of the normal yield of 15 maunds of clean grain per acre is estimated at 209,000 tons this year as against 199,800 tons last year.

The outturn of tobacco crop is estimated at 88 per cent. of the normal as against 81 per cent. last year. Taking 14½ maunds as the normal yield of the crop per acre, the gross yield of the crop for the province this year is estimated at 144,200 tons as against 123,300 tons last year.

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 27th March 1935.**

**Summary.**—During the week light to moderate rain fell over the greater part of the province. More rain is needed for the cultivation of jute and paddy. Harvesting of spring crops is almost finished. Prospects of standing crops are generally fair. During the week ending Saturday, the 23rd March 1935, 1,923 persons attended different relief centres and 722 persons received gratuitous relief in the distressed areas of Murshidabad. In Birbhum and Bankura, 6,849 and 1,504 persons, respectively, were employed on test relief works on Saturday, the 22nd March 1935. The average price of common rice for the province has fallen by about 0·14 per cent. as compared with that of the previous week.

## NOTIFICATIONS.

No. 3769A.—2nd April 1935.—The following rules made by the Burial Board for the town and suburbs of Calcutta, under section 8 of Calcutta Burial Board's Act, 1881 (Bengal Act V of 1881), in supersession of section VI of the rules published in notification No. 10734A., dated the 9th August 1930, have been sanctioned by the Governor in Council and the fees and charges prescribed therein have been sanctioned by the Government of India:—

*VI.—Fees and Charges.*

1. The following fees shall be payable to the Board in respect of any burial in a non-masonry grave in any cemetery under the care of the Board:—

| | Full size grave (7 feet by 2 feet). | Medium size grave (5 feet by 2 feet). | Small size grave (3 feet by 2 feet). |
|---|---|---|---|
| | Rs. | Rs. | Rs. |
| (1) For a funeral in which the coffin is not carried in a hearse but on shoulders .. .. .. | 5 | 4 | 3 |
| Where a hearse is employed, or hand carts .. .. | 10 | 8 | 6 |
| Funerals from charitable institutions .. .. | 1 | 1 | 1 |
| *For pauper funerals .. .. .. | 1 | 1 | 1 |
| 2. For kutcha grave-space .. .. .. | 60 | 45 | 20 |

The grave-space may be purchased at the time of the funeral or later. This should be done within three years from date of burial.

*The poverty of the deceased must be certified by a Minister of Religion, medical practitioner, Magistrate or other public officer, in cases not coming from the police or from any charitable institutions or from hospitals.

3. The charges for the masonry structure of a grave shall be:—

| | Rs. |
|---|---|
| Full size (8′×4′×7′) .. .. .. | 80 |
| Medium size (5′×4′×6′) .. .. .. | 55 |
| Small size (4′×3′×6′) .. .. .. | 40 |

The following charges shall be payable for a masonry grave (grave-space and masonry structure) in any of the cemeteries under the control of the Board:—

| | | Rs. |
|---|---|---|
| Masonry grave, full size (8′×4′ and 7′ deep) | .. | 140 |
| Ditto, medium size (5′×4′ and 6′ deep) | .. | 100 |
| Ditto, small size (4′×3′ and 6′ deep) | .. | 60 |

These charges include the grave-space and the cost of arching.

A fee of Rs. 16 will be charged for opening a grave for re-burial whether masonry or kutcha (the latter cases where the ground has been purchased).

4. If a grave is purchased after the funeral, the amount already paid to the Board (*vide* Rule 1) will be deducted and the difference only charged.

5. Any person acquiring a kutcha grave-space or a masonry grave shall be granted a *pottah* (deed of sale) by the Burial Board over the signature of the Chairman and a fee of Rs. 2 will be charged for Court-fee stamp if the amount is Rs. 100 or over and a fee of Re. 1 only if less than Rs. 100.

6. Extra pieces of land adjoining graves not required for the purpose of interment by the Board may be acquired on payment of Re. 1 per square foot.

7. All fees and charges shall be made payable to the Secretary of the Christian Burial Board in advance. No instalments are allowed.

8. A fee of Rs. 3 shall be levied to meet the conveyance charges of Clergymen officiating at all funerals except pauper funerals.

9. Persons or firms applying for permission for burials or for the erection of any monuments shall be responsible for payment in advance of all fees connected therewith.

10. Monuments and additions to monuments shall be charged for at 20 per cent. of their cost subject to a minimum of Rs. 25 for each monument (which minimum, however, shall not apply to additions).

The fee for a headstone shall be Rs. 15.

11. A copy of the registration of the burial over the signature of the Secretary of the Board shall be given on payment of Rs. 2 (or Rs. 2-8 if the document is required for negotiation out of India).

No. 3856A.—2nd April 1935.—In pursuance of sub-rule (*6*) of rule 19 of the Bengal Electoral Rules the Governor in Council is pleased to direct that—

(*1*) the record referred to in the aforesaid rule shall be prepared and maintained by the Secretary to the Government of Bengal in the Legislative Department;

(*2*) the Returning Officer for every constituency for which an election is held shall with due despatch supply to the Secretary to the Government of Bengal in the Legislative Department a return containing the necessary materials for the preparation of the records;

(*3*) the record shall be open to inspection by the public;

(*4*) the record shall contain in addition to the matters specified in sub-rule (*6*) of rule 19 the following particulars, viz.—

(*i*) the date of each election, and

(*ii*) the name of each constituency in which an election has been held;

(*5*) the record of each election shall be maintained for six years from the date of the election; and

(*6*) separate records shall be maintained for general elections and by-elections.

2. Notification No. 5533A.R., dated the 17th December 1923, is hereby cancelled.

E. N. BLANDY,
*Chief Secy. to the Govt. of Bengal (offg.).*

## LOCAL SELF-GOVERNMENT DEPARTMENT.

### NOTIFICATIONS.

**Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.**

**Faridpur.**—No. 2419M.—4th April 1935.—The following draft of a set of by-laws, which has been framed by the Commissioners of the Faridpur Municipality, in the district of Faridpur, under section 417 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st June 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*By-laws under section 417 of the Bengal Municipal Act, 1932, regarding standardization of weights and measures.*

1. In these by-laws the word "vendor" includes a shop-keeper, stall-holder, squatter or other salesman in any market or in any other place within the municipality.

2. All vendors within the municipality shall use—

(*i*) Government standard weights, that is to say, a maund consisting of forty seers, a seer consisting of eighty tolas and a tola consisting of one hundred and eighty grains; and

(*ii*) a standard cubit consisting of eighteen inches for the measure of commodities other than land.

3. The Commissioners shall require the superintendents of the municipal markets or any other officers duly authorised by them in that behalf, and may require the owner, manager or other person in charge of a private market to keep in their custody standards of weights and measures conforming with the standard prescribed in by-law 2 for the purpose of verifying the weights and measures used by any vendor for the sale of articles in any market or in any other place. Such superintendents or other officers duly authorised by the Commissioners shall keep in their custody a die for the purpose of stamping weights and measures, which have been duly verified in the manner provided in by-law 4.

4. The superintendent of a municipal market or any other officer duly authorised by the Commissioners in that behalf, shall, not less than once in every three months, test and verify the weights and measures used by each vendor in every market or other place by comparison with the aforesaid standards and shall also similarly test and verify every weight or measure that may be brought to him by any person at his office for the purpose of verification; and if, in either case, he finds the same to be correct, shall stamp it with the die mentioned in by-law 3 by way of verification on payment of such fee, not exceeding annas four in each case as the Commissioners may from time to time direct:

Provided that weights and measures once stamped shall not be stamped with the die a second time unless the stamp has become faint or obliterated.

**Jalpaiguri.**—No. 2421M.—4th April 1935.—The following draft of a set of by-laws, which has been framed by the Commissioners of the Jalpaiguri Municipality, in the district of Jalpaiguri, under section 414 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 20th June 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*By-laws under section 414 of the Bengal Municipal Act, regulating slaughter-houses for the slaughter of animals meant for human consumption.*

1. Animals shall be slaughtered as humanely as possible.

2. No dogs shall be permitted within the slaughter-house.

3. *Hours of work.*—The hours of work fixed by the Commissioners shall be conspicuously printed on a board with the name of the lessee and displayed in a conspicuous place in the slaughter-house.

4. The slaughter-house shall be sufficiently lighted to allow for work after dusk.

5. Trees shall not be permitted to overhang the premises. The slaughter-house may be enclosed by wire-netting to prevent the entrance of birds.

6. No portion of the slaughter-house shall be used for living or sleeping unless it is separated from the place where animals are slaughtered by a substantial wall and contains a window or windows opening directly

to the air and of dimensions not less than one-tenth of the superficial area of the floor space.

7. No person suffering from any contagious or infectious disease shall be employed or allowed to enter the slaughter-house.

8. Bones, offal, gut, hoofs, horns and other refuse shall be kept in properly constructed, covered and removable vessels made of non-absorbent material until arrangements can be made to remove them.

9. At the close of every working day every floor or pavement shall be thoroughly washed and all fragments of gut, blood or other matters detached in the process of disembowelling and skinning shall be collected and placed in suitable vessels or receptacles to be forthwith removed with their covers from the slaughter-house for disposal in a manner approved by the Commissioners. Each such vessel shall be constructed of non-absorbent material and shall have a closely fitting cover and shall contain a sufficient quantity of deodorant or disinfectant.

10. At the close of every working day every bench, table, tub, vessel, utensil or implement, which has been in use during the day, shall be thoroughly cleansed with water containing a deodorant or disinfectant.

11. At the close of every working day all filth, blood or refuse which may have been splashed upon any inside portion of the slaughter-house shall be removed by scraping or other effectual means.

12. Every vessel or receptacle when not in use shall be kept thoroughly clean.

13. Within the first ten days of March, June, September and December the interior of the slaughter-house above the floor or pavement shall be thoroughly washed with hot lime-wash if such place has been in use as a slaughter-house since the last occasion on which it was so washed:

Provided that if any part thereof is covered with impervious material, it shall be sufficient to cleanse the same thoroughly with water.

14. The interior of the slaughter-house shall not be allowed, by reason of want of repair to the surface thereof, to facilitate the absorption of any liquid filth or refuse or other noxious or injurious matter.

15. *Inspection of meat.*—The licensee shall permit the meat to be inspected after slaughter by a competent person appointed by the Commissioners in this behalf to find out cyste cercus cellulose, tubercular infection or any other infective or unwholesome condition of the carcass. Carcasses showing signs of tubercular infection or encysted tape worms (cyste cercus cellulose) shall be destroyed.

16. If the Commissioners arrange for the meat to be stamped after inspection by a competent person to indicate the quality of the meat or if they fix prices for different grades of meat to be sold in public markets, the licensee shall permit the meat to be so stamped and shall sell the meat at the prices fixed.

17. *Penalty.*—The breach of any of the above by-laws shall render the license of any private slaughter-house liable to suspension.

**Tippera.**—No. 2431M.—4th April 1935.—The following draft of a notification, which the Government of Bengal (Ministry of Local Self-Government) intend to issue in exercise of the power conferred by clause (*a*) of section 2 of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919), is published as required by the second proviso to that section, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 20th June 1935, and any objection or suggestion with regard thereto, which may be received by the undersigned through the District Magistrate before that date, will be duly considered:—

**Draft notification.**

In exercise of the power conferred by clause (*a*) of section 2 of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919), the Government of Bengal (Ministry of Local Self-Government) are pleased to extend to the Brahmanberia Municipality, in the district of Tippera, all the provisions of the said Act except sub-section (*1*) of section 6.

**Jalpaiguri.**—No. 2435M.—4th April 1935.—The following draft of a set of by-laws, which has been framed by the Commissioners of the Jalpaiguri Municipality, in the district of Jalpaiguri, under section 460 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 15th June 1935 and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*By-laws regulating* sarais, dharmasalas *and other lodging houses.*

1. *Penalties—Fine.*—The penalty for infringement of any of the following by-laws shall be—

(*a*) a fine not exceeding the sum stated at the foot of the by-law,

(*b*) in the case of a second or subsequent conviction for a similar offence, a fine not exceeding the sum (if any) stated in that behalf at the foot of the by-law.

2. *Registration and inspection of* sarais, dharmasalas *and other lodging houses.*—The owner of each *sarai*, *dharmasala* or lodging-house shall have the same registered in the office of the commissioners and shall specify at the time of registration the number of persons to be accommodated in each room thereof.

Fine, Rs. 10.

3. The owner or person in charge of each *sarai*, *dharamsala* or lodging-house shall permit the same to be inspected at any time by any officer authorised in that behalf by the commissioners at a meeting.

Fine, Rs. 10.

4. *Prevention of overcrowding and uncleanliness.*—The owner or person in charge of any *sarai*, *dharmasala* or lodging-house shall not allow any room therein to be occupied at any time by a larger number of persons than may be provided with a floor space of not less than 25 square feet and a cubic space of not les than 250 cubic feet per adult person.

*Explanation.*—Two children under ten years of age shall be counted as one adult person for the purposes of this by-law.

Fine, Rs. 10.

5. The owner or person in charge of a *sarai*, *dharmasala* or lodging-house shall see that the rooms and other parts thereof and the surroundings thereof are kept clean and well-ventilated and that proper and sufficient arrangements are made for conservancy with separate privies and urinals for the use of males and females, and for drinking water for the use of the inmates.

Fine, Rs. 10.

6. *Precautions in the case of outbreak of infectious diseases.*—In the event of an outbreak of any infectious or contagious disease in a *sarai*, *dharamsala* or lodging-house, the owner or person in charge thereof shall at once give information to the commissioners respecting the existence of such disease.

Fine, Rs. 10; on a second or subsequent conviction Rs. 50.

7. If any person is attacked with an infectious or contagious disease in a *sarai*, *dharamsala* or lodging-house, the owner or person in charge thereof shall take immediate steps for the segregation of other healthy inmates thereof and shall adopt such precautionary measures as may be directed by the commissioners.

Fine, Rs. 10; on a second or subsequent conviction Rs. 50.

8. *General.*—The owner or person in charge of a *sarai*, *dharamsala* or lodging-house shall not allow the same to be used for immoral purposes.

Fine, Rs. 10.

9. The owner or the person in charge of a *sarai*, *dharamsala* or lodging-house shall not allow a leper or other person suffering from an open sore or any loathsome or contagious disease to be employed in or to assist in the carrying on of any business in, or to enter or occupy any portion of such place.

Fine, Rs. 10.

No. 2692F.—8th April 1935.—In exercise of the powers conferred by rules 41 and 42 of the Civil Services (Classification, Control and Appeal) Rules, and with the previous sanction of the Governor-General in Council as required by rule 11 of these rules, the Governor in Council and acting with his Ministers is pleased to make the following amendment to the Contributory Provident Fund Rules (Bengal), namely:—

**Amendment.**

Below sub-rule (*3*) of rule 4, the following note shall be inserted, namely:—

"*Note.*—In the event of an officer of a local body being directly appointed as Assistant Director of Public Health or Director of Public Health Laboratory, the amount standing to his credit in the provident fund maintained by the local body may be transferred to his credit in the Fund."

No. 2711F.—8th April 1935.—In exercise of the powers conferred by rules 41 and 42 and clause (*d*) of rule 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers hereby makes the following amendments to the Bengal Services (India Provident Fund) (Sterling Accounts) Rules, 1934, namely:—

**Amendments.**

I. To sub-rule (*1*) of rule 9 of the said Rules, the following proviso shall be added, namely:—

"Provided that, if subscriptions are recovered in sterling from emoluments drawn in sterling the amount credited in the subscriber's sterling account shall be the sterling amount actually realised."

II. For rule 10 of the said Rules the following rules shall be substituted, namely:—

"10. The amount of any advance from the sum standing to the credit of a Government servant governed by these Rules shall be expressed in sterling, and the amount of any such advance shall be paid in sterling or, if the Government servant desires to be paid in rupees, at the rupee equivalent of the sterling amount converted at the current rate of exchange calculated to the nearest half-penny. If instalments towards the repayment of such advance and the interest thereon are paid in rupees, each instalment shall consist of the number of rupees which converted at the current rate of exchange calculated to the nearest half-penny shall be equal to the sterling amount payable on account of such instalment. If such instalments are paid in sterling the amount credited in the subscriber's sterling account shall be the sterling amount actually paid.

10-A. (*1*) The amount of any substitution or withdrawal from the sum standing to the credit of a Government servant governed by these Rules for the purpose of effecting a policy of life assurance shall be expressed in sterling, and the amount of any such withdrawal shall be paid in sterling, or, if the Government servant desires to be paid in rupees, at the rupee equivalent of the sterling amount converted at the current rate of exchange calculated to the nearest half-penny.

(*2*) (*i*) If the amount withheld or withdrawn on such a policy has under the rules of the Fund to be paid or repaid to the Fund, the subscriber shall proceed as follows:—

When the policy is a rupee or a sterling policy and the subscriber has to repay, the sums withheld or withdrawn himself, he shall

(*a*) if he pays in sterling, pay the amount withheld or withdrawn in sterling, as expressed when the withdrawal was effected, with interest thereon;

(*b*) if he pays in rupees, pay the number of rupees which, converted at the current rate of exchange calculated to the nearest half-penny, is equal to the amount withheld or withdrawn in sterling, as expressed when the withdrawal was effected, with interest thereon.

For the purposes of this sub-rule a subscriber who withheld or withdrew an amount expressed in rupees before the 1st April 1934 shall be assumed to have withheld or withdrawn a sterling amount equivalent to the rupee amount withdrawn converted at the rate of 1*s.* 6*d.*

(*ii*) (*a*) If the Account Officer receives the amount due on a policy in rupees, he will credit the rupee account of the subscriber with the amount of rupees actually received and the sterling account with the sterling equivalent of the amount of rupees actually received converted at the current rate of exchange calculated to the nearest half-penny.

(*b*) If the Account Officer receives payment in sterling for the amount, he will credit the subscriber's sterling account with the amount of that payment and the subscriber's rupee account with the actual rupee proceeds thereof".

III. In the schedule to the said Rules for the figure "14" the figure "15" shall be substituted.

And the said amendments shall have effect and be deemed always to have had effect as though they had been made on the 1st April 1934.

No. 2731F.—8th April 1935.—In exercise of the powers conferred by rules 41 and 42 and clause (*d*) of rule 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council and acting with his Ministers hereby makes the following amendments to the Bengal Services (India Provident Fund) (Sterling Accounts) Rules, 1934, namely:—

**Amendment.**

For rule 14 of the said Rules the following rule shall be substituted, namely:—

"14. (*1*) Where under these rules any payment is to be made to the subscriber in sterling—

(*a*) the subscriber, prior to the date on which payment is to be made, shall send written instructions to the Account Officer intimating the place at which payment is to be made, such place being in a country where the rupee is not legal tender;

(*b*) the Account Officer, on receipt of the written instructions referred to in the preceding clause, shall remit the amount through a bank for payment at the place at which payment is required.

(*2*) When under these rules any payment is to be made in sterling on the death of the subscriber in service to the person or persons entitled to receive the money, the Account Officer shall remit the amount through a bank for payment at the place in which payment is required by such person or persons, such place being in a country where the rupee is not legal tender.

No. 2686F.—5th April 1935.—In exercise of the power conferred by rule 44 of the Civil Services (Classification, Control and Appeal) Rules, the Governor in Council is pleased to make the following rule regulating the pay of Sheristadars or Superintendents in the offices of the District Magistrates, Midnapore, Mymensingh and the 24-Parganas, in respect of persons appointed or re-appointed to Government service on dates prior to the 22nd July 1931. It shall come into force with effect from the date of this order:—

**Rule**

The old rate of pay of the posts, viz., Rs. 225—15—300 shall, in the case of all incumbents who are not the substantive holders thereof on the date this rule comes into force, be converted into the rate admissible for similar posts in other districts (viz., Rs. 200—15—275), *plus* a special pay of Rs. 25 per mensem. This special pay will not be subject to the 15 per cent cut.

## MARINE DEPARTMENT.

### NOTIFICATION.

No. 10Mne. — 23rd March 1935. — The following by-laws made by the Commissioners for the Port of Calcutta under sub-section (*1*) of section 126 and section 127 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), to regulate the discharge of Ethyl Fluid in the Port of Calcutta, subject to the confirmation of the Local Government, is published for general information, as required by sub-section (*4*) of the said section 126.

2. The by-laws will be taken into consideration on the expiry of a month after the first publication of this notification in the *Calcutta Gazette*, and any suggestion or objection with regard thereto received by the undersigned within that period will be considered:—

### Draft by-laws.

1. Ethyl Fluid may be landed at the Commissioners' Docks, Jetties and at the Petroleum Wharf at Budge Budge.

2. No consignment shall be landed at the Docks or Garden Reach Jetties without the previous consent in writing of the Dock Superintendent, at the Calcutta Jetties without the previous consent in writing of the Jetties Superintendent, or at the Budge Budge Petroleum Wharves without the previous consent in writing of the Wharf Superintendent.

3. Ethyl Fluid imported into the Port of Calcutta shall be packed in air-tight drums of substantial quality which shall be marked to show distinctly that they contain Ethyl Fluid.

4. Consignees of Ethyl Fluid shall make previous arrangement with the Collector of Customs, with the Superintendent of the Docks, Jetties, or Budge Budge Petroleum Wharves, as the case may be, for the immediate removal from the Commissioners' premises of the whole consignment.

5. Ethyl Fluid shall only be landed—

(*a*) between the hours of sunrise and sunset, and at such place or places as the Commissioners may direct, and

(*b*) after all disembarking passengers have landed.

6. No discharge of Ethyl Fluid shall commence until—

(1) the following documents are in the hands of the Dock Superintendent, Jetty Superintendent, or the Budge Budge Wharf Superintendent, as the case may be, namely:—

(*a*) Bill of lading, if any, endorsed by shipper of consignment.

(*b*) Delivery order, if any, from the Agent.

(*c*) Duty paid customs bill of entry (endorsed "Passed in full out of Customs control").

(*d*) Detailed invoice for the goods.

(*e*) A Commissioners' challan properly endorsed by their Collection office to show that the Commissioners' charges have been paid in full,

(2) the necessary road and rail vehicles, in the case of delivery at the Docks or Jetties, are in position to receive the consignment, and

(3) the Superintendent concerned has satisfied himself that the equipment and material necessary for dealing with any leakage found or which might occur during discharge are available for immediate use, the requisite equipment and material being supplied by the consignee.

7. When discharge has been permitted every consignment of Ethyl Fluid shall be inspected on board the vessel by the consignee's representative, and an officer appointed by the Superintendent concerned. No Ethyl Fluid drums showing any sign of leakage shall be landed until suitably repaired or placed in a larger receptacle offering sufficient protection from leakage.

8. Discharge of Ethyl Fluid shall be supervised by a responsible representative of the consignee, having adequate technical knowledge of the material.

9. Consignees shall provide labour for handling of vehicles for the immediate removal of the consignment from the Commissioners' premises.

10. At the Docks or Jetties Ethyl Fluid drums shall be discharged from the vessel in wire net slings by the Commissioners' cranes and removed from the slings by the consignee's labour direct to road or rail vehicles. At Budge Budge Ethyl Fluid drums shall be removed direct by the consignee's labour into the consignee's rented premises.

11. After any consignment of Ethyl Fluid has passed over the Commissioners' Docks, Jetties or Wharves, the consignee's representative must inspect the places over which the consignment has been carried and deal with any points where leakage has taken place. This inspection and cleaning must be carried out in the presence of a responsible officer of the Commissioners, and the consignee's representative shall give a certificate that the Port Commissioners' premises are free from contamination and fit for general use.

12. No Ethyl Fluid drums shall in any circumstances be stored in any of the Commissioners' transit sheds or warehouses.

13. Any person committing a breach of any of the foregoing by-laws shall be liable to a fine not exceeding Rs. 500, and when the breach is a continuing breach, to a further fine which may extend to Rs. 200 for every day after the first during which the breach continues.

## DEPARTMENT OF INDUSTRIES AND LABOUR.

### NOTIFICATIONS.

New Delhi, the 28th March 1935.

No. L-1189.—In exercise of the powers conferred by section 16 of the Workmen's Compensation Act, 1923 (VIII of 1923), and in supersession of the Notification of the Government of India in the Department of Industries and Labour, No. L.-1189, dated the 26th June 1924, the Governor General in Council is pleased to direct that an annual return in the form set forth in the Schedule hereto annexed shall be furnished by every person employing workmen who are:—

(A) employed in a place which is a factory within the meaning of clause (*j*) of section 2 of the Factories Act, 1934;

(B) employed within the meaning of clause (*d*) of section 3 of the Indian Mines Act, 1923, in any mine which is subject to the operation of that Act;

(C) employed as railway servants otherwise than in a factory or mine;

(D) employed, otherwise than in a clerical capacity or in a factory or mine, in connection with the operation or maintenance of a tramway as defined in section 3 of the Indian Tramways Act, 1886;

(E) employed in any of the following categories but not falling under any of the foregoing heads, (A), (B), (C) and (D):—

(i) otherwise than in a clerical capacity in the service of any Port Trust or Port Commission within the limits of any port subject to the Indian Ports Act, 1908;

(ii) in the manufacture or handling of explosives in any premises wherein, or within the precincts whereof, on any one day of the preceding twelve months, ten or more persons have been so employed;

(iii) in the service of any fire brigade;

(iv) otherwise than in a clerical capacity in connection with operations for winning natural petroleum or natural gas;

(v) otherwise than in a clerical capacity on any estate which is maintained for the purpose of growing cinchona, coffee, rubber, or tea, and on which on any one day in the preceding twelve months twenty-five or more persons have been so employed;

(vi) otherwise than in a clerical capacity in the generating, transforming or supplying of electrical energy;

(vii) in producing cinematograph pictures intended for public exhibition or in exhibiting such pictures.

2. The return, which shall relate to a calendar year, shall be furnished on or before the 1st February following the year to which the return relates, and the first return shall relate to the year 1935.

3. The return shall be signed (a) by the employer, or where there is more than one employer by any employer, or (b) by any person directly responsible to the employer or employers for the management of the establishment to which it relates.

4. The return shall be furnished:—

(a) for workmen of all categories except (C) in paragraph 1—

(i) in the Punjab—to the Inspector of Factories;

(ii) in other provinces—to the Commissioner for Workmen's Compensation for the area within which the said workmen are normally employed unless the local Government by notification in the local official Gazette specifies any other authority to whom the return shall be furnished;

(b) for workmen falling in category (C) in paragraph 1—

to the Secretary to the Railway Board (Railway Department), Government of India.

5. When the local Government or the Railway Board so direct the return shall be furnished in duplicate.

6. Notwithstanding anything hereinbefore contained, the aforesaid return is not required to be submitted by any employer in respect of compensation paid on account of injuries suffered by his workmen during any period for which his liability under the Act has been insured with a Mutual Indemnity or other Insurance Company or during which he is a member of an association of employers which deals on behalf of its members with claims for compensation under the Act, if such company or association has with the consent of the local Government undertaken to submit returns as nearly as may be in the form set forth in the Schedule hereto annexed in respect of the employers insured with such company or belonging to such association. Such undertaking shall provide that the said returns shall be submitted not later than the 1st February, or at the discretion of and subject to such conditions as the local Government may impose, the 1st March following the year to which they relate.

### RESOLUTION.

New Delhi, the 30th March 1935.

No. 7 (24)-T. & E. (R. A.).—Rule 22 of the Auditor's Certificates Rules, 1932, empowers the Governor General in Council to recognise institutions for preparing candidates for admission to the First Examination held under those Rules. A number of applications for such recognition have been received and considered during the past few years. In the light of the experience now gained in dealing with these applications and in order to meet partly the cost of the inspection of the institutions the Governor General in Council has been pleased to decide that the following conditions should be observed with effect from the 1st April 1935 in the matter of recognition of institutions:—

(1) Every institution so recognised shall pay a recognition fee of Rs. 25 when recognised for the first time, and an annual fee of Rs. 25. The annual fee shall be due and payable on the 1st April in each year.

(2) Every institution applying for recognition for the first time shall along with the application, make an initial deposit of Rs. 50

which shall not be refunded in any circumstances. If the institution is accorded recognition, a sum of Rs. 25 out of this initial deposit shall be treated as recognition fee and the balance of Rs. 25 shall be credited towards the first year's annual fee payable by the institution.

(3) The Governor General in Council may withdraw permanently or temporarily recognition accorded to an institution—

(*a*) from which the annual fee has not been received on the expiry of three months from the date on which it became due; or

(*b*) which the Governor General in Council considers, after making such enquiry as he may deem necessary, not fit any longer to remain on the list of recognised institutions.

---

ORDER:—Ordered that a copy of the above Resolution be communicated to all Departments of the Government of India, except Army Department; the Central Board of Revenue; the Auditor General in India; the Accountant General, Central Revenues; the Director General of Commercial Intelligence and Statistics; the High Commissioner for India, London; the Indian Trade Commissioner, London; and the Canadian Government's Trade Commissioner in India.

Ordered that a copy be forwarded to all local Governments and Administrations, and the Residents in Mysore and at Hyderabad.

Ordered that a copy be also forwarded to all Members of the Indian Accountancy Board; all Chambers of Commerce and Associations in India and Burma; the Indian Society of Accountants and Auditors, Bombay; the Society of Auditors, Madras, the Editor, the Indian Accountant, Lahore; the Incorporated Accountants' Bombay and District Society, 49, Apollo Street, Fort, Bombay and the Incorporated Accountants' Bengal and District Society, Calcutta.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for themaintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

## Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated under section 72 of the Government of India Act.

**GOVERNMENT OF INDIA.**

**Legislative Department.**

*New Delhi, the 1st April, 1935.*

ORDINANCE No. II OF 1935.

AN

ORDINANCE

*Temporarily to provide for the deduction at source of income-tax and super-tax.*

WHEREAS an emergency has arisen which makes it necessary temporarily to provide for the deduction at source of income-tax and super-tax under the provisions of section 18 of the Indian Income-tax Act, 1922; XI of 1922.

NOW THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, the Governor General is pleased to make and promulgate the following Ordinance:—

Short title.

1. This Ordinance may be called the Indian Taxes on Income (Deduction at Source) Ordinance, 1935.

Temporary provision for deduction of tax at source.

2. For the period beginning on the first day of April, 1935, and ending as soon as an Act entitled *The Indian Finance Act, 1935*, shall have come into operation the rates applicable to the recovery of income-tax and super-tax required to be deducted under section 18 of the Indian Income-tax Act, 1922, shall be the rates specified in the Second Schedule to the Indian Finance Act, 1934, increased in each case, except in the case of incomes of less than two thousand rupees, by one-sixth of the amount of the rate, and reduced, in the case of such incomes, by one-third of the amount of the rate. ## Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules

### GOVERNMENT OF INDIA.

#### Legislative Department.

The following Bill was introduced in the Council of State on the 14th March, 1935 :—

C. OF S. BILL No. 3 OF 1935.

*A Bill further to amend the Aligarh Muslim University Act, 1920, for a certain purpose.*

WHEREAS it is expedient further to amend the Aligarh Muslim University Act, 1920, for the purpose hereinafter appearing ; It is hereby enacted as follows :— XL of 1920.

Short title and commencement.

**1.** (*1*) This Act may be called the Aligarh Muslim University (Amendment) Act, 1935.

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Addition of new section 41 to Act XL of 1920.

**2.** After section 40 of the Aligarh Muslim University Act, 1920, the following new section shall be added, namely :— XL of 1920.

Appointment of Pro-Vice-Chancellor not obligatory.

"41. Nothing contained in this Act or in any Statute, Ordinance, or Regulation thereunder shall be deemed to make the appointment or reappointment of a Pro-Vice-Chancellor obligatory and every reference therein to the Pro-Vice-Chancellor shall be construed as referring to the Pro-Vice-Chancellor, if any."

## STATEMENT OF OBJECTS AND REASONS.

In accordance with section 16 of the Act, the appointment of a Pro-Vice-Chancellor is obligatory.

During recent years the proposal that the post should be abolished has met with support on financial and other grounds. On the recommendation of the Court, the University, in their letter dated June 2, 1934, requested the Government of India to introduce amending legislation accordingly.

2. The Government of India, however, were reluctant (and so were the Visiting Board) to have the post abolished, as many were of opinion that an educational head of an educational institution was required. The matter was therefore reviewed by the Court at its meeting held in November last and the original proposal was endorsed by 42 votes against 38.

Another effort made to ascertain the views of the Court has elicited the information that opinion is more or less equally divided.

3. After a careful review of the situation, the Government of India have decided to introduce amending legislation whereby the post of Pro-Vice-Chancellor shall be permissive and not obligatory. By this arrangement, it will be possible for the post of Pro-Vice-Chancellor to be filled at times when the University consider such action to be desirable : but the University will *not* be compelled (as now) to fill the post at times when a Pro-Vice-Chancellor does not appear to be required.

## GOVERNMENT OF INDIA.

### Legislative Department.

The following Bill was introduced in the Council of State on the 18th March, 1935 :—

C. OF S. BILL NO. 4 OF 1935.

*A Bill to protect the Milch Cattle.*

WHEREAS it is expedient to remove the ordinary preventible causes for the shortage of milch cattle and also the reduction in the quantity of the supply of pure milk in the country ;

AND WHEREAS the slaughter of such cattle for the purposes of trade in dry meat have largely contributed to the said reduction in the milk supply ;

It is hereby enacted as follows :—

**1.** (*1*) This Act may be called the Indian Milch Cattle Protection Act, 193 .

(*2*) It shall extend to the whole of British India.

(*3*) It shall come into force on the
193 .

**2.** Milch cattle shall mean and include cows and buffaloes which are giving milk and their she-calves.

**3.** Any person who sells milch cattle to a butcher or to any other person with the knowledge that such cattle are going to be slaughtered or any person who slaughters a milch cattle either for the consumption of the meat of such cattle within British India or for the purposes of exporting meat of such cattle outside, shall be punished with imprisonment for six months or a fine up to a maximum of Rs. 500 or with both.

**4.** On conviction for an offence under this Act, the milch cattle meat in respect of which the offence is committed shall be forfeited.

**5.** All offences under this Act shall be cognisable and bailable and shall be triable in the same manner as prescribed for warrant cases by a magistrate of the first class.

### STATEMENT OF OBJECTS AND REASONS.

Pure milk is a staple food required for the nourishment and nutrition of the babies born in this country whose lives are very valuable to the Indian nation as a whole and who are future hopes of the country as well. The increasing scarcity of pure milk largely due to the daily slaughter of milch cattle in the country in considerable numbers have of late contributed mainly to the increased rates in the infant mortality. It is also an every day experience to all of us that pure milk whenever required for invalids and the sick either in the hospitals or in the private houses is not readily available. The ghee and butter supply in the country has also been considerably reduced due largely to the slaughter of milch cattle in large numbers. Consequently, the health of the people in the country has greatly deteriorated and the average longevity of persons living in this country has been considerably reduced. The object of this Bill is to combat these evils as far as possible.

## SUPPLEMENT.

### Official Papers.

### DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 5th April 1935.

### Third Forecast of the Wheat Crop of Bengal, 1934-35.

(*Note.*—On an average of the five years ending 1932-33, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1932-33, averaged (*a*) 41·4 and (*b*) 10·8 per cent., respectively.)

*Character of the season.*—Since the issue of the second forecast in February last, the outturn has improved in the district of Murshidabad as well as in Darjeeling and Rangpur. Elsewhere the conditions have remained unchanged. The season, on the whole, has been favourable.

*Acreage.*—According to District Officers' estimates, the total area sown amounts to 154,700 acres this year as against 145,500 acres both in the corresponding and final forecasts of last year.

*Outturn.*—The average outturn for the province as worked out from district estimates, is 90 per cent. of the normal as against 76 per cent. both in the corresponding and final forecasts of last year.

Taking the normal yield to be 10 maunds per acre, the gross yield of the crop for the province is estimated at 51,100 tons this year as against 40,600 tons both in the corresponding and final forecasts of last year.

K. McLEAN,

*Director of Agriculture, Bengal (offg.).*

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 3rd April 1935.**

**Summary.**—Excepting light to moderate showers in some West Bengal districts, the week was practically rainless. More rain is needed for the cultivation of autumn crops and for the growth of standing crops generally. Harvesting of spring crops is almost over. During the week ending Saturday, the 30th March 1935, 9,387 persons attended different relief centres and 757 persons received gratuitous relief in the distressed areas of Murshidabad. In Birbhum and Bankura, 2,500 and 986 persons, respectively, were employed on test relief works on Saturday, the 30th March 1935. The average price of common rice for the province has fallen by about 0·23 per cent. as compared with that of the previous week.

Note.—Since the 1st January 1929 the datum of all gauges has been finally altered to refer to the Bengal Public Works Department datum which is 6·25 feet above levels recorded since each gauge was established have been prepared.

*The zero of the Buxar gauge has been checked from the G. T. S. Bench marks Nos. 125 and 126 on line 70K and found to be 169·91 feet above the Bengal P. W. D.

†On and from 1st January 1931, high water level and low water level readings are shown at Swarupganj.

(A) The value of zero of gauge at the station was 35·23 P. W. D. datum from 1st February 1935 to 12th February 1935 and 34·55 P. W. D. datum from 13th February February 1935 to 28th February 1935—3·50.

(a) Includes figures for the Eden Canal which was amalgamated with the Damodar Canal system during the year under review.

3. **General.**—The total capital expenditure of the department during the year 1933-34 was Rs. 9,12,019 after deducting receipts and recoveries on capital account amounting to Rs. 9,476 as against Rs. 13,24,967 in the previous year. Of this amount, Rs. 9,09 011 was spent on the Damodar Canal Project and the remainder on the Bakreswar Canal, the Grand Trunk Canal and the Madaripur Bil Route projects.

The only important new project under construction during the year was the Damodar Irrigation Canal in the districts of Burdwan and Hooghly. The construction was started in 1926-27 and is now nearing completion. The canal was formally opened on the 2nd September 1933 by His Excellency the Right Hon'ble Sir John Anderson, P.C., G.C.B., G.C.I.E., Governor of Bengal. The head weir at Rondia where the opening ceremony took place has been named after His Excellency the "Anderson Weir." The Canal has been designed to irrigate about 200,000 acres of land in the districts of Burdwan and Hooghly. The works already completed command an area of 41,561 acres, but, owing to the well-distributed rainfall during the kharif season and to the failure of the local cultivators to appreciate the benefits of irrigation by silt-laden canal water, an area of 5,580 acres only came under operation during the year.

The Bakreswar Irrigation Scheme in the district of Bankura, which was taken up in 1927, was completed during the year. The total length of the main canal and distributaries under operation was 21 miles 4,070 feet and the total area under irrigation was 7,361 acres as against an estimated area of 10,000 acres. The area under lease was irrigated satisfactorily and the outturn of crops was the maximum known for many years past in that area.

The newly constructed locks and sluices on the Lower Kumar river (Madaripur Bil Route) were in operation during the year. Although the conditions in the river have changed since the locks and sluices were projected, indications are apparent that they can prove useful in reducing siltation in the river.

The Grand Trunk Canal has been held in abeyance. A small capital expenditure was incurred as in previous years on the upkeep of buildings on the acquired land and on petty establishment and tools and plant.

The expenditure on revenue account during the year amounted to Rs. 27,85,699, of which Rs. 2,79,747 was spent on irrigation works proper, the principal items being the Midnapore, the Bakreswar and the Damodar and the Eden Canals. The Eden Canal having been amalgamated with the Damodar Canal system, the account of the former was incorporated in that of the latter during the year under review. The expenditure on the Midnapore Canal was Rs. 1,50,361, which included Rs. 36,341 for maintenance and repairs and Rs. 1,12,763 for overhead charges. The expenditure on the Bakreswar Canal was Rs. 13,680, while that on the Damodar Canal, including the Eden Canal, totalled Rs. 1,05,074. The rest of the expenditure was on navigation, embankment and drainage works. The expenditure on navigation was mainly for (1) upkeep of five big suction dredgers, (2) maintenance of the Hijili Tidal Canal, (3) maintenance of the steamer and boat routes from Calcutta to Eastern Bengal and Assam, including the reconstruction of the bridges over the Calcutta Canals and Tolly's Nala, to the costs of which the Calcutta Improvement Trust and the Calcutta Corporation contributed in certain cases, and (4) conservancy of some of the principal navigable rivers of the province, such as the Ganges, the Dhalleswari and the Buriganga. The expenditure on the Calcutta and Eastern Canals was Rs. 4,83,742 as compared with Rs. 5,05,868 in 1932-33. Reconstruction work was carried out on the Alipore, Chitpore and Ultadanga (now called Ghuznavi) bridges. The expenditure on the Hijili Tidal Canal, the Sundarbans Steamer Route and the Madaripur Bil Route was Rs. 74,696, Rs. 82,905 and Rs. 2,79,612, respectively, as compared with Rs. 39,469, Rs. 1,02,176 and Rs. 2,41,919 in 1932-33, while the cost of upkeep of the dredgers amounted to Rs. 2,33,117 against Rs. 2,55,000 in the previous year. The increased expenditure on the Hijili Tidal Canal was mainly due to silt-clearance of Range II and thorough repairs to the Kalinagore and Terapakhia lock gates, while that on the Madaripur Bil Route was due to heavy dredging in the Lower Kumar river. Gross receipts from the Calcutta and Eastern Canals, Hijili Tidal Canal,

Sundarbans Steamer Route and Madaripur Bil Route amounted to Rs. 3,98,816, Rs. 45,515, Rs. 60,062 and Rs. 1,69,199, respectively, as against Rs. 3,90,886, Rs. 61,016, Rs. 57,651 and Rs. 1,95,715 in the previous year. In the case of the Calcutta and Eastern Canals the fall was mainly due to heavy slump in trade, while in the case of the Hijili Tidal Canal it was due to general economic depression, inundation of the Contai subdivision by exceptionally heavy rainfall, which affected inland trade, and closure of Range II of the canal for the purpose of silt-clearance. Diversion of steamer traffic through the Bil Route on account of siltation in the Lower Kumar river and heavy depression in trade are the main causes for the drop in revenue receipts from the Madaripur Bil Route.

The total revenue receipts and working expenses of the department during the year were Rs. 12,99,423 and Rs. 27,85,699, respectively, as against Rs. 10,57,651 and Rs. 24,40,231 in the previous year. Though the total receipts apparently increased by Rs. 2,41,772, the actual revenue from different canals further declined for the reasons stated above. The apparent increase in receipts was due to the transfer of certain spare parts of five suction dredgers to stock (suspense), for which credit of Rs. 2,98,962 was taken in the Revenue Account of the dredgers. The value of the spare parts was, however, debited to suspense, which, as well as the increased expenditure on maintenance in the case of certain works, accounts for the increase in working expenses by Rs. 3,45,468.

One of the principal reasons for the high working expenses in this department is the high percentage of establishment charges. This is due primarily to the system of *pro rata* distribution of charges, which has the effect of debiting works with a share of expenditure on the department's general activities. In accordance with the recommendation of the Sub-Committee of the Bengal Legislative Committee on Public Accounts, Government are now considering the revision of the present system of distribution of establishment charges.

As a retrenchment measure, Government also decided to reduce the cadre of the Indian Service of Engineer officers from the sanctioned strength of 30 to 19, and three members of the service were made to retire compulsorily during the year under review. A substantial reduction was also made in the temporary establishment entertained by this department.

There are still a number of administratively approved major schemes which it has not been possible to execute for want of funds. It was not possible to pursue these during the year, and the policy of Government has still perforce been restricted to smaller schemes of local benefit, such as schemes for making small cuts from live rivers in order to introduce a supply of water into the channels of rivers which have deteriorated. The Ghuznavi Cut (from the Mathabhanga to the Nabaganga), constructed during the previous year, has proved efficient and successful, and other schemes of the same kind are now under examination.

The free flushing of malarious areas as a sanitary measure has been continued and extended. This year an area of 14 square miles outside the commanded area of the Eden Canal was flushed. Certain malarious areas comprising 4,900 acres in the Narayangarh and Pingla thanas of the Midnapore district were also thoroughly flushed with the water of the Midnapore Canal. As an anti-malarial measure, these flushing operations have been very beneficial, as indicated by the following spleen indices in the locality:—

| Area. | Highest spleen index in previous years. | Highest spleen index in 1933. |
|---|---|---|
| | Per cent. | Per cent. |
| Narayangarh .. | 85 (1932) | 59 |
| Pingla .. | 80 (1931) | 57 |

This department maintained about 1,293 miles of embankment during the year under review. The result of this policy has been the reduction of the flood level in the area concerned, and the feasibility of further progress in this direction is under investigation. The total amount spent on maintenance of embankment and drainage works, such as the Magrahat Drainage Works, the Rajapur Drainage Works, etc., was Rs. 11,42,862 as against Rs. 7,85,822 in the previous year. The increased expenditure was due to the value of spare parts of dredgers being debited to stock (suspense) as also to heavy expenditure on repairing damages caused to certain embankments by floods in the Contai subdivision of the Midnapore district

The department has also to deal with the protection of towns from river erosion. During the year under review no protective works were undertaken, but the revetment constructed for the protection of Sirajganj was efficiently maintained and periodical observations of the erosion at Noakhali and Chandpur were made.

The department undertakes surveys and investigations with a view to examining the feasibility of working out schemes for irrigation and drainage purposes: it also conducts discharge observations and collects hydraulic data of all important rivers. During the year under review several surveys were continued from the previous year and several new surveys were undertaken. The most important of these were (1) detailed survey of the Subhankar's Damra Project, (2) survey of the Ajoy Canal Scheme, (3) detailed survey of the Darkeswar Reservoir Project, (4) survey of the Messanjore Reservoir Scheme, (5) discharge observations of important streams and rivers in the Bankura and Birbhum districts and (6) survey of the old Brahmaputra river from its junction with the new channel on the north of Mohanganj to Dewanganj and of the Bahadurabad offtake.

The rainfall during the flood season was greatly in excess of the normal. This abnormal rainfall coupled with upland freshets and high sea-tides resulted in high floods in some of the rivers, particularly the Cossye, the Rupnarain and the Kaliaghya. In the Contai subdivision considerable flooding occurred, and large areas in the lower parts of the district were damaged. In order to relieve flood congestion cuts were allowed in Schedule D and Takavi embankments.

No material damage was caused to any work of this department by the earthquake of the 15th January 1934

The following is a list of important works under execution or in charge of this department:—

(1) The Damodar Canal Project.
(2) The Bakreswar Canal Project.
(3) Locks and sluices in the Lower Kumar river and the Madaripur Bil Route.
(4) Maintaining the Midnapore Canal.
(5) Maintaining the Hijili Tidal Canal
(6) Maintaining the Calcutta and Eastern Canals system, including Tolly's Nalla and Kaorapukur Khal.
(7) Constructing and maintaining the bridges over the Circular and New Cut Canals and Tolly's Nala.
(8) Maintaining the Sundarbans Steamer Route.
(9) Maintaining the Madaripur Bil Route and the Lower Kumar river.
(10) Maintaining the Eden Canal.
(11) Maintaining the Amjore Weir.
(12) Maintaining the Salbund Weir.
(13) Maintaining the Orissa Coast Canal lying within the Province of Bengal.
(14) Maintaining the Nadia Rivers.
(15) Maintaining the Magrahat Drainage Works including the Diamond Harbour sluice of 30 vents which is the largest work of its kind in this province.
(16) Construction of the Dhutkhali Sluice.
(17) Maintaining the Jaboona Drainage Project.
(18) Maintaining the Amta Drainage Project.
(19) Maintaining the Nowee-Sunthi Drainage Project.
(20) Maintaining the Arool Bil Drainage Project.
(21) Remodelling the Hoorhoora and Buxi Khals.
(22) Maintaining the Rajapur and Burrojola Drainage Works.
(23) Maintaining Dankuni Drainage Works.
(24) Maintaining Bullee Bil Drainage Works.
(25) Maintaining Argowal Drainage Works.
(26) Bandalling the Bhagirathi river.
(27) Dredging shoals in the Lower Kumar, Madhumati and Attrabanka rivers.
(28) Maintaining the brick-mattress at Sirajganj.
(29) Protecting the Narayanganj town from erosion by the Sital Lakhya Khal.
(30) Survey and investigation of various irrigation, navigation and drainage projects.

(31) Improving the Lohajung river.
(32) Maintaining the Sarda revetment.
(33) Maintaining 1,245 miles of embankments in the districts of 24-Parganas, Midnapore, Burdwan, Hooghly and Tippera.
(34) Conservancy of the Ganges from Rajmehal to Goalundo.
(35) Training the Mahananda river.
(36) Bandalling the Dhalleswari and Buriganga rivers.

The last three works are carried on by the Joint Steamer Companies on behalf of this department.

4. **The Damodar Canal Project.**—The total capital expenditure (direct and indirect) to the end of the year 1933-34 was Rs. 1,03,25,685 as against the revised estimate of Rs. 78,14,981 sanctioned by the local Government. A second revised estimate, together with an up-to-date financial review of the scheme, has been prepared by the Chief Engineer and is under consideration. The Revenue account of the canal was opened from the 1st April 1933. Revenue and working expenses during the year amounted to Rs. 44,676 and Rs. 1,05,074, respectively.

5. **The Bakreswar Irrigation Scheme.**—The capital expenditure (direct and indirect) to the end of the year amounted to Rs. 7,11,370 as against the sanctioned estimate of Rs. 4,90,596. A revised estimate amounting to Rs. 7,76,452 has been submitted by the Chief Engineer and is now under the consideration of Government.

The gross revenue and working expenses were Rs. 13,710 and Rs. 13,680, respectively. The area irrigated was 7,361 acres.

6. **The Midnapore Canal.**—The canal consists of two weirs at Midnapore and Panskura, 65⅓ miles of main and branch canals used both for irrigation and navigation purposes and 284·97 miles of distributaries and village channels. No capital expenditure was incurred on the canal during the year. The area irrigated was 19,517 acres as against 28,136 acres in the previous year. The diminution in the area irrigated was due mainly to the decrease in demand on account of the fall in the prices of agricultural produce.

The receipts and working expenses were Rs. 1,00,347 and Rs. 1,50,361, respectively, the result being a deficit of Rs. 50,014 as against the deficit of Rs. 43,072 in the previous year. Agricultural depression was the principal cause of the fall in revenue.

7. **The Grand Trunk Canal.**—The project has been held in abeyance since 1927-28. The capital expenditure incurred on the upkeep of buildings on the acquired land and on petty establishment and tools and plant amounted to Rs. 8,870, while receipts and recoveries amounted to Rs. 7,783. The result was a capital expenditure of Rs. 1,087.

8. **The Hijili Tidal Canal.**—This khal with the Terapakhia Pass Khal, Palaboni Khal and the khal leading to the Gewankhali lock entrance constitutes a navigation canal 49¾ miles in length. No capital expenditure was incurred on the canal during the year. The receipts and working expenses amounted to Rs. 45,515 and Rs. 74,696, respectively, as against Rs. 61,016 and Rs. 39,469 in the previous year, the result being a deficit of Rs. 29,181 as against a net revenue of Rs. 21,547 in the previous year. The reasons for the increased working expenses and the further fall in receipts have been explained in paragraph 3.

9. **The Calcutta and Eastern Canals.**—These consist of natural and artificial channels about 834 miles long for maintaining communication between Calcutta and East Bengal. There was no capital expenditure on this system during the year. The receipts and working expenses amounted to Rs. 3,58,618 and Rs. 4,83,742, respectively, as against Rs. 3,90,886 and Rs. 5,05,868 in the preceding year. The result was a deficit of Rs. 1,25,124 as against the deficit of Rs. 1,14,982 in the previous year. The reasons for the further fall in receipts have been explained above.

10. **The Sundarbans Steamer Route.**—This route is about 350 miles long. There was no capital expenditure on the route during the year. The gross revenue and working expenses amounted to Rs. 60,062 and Rs. 82,905, respectively, as against Rs. 57,651 and Rs. 1,02,176 in the preceding year, the result being a deficit of Rs. 22,843 as against the deficit of Rs. 44,525 in the previous year.

11. **The Madaripur Bil Route.**—This route connects the Madhumati and Kumar rivers in the Faridpur district and is about 38 miles in length. A capital expenditure of Rs. 1,589 was incurred during the year on the construction of locks and sluices along the Lower Kumar river. The revenue receipts and working expenses amounted to Rs. 1,68,199 and Rs. 2,79,612, respectively, as against Rs. 1,95,715 and Rs. 2,41,919 in the preceding year. The result was a deficit of Rs. 1,11,413 as against the deficit of Rs. 46,204 in the previous year. The reasons for the increased working expenses and further drop in revenue receipts have been explained above.

12. **Dredgers.**—The dredger "Foyers" was employed on dredging the Lower Kumar and the Attarabanka rivers from the 17th October 1933 to the 19th December 1933 and earned Rs. 17,955 as hire, which was credited to the Revenue Account. It remained idle during the rest of the year. The other dredgers( viz., "Ronaldshay," "Cowley," "Burdwan" and "Alexandra " were laid up throughout the year.

Taking all the dredgers together the receipts amounted to Rs. 3,16,198 which included Rs. 17,955, the hire earned by the "Foyers." The remainder was on account of the credit of the value of the spare parts of the dredgers transferred to "15B.—Stock suspense." The total working expenses amounted to Rs. 2,33,117 as against Rs. 2,55,000 in the previous year.

13. **Minor Irrigation, Navigation, Embankment and Drainage works for which neither capital nor revenue accounts are kept.**—These include the Amjore Weir, the Salbund Weir, the Orissa Coast Canal, the Nadia Rivers, the Magrahat Drainage Scheme, Government embankments and other works enumerated in the list at the end of paragraph 3. The total working expenses on these works during the year amounted to Rs. 13,62,512 as against Rs. 11,34,282 in the previous year. The increased expenditure was due to the debit of the value of the spare parts of the dredgers to "15B.—Stock suspense."

14. **River Training Works.**—Bandalling was done in the rivers Dhalleswari and Buriganga with the objects of maintaining a navigable depth of water during the low water season and of ensuring a supply of good drinking water to the city of Dacca. The work was carried out through the agency of the Joint Steamer Companies with a Government subsidy of Rs. 17,500.

The lower reaches of the Baraitali channel were open to steamer traffic throughout the year, although the offtake was in bad condition during the low water season.

Conservancy operations in the river Ganges between Rajmehal and Goalundo were also undertaken by the Joint Steamer Companies to keep up the line of navigation throughout the year with a Government subsidy of Rs. 18,900.

15. **General economic condition.**—Rainfall was abnormal and the general economic condition of the country continued to be unfavourable. Trade depression together with the fall in the price of paddy and other commodities again entailed a decrease in receipts from irrigation and navigation works.

RESOLUTION No. 2210 L.S.-G.

**Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.**

Read—

The reports of the Commissioners of Divisions on the working of district boards in Bengal during the year 1932-33.

1. *District boards.*—There are 26 district boards in this Presidency. The total number of members rose during the year under review from 693 to 696, the increase being due to the reconstitution of the Jalpaiguri District Board with three additional members. Of these members 449 were elected, 147 were appointed non-officials and 100 were officials—mostly Subdivisional Officers who brought with them their intimate knowledge of the rural areas of their respective subdivisions.

There were elected Chairmen in all the district boards with the exception of three. As usual, the Darjeeling District Board had a nominated official Chairman in the person of the Deputy Commissioners. In Midnapore the District Magistrate was reappointed as Chairman of the district board mainly on the ground that its finances were still not on a sound footing and the affairs of the district board were such as to require the continued personal direction of the District Magistrate. In Bankura the District Magistrate had to assume charge of the district board because the previous Chairmen had permitted the resources of the board to be employed for political and antiGovernment purposes. In the case of Mymensingh the District Magistrate was put in charge of the affairs of the district board to remedy its financial embarrassment and on the reconstitution of the board after a general election, the privilege of electing a non-official Chairman was restored to the board. It is hoped that it may be possible in the near future to do the same in the case of Midnapore and Bankura.

During the year under review 362 meetings were held against 379 in the previous year. Of these 2 proved abortive for want of a quorum and 13 were adjourned, as compared with 2 and 15, respectively, in 1931-32. The percentage of attendance was highest in Dinajpur being 94·2 and lowest in Jalpaiguri and Midnapore being 61·45 and 64·1, respectively. It may be pointed out that on an average more than one-third of the members of these two boards failed to attend their deliberations.

2. *Local boards.*—The number of local boards was 84 as in the previous year. They were presided over by 80 non-official and 4 official Chairmen. The total number of members of local boards was 1,342, consisting of 84 officials, 466 appointed non-officials and 792 elected members. The boards held altogether 686 meetings, against 759 in the previous year. Four meetings failed for want of a quorum and 8 were adjourned. The average percentage of attendance was highest (98·30) at Khulna (Sadar); but low attendance was registered at Katwa (52·77), Gaibandha (50·60), Narayanganj (47·7), Kurigram (46·66) and Nilphamari (36·11). The activities of the local boards were limited owing to the paucity of funds placed at their disposal by the district boards and this not unnaturally resulted in an absence of a real sense of earnestness and responsibility.

In a number of cases the control of pounds was transferred from local to union boards, and the general tendency, as in previous years, was to confine the activities of local boards to the administration of grants for village roads for the repair of unmetalled roads, and (in some cases) for the sinking of tube-wells. Local boards can, however, exercise little supervision over union boards, as there is no connecting link between the two, except that some of the Presidents of

union boards are members of local boards. The union boards, on the other hand, tend to look to the local officials and the district boards for guidance, rather than to the local boards.

The average size of a district is so large that it is not possible for a non-official member of a district board to have that intimate knowledge of the requirements of the rural population which is demanded of him. The average resources of a union board are also too small to enable it to engage the necessary staff and take up the responsibility of looking after important roads and bridges as an agent of the district board.

3. *Union committees.*—There are only 12 union committees in the Presidency, viz., 7 in the Midnapore and 5 in the 24-Parganas districts. Of these only the Contai Union Committee levied a local tax under section 118C of the Local Self-Government Act. The others depended entirely upon allotments from the district boards.

These union committees are an anachronism but they survive in Midnapore because the Village Self-Government Act has not yet been enforced in that district. In the five unions in the 24-Parganas in which union committees continued to function it has not hitherto been possible to form union boards owing to the failure of elections under the Village Self-Government Act in 1930 and subsequently to special circumstances of a local character.

4. *Finance.*—The total receipts excluding opening balance amounted to Rs. 139·41 lakhs against Rs. 138·24 lakhs in 1931-32. The receipts under "Local rates" increased from Rs. 75·80 lakhs in 1931-32 to Rs. 77·87 lakhs; under "Interest—for other purposes," from Rs. 91,000 to Rs. 1,14,000, under "Medical—Contributions from Government", from Rs. 13,68,000 to Rs. 13,85,000, and under "Medical—Sanitary fees and fines," from Rs. 11,540 to Rs. 39,267. The receipts under the latter head amounted in Khulna, Dacca and Rangpur to Rs. 7,527, Rs. 5,107 and Rs. 5,450, respectively, as a result of vigorous steps taken in these districts towards the control of adulterated food-stuffs. The receipts under head "Police" fell from Rs. 1,98,000 in 1931-32 to Rs. 1,78,000; under head "Education—Contribution from Government", from Rs. 212·6 lakhs to Rs. 208·7 lakhs; under "Miscellaneous—Contributions from Government", from Rs. 2·92 lakhs to Rs. 2·61 lakhs and under "Civil Works—Contribution from Government," from Rs. 8·60 lakhs to Rs. 8·10 lakhs. The decrease in the Government contribution was due to the necessity for drastic retrenchment in provincial expenditure.

5. *Expenditure.*—The total expenditure chargeable to current income rose from Rs. 139·04 lakhs in 1931-32 to Rs. 139·66 lakhs. The expenditure under head "Education" rose from Rs. 36·76 lakhs to Rs. 37·51 lakhs (the increase being mostly under the sub-heads "Maintenance of Middle Schools and Primary Schools and grants-in-aid"); under head "Medical", from Rs. 34·47 lakhs to Rs. 34·66 lakhs and under sub-head "Veterinary charges, from Rs. 1·73 lakhs to Rs. 1·82 lakhs. The expenditure under head "Administration" was, however, reduced from Rs. 6·96 lakhs to Rs. 6·89 lakhs; under head "Civil Works—Establishment", from Rs. 9·10 lakhs to Rs. 8·86 lakhs; and under head "Debts" from Rs. 10·24 lakhs to Rs. 9·44 lakhs.

The closing balance increased from Rs. 30·14 lakhs to Rs. 32·87 lakhs. It is satisfactory that in spite of reduced Government contributions district boards increased their expenditure on education and medical relief. It may, however, be observed that reduction in the expenditure under "Civil Works" below the level of adequate requirements may neutralise the improvements made in the past and may eventually lead to the failure of the district boards in the performance of one of their primary functions, viz., the maintenance of an adequate system of communications in the district.

The Commissioner of the Rajshahi Division reports that it is an unsatisfactory feature that many district boards have formed a habit of carrying over from one year to the next a large volume of unpaid dues, such as grants to schools, contributions to dispensaries and hospitals and bills of contractors and others. This state of things make it difficult to gauge the true financial position of a board.

The Commissioner of the Presidency Division reports that some district boards overestimate theiir probable income from cess and undertake large

commitments, only to find at the end that the board has been brought to the brink of financial bankruptcy. The importance of cautious and judicious framing of the budget cannot be too strongly emphasised.

6. *Education.*—The total income fell from Rs. 21·91 lakhs in 1931-32 to Rs. 21·58 lakhs. This was principally due to the reduction in the Government contribution from Rs. 21·31 lakhs to Rs. 20·96 lakhs. The total expenditure on primary education alone, however, amounted to Rs. 28·18 lakhs.

The number of board middle schools was 51 with 4,238 pupils and the receipts from them amounted to Rs. 33,838 against an expenditure of Rs. 1,13,165. This represented a net expenditure of Rs. 19·14 per annum per head from the resources of the boards.

The number of board-aided middle schools was 1,126 with 93,024 pupils and the grant-in-aid to these middle schools and 5 high schools totalled Rs. 7,38,344 representing an expenditure of less than Rs. 8 per head per annum by the district boards. The total number of upper and lower primary schools aided and maintained by the district boards was 51,840 as against 50,409 in 1931-32 and the total number of pupils was 611,470 against 611,700.

The number of aided lower primary schools fell from 38,141 to 36,427 but the number of aided upper primary schools rose from 8,047 to 10,846. The increase in the number of aided upper primary schools affords ground for satisfaction, as a large proportion of boys finishing their education in the lower primary stage lapse into illiteracy and this causes a wastage of educational effort.

It is a hopeful sign that the number of girls in aided upper primary schools rose from 65,803 to 97,323. No mention has been made in the reports of the number of girls' middle schools, if any, in the rural areas and of the amount of the district boards' grants thereto.

The total expenditure of district boards on primary education rose from Rs. 28,08,955 in 1931-32 to Rs. 28,18,423. The total income of primary schools from private sources, however, fell from Rs. 27,44,643 to Rs. 26,36,834. This is ascribed to the prevailing economic depression.

The 24-Parganas District Board maintained 23 free primary schools, and made a special contribution of Rs. 252 for the encouragement of indigenous games. It also paid Rs. 500 to Sanskrit tols for the advancement of oriental studies. The Jessore board maintained 50 free primary schools, and the Biss schools in Khulna district continued to function. The district board of Murshidabad contributed Rs. 50 per month to a high English school for girls. The primary schools in the Burdwan district were under the management and control of union boards except in the Asansol subdivision and parts of Sadar. In Hooghly three union boards maintained free primary schools under the Biss scheme. In Howrah 5 primary schools were maintained under the Biss scheme and 6 under the Griffiths scheme. In Midnapore the district board maintained in all 113 schools, and the Biss schools in Hooghly, Burdwan, and Bankura continued to function under the district boards. The district board of Rajshahi increased its expenditure by Rs. 24,387, but this was largely due to the payment of arrear grants to schools in the Lytton Bridge area of Naogaon where their payment had been suspended owing to a dispute. The Rangpur and Bogra District Boards proposed to make retrenchments by taking the retrograde step of closing down all their middle English schools, but were persuaded not to do so. Both the boards introduced drastic cuts in the pay of teachers and left the grants-in-aid to their schools in arrear. One district board in the Rajshahi Division was found to have diverted Government grants for education to other purposes. The question of the introduction of the optional scheme under the Bengal (Rural) Primary Education Act in seven districts where the district boards agreed to participate, was under the consideration of Government. The Dacca District Board directly managed 205 primary schools and also maintained one model middle English school. The Mymensingh District Board reduced the grants-in-aid to schools of all denominations by 25 per cent. The Faridpur District Board maintained 16 Biss schools The Bakarganj board maintained 276 panchayati union schools, 163 unions being without such schools. There were 53 industrial and technical schools maintained or aided by the district boards, and these imparted instruction to 2,127 pupils during the year under review. Among industrial institutions thus maintained or aided by district boards were

the B. D. Pal Choudhury Technical School at Krishnagar, the Coronation Technical School and the District Weaving School at Khulna, the Moberly Junior Technical and Industrial School at Hooghly, the Industrial School at Belur, the Industrial School at Vishnupur, tthe Weaving Schools at Sultanpur and Suri, the Diamond Jubilee Industrial School at Rajshahi, the Technical School at Burdwan and the Kasi Kishore Technical School at Mymensingh. The district board of Bankura contributed Rs. 1,800 to the Bankura Medical School, Rs. 360 to the Music School at Vishnupur and Rs. 60 to the Girl's Music School at Ajodhya. The district boards of Darjeeling, Dinajpur and Pabna contributed towards the upkeep of the Sadar hospital at Jalpaiguri which is an integral part of the Jackson Medical School. The Deaf and Dumb School at Mymensingh continued to receive liberal grants-in-aid from the district board.

7. *Public health and medical relief.* —The income under head "Medical" fell from Rs. 15·82 lakhs in 1931-32 to Rs. 15·76 lakhs but the expenditure under the head rose from Rs. 34·47 lakhs to Rs. 34·66 lakhs, the main increase being under the head "Sanitation and vaccination," viz., from Rs. 17·44 lakhs to Rs. 17·76 lakhs. Government contribution rose from Rs. 13·68 lakhs to Rs. 13·85 lakhs. The number of dispensaries aided and maintained by district boards rose from 968 to 1,010. There was thus an average of one dispensary for every 70 square miles of area and for every 50,000 of population. There were 643 dispensaries maintained by district boards at an average cost of Rs. 1,730 per dispensary, and 367 aided dispensaries at an average cost of Rs. 902 per dispensary. The average cost of maintenance varied from Rs. 2,411 in Jalpaiguri to Rs. 752 in Faridpur. The district boards of Noakhali and Mymensingh aided 16 and 10 homeopathic dispensaries, respectively, and the district boards in the Rajshahi Division aided 80 such dispensaries. The system of charging fees, introduced in certain districts of the Presidency Division, was followed with success in the Rajshahi Division and quite a large income was derived from this source. The work of the rural public health organisations, for which district boards received grants from Government, was on the whole satisfactory, particularly in controlling epidemics and carrying on propaganda. Sanitary Inspectors did not always get timely information of outbreaks of epidemic in villages and prompt action could not therefore be taken in every case. The present intelligence system is far from perfect.

An experiment to control malaria by the use of plasmochin and quinine under the supervision of the Director of Public Health was undertaken by Government in the Memari thana of the Burdwan district. The Nabaganga-Mathabhanga scheme initiated by the Nandia District Board in co-operation with the Jessore District Board is reported to have been attended with remarkably successful results. The campaign against kala-azar by the provision of facilities for treatment in affected arreas was attended with good results in certain districts of the Presidency, Burdwan and Rajshahi Divisions. Special arrangements for the treatment of leprosy were made by the district boards of Midnapore and Burdwan, and by certain boards in the Rajshahi Division. Effective measures were taken by district boards for the prevention of small-pox. The Minister commends to other district boards the example set by the district boards of Jalpaiguri, Bogra and Pabna in maintaining female vaccinators who did good work among purdanashin ladies.

Action taken by the boards under the Bengal Food Adulteration Act, 1919, resulted in appreciably checking the sale of adulterated food-stuffs in certain districts. District boards are reported to be somewhat handicapped in checking the evil at its source as the place of manufacture of food-stuffs usually lies in a municipal area and the real offenders are usually not the local retailers but the firms which sell wholesale. The district health laboratory at Khulna with its bacteriological section did good work in food-stuff analysis and sanitary examination of water.

A virulent type of cholera prevailed in an epidemic form in the Bakarganj district. The board took vigorous steps by inoculating 177,898 persons with anti-cholera vaccine and disinfecting 3,744 tanks as a preventive measure in the affected areas.

Intensive vaccination was carried on in the Chittagong district and 86,938 primary vaccinations and 95,912 revaccinations were perfomed.

In the Rajshahi Division Government cinema parties which showed films on

health subjects along with others proved very popular and did valuable work in health education.

8. *Veterinary.*—The veterinary receipts decreased from Rs. 4,533 in 1931-32 to Rs. 2,446, but the charges under this head rose from Rs. 1,73,550 to Rs. 1,82,679, the increase being shared by the Burdwan, Rajshahi and Dacca Divisions. The Dacca and Burdwan Divisions showed an increase of Rs. 6,815 and Rs. 3,307, respectively. The increase of more than Rs. 4,000 in Faridpur was primarily due to the payment to Government of the last instalment of the arrear contribution towards the pay of the veterinary assistant surgeons, amounting to Rs. 3,366, which could not be paid in the previous year owing to financial stringency. Considerable progress was made by the Malda District Board in fodder-growing and improvement of cattle. The importance of making sufficient provision for fodder was again stressed by the Commissioner of the Rajshahi Division, as an important veterinary problem of the province is the chronic starvation of the cattle. Intensive propaganda would appear to be the most effective method whereby the villager can be made to realize that he will not get good ploughing for his fields or good milk for his children unless his bullocks and his cows are well fed, and that his bullocks and his cows will never be properly fed until he grows good fodder for them. The public health demonstration and cinema parties preached this gospel during the course of the year, but a great deal of educative work obviously remains to be done. Many animals are, even at present, allowed to die of starvation, and far too many are in consequence imported from other provinces. Some of the boards paid considerable attention to the improvement of stock; and the Midnapore and Bakarganj boards maintained seven and eight stud bulls, respectively. In Malda Rs. 570 was spent on the purchase of young bulls for stud purposes.

9. *Civil Works.*—The total receipts under the head fell from Rs. 16,37,603 in 1931-32 to Rs. 15,68,884. The decrease was mainly due to the decrease in Government contribution from Rs. 8,60,242 to Rs. 8,10,814; in ferry receipts from Rs. 5,42,018 to Rs. 5,10,432; and in miscellaneous receipts from Rs. 35,342 to Rs. 18,953. The total expenditure under the head fell from Rs. 51,54,909 to Rs. 50,64,007. The main decrease was under "Original Works- Buildings," from Rs. 1,56,936 to Rs. 1,06,444; under "Water-supply (original)", from Rs 5,48,529 to Rs. 4,43,356; and under "Establishment", from Rs. 9,10,959 to Rs 8,86,314. The expenditure under head "Communications (original works)" increased from Rs. 6,19,473 to Rs. 6,58,648. The total expenditure on communications was Rs. 29 76 lakhs, representing about 40 per cent. of the total receipts from local rates. The increase in expenditure under "Communications" was due mainly to subventions from the Central Road Fund, rather than to any additional expenditure by the district boards from their own funds. District boards in general actually showed a tendency to curtail expenditure under this head for reasons of financial stringency. There was a large increase of Rs 75,996 in expenditure from district board funds in the Rajshahi Division; the increase of Rs. 84,819 in the Dacca Division was due to expenditure against contributions from the Provincial share of the Road Account. In the Presidency Division all the districts reduced their expenditure on roads except the 24-Parganas which spent Rs. 9,988 more under the head "Communication— New Works" than in the previous year. The reconstruction of the Jhenidah-Magura Road, for which a total allotment of Rs. 1 lakh was received during the year under review and in the previous year from the Road Account, continued to make progress and a total sum of Rs. 55,948 was expended during the year on this project. In the Burdwan Division the decrease was shared by all districts except Bankura, the largest fall (Rs. 77,828) occurring in Howrah. The Jalpaiguri district board commenced the raising and shingling of the Madarihat-Falakata Road, with the object of providing an alternative outlet for the tea-growing area to the west of the Torsa river in the event of flood damage by the Teesta river putting the Bengal Duars Railway out of action. The Administrator of the Western Duars Market Fund contributed Rs. 12,000 towards the cost of this project and also advanced a loan of Rs. 20,000 to the district board for this purpose. The mileage of metalled roads was 2,603 against 16,526 of unmetalled roads and 20,326 of village roads.

10. *Water-supply.*—The total expenditure under this head fell from

Rs. 6,29,000 in 1931-32 to Rs. 5,51,924. The decrease was shared by all divisions except Dacca and Chittagong. Even in the latter two divisions the increase was small. In the Presidency Division expenditure on original works decreased in all the districts except Nadia. In Khulna the sinking of 127 tube-wells was undertaken In all 49 tube-wells were sunk and 22 tanks excavated during the year by the local boards in the Presidency Division. The Burdwan District Board excavated 1 tank and sank 51 tube-wells, 58 masonry wells and 1 ring well, and spent Rs. 10,770 on repairs as against Rs. 7,841 in the previous year The local boards in Midnapore sank 147 tube-wells and 19 masonry wells and excavated 2 tanks. In the Rajshahi Division Bogra was the only district board which increased its outlay on rural water-supply and sank as many as 239 tube-wells. The Commissioner of the Rajshahi Division has again suggested that allotments for water-supply should be distributed by the district boards among deserving union boards so as to supplement the funds which the latter are ready to contribute from their own resources. This would have the further advantage of enabling responsibility for the upkeep of the wells to be definitely imposed on union boards. The Dacca District Board maintained the waterworks at Munshiganj at a total cost of Rs. 2,660. In Mymensingh 81 masonry wells, 51 tube-wells, 14 ferro-concrete wells and 2 ring wells were sunk and 8 tanks were excavated. Other boards would do well to follow the example of the Khulna and Faridpur boards which maintained special staffs for this purpose. Unless there is an agency for the supervision of tube-wells, to watch their working and to make repairs as occasion arises, the expenditure runs a risk of being wasted owing to the wells becoming unserviceable after a few years.

11. *General remarks.*—During the year under review most of the district boards felt the effects of the financial depression. The receipts from the road and public works cesses declined considerably in a number of cases, and the boards in the Presidency Division recorded a total decrease of Rs. 1,26,767 under this head. In the Burdwan Division, on the other hand, improved collection produced a general increase of Rs. 50,444 in receipts from local rates, despite the fact that there was a decrease in Birbhum and Midnapore. In the Rajshahi Division the district boards of Rangpur and Malda recorded a large decrease of revenue, but the Dinajpur board increased its income by Rs. 19,868, and the district board of Pabna showed an increase of Rs. 11,000 in receipts, about half a lakh more having been collected in cesses than in the previous year. The income from local rates accruing to the boards in the Dacca Division rose by Rs. 1,74,410, and in the Chittagong Division by Rs. 11,259. These increases, however, did not entail a return to financial prosperity nor did they restore receipts to their former level, and the exceptional economic depression resulted in serious curtailment of expenditure under various heads. While the majority of the boards succeeded in weathering the storm without serious disorganization of their activities in respect of public health, education and medical relief, they were only able to do so with the assistance of the recurring grants made by the Government and in some districts at the cost of the diversion of money from the head "Communications." The majority of district boards considerably curtailed expenditure on roads and bridges, and it is to be feared that this policy will result in future in difficulties of considerable magnitude in the form of a permanent deterioration of communications. The Commissioner of the Dacca Division reports that sooner or later the capital expenditure required for replacing existing bridges would tax every board's revenues to the utmost.

It appears from the Annual Audit Report for the year 1932-33 that in the case of several district boards pound and ferry rents were heavily in arrears for 8 to 15 years. The audit by the Finance Committee was also badly in arrears and there were cases of embezzlement and fraud in three district boards. The Minister hopes that Chairman and Vice-Chairmen of district boards will pay earnest attention to the avoidance of the irregularities mentioned above.

The Minister notes with satisfaction that with the exception of Bankura, district boards remained unaffected by the civil disobedience movement of 1932. Their relations with the district authorities were generally cordial, and on the whole their administration was carried on with a reasonable degree of efficiency. Definite evidence was forthcoming of a determination not to be influenced by political agitation to the detriment of local interests, and although much still

remains to be done in the way of effecient administration, the divisional reports on the working of the district boards in the year under review furnish striking evidence of the immense usefulness of these important local self-Governing bodies.

The Minister for Local Self-Government desires to record his appreciation of the good work done by the boards and in particular to thank the following gentlemen who have been particularly mentioned as having rendered meritorious service :—

## LOCAL SELF-GOVERNMENT DEPARTMENT.

### NOTIFICATIONS.

**Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.**

**Tippera.**—No. 2432M.—4th April 1935.—The following draft of by-laws which the Government of Bengal (Ministry of Local Self-Government) propose to make for the Brahmanbaria Municipality, in the district of Tippera, in exercise of the power conferred by sub-section (*1*) of section 71 of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 20th June 1935, and any objection or suggestion received by the undersigned through the District Magistrate before that date will be duly considered:—

**Draft by-laws.**

*By-laws under section 71 (1) of the Calcutta Hackney-carriage Act, 1919 (Bengal Act I of 1919) for the Brahmanbaria Municipality in the district of Tippera.*

*Appointment and duties of the Registering Officer.*

1. Every hackney-carriage in the Brahmanbaria Municipality shall be annually registered by a Registering Officer who shall be appointed for the purpose by the Municipal Commissioners and who shall keep a register in which he shall enter the class and number assigned in every hackney-carriage.

*Qualification of drivers.*

2. Every person applying for a driver's license shall be required to satisfy the Registering Officer—

(*a*) that he knows how to drive and control horses and is in all respects a fit person for such employment;

(*b*) that he is well acquainted with the principal streets, offices and places of interest in and around Brahmanbaria;

(*c*) that he has a thorough knowledge of the list of fares and tables of distances prepared by the Commissioners of the Brahmanbaria Municipality; and

(*d*) that he knows the rules of the road and the signals used by the drivers and by the traffic police.

3. A license shall be issued to each hackney-carriage driver and there shall be attached to each license in such manner as the Municipal Commissioners may prescribe—

(*a*) the thumb mark of the driver; and

(*b*) a printed list of fares, prepared under the authority of the Municipal Commissioners for which no charge shall be paid by the driver.

4. Every driver of a hackney-carriage shall carry with him and produce when called upon to do so by a Municipal Commissioner or by any police officer or other authorised person or by his fare, his license and the list of fares.

5. No hackney-carriage driver shall drive with his feet in any other position than on the foot-board of the vehicle, nor shall he muffle up his face and head in such manner as might endanger the proper driving of his vehicle.

*Uniform.*

6. The uniform of the drivers shall be clean.

*Description of horses and carriages.*

7. No horse shall be used to draw a hackney-carriage unless it has been passed by the Registering Officer, and no horse shall be passed unless it is—

(*a*) not less than 14 hands high if intended to be used in a pair in a first class hackney-carriage;

(*b*) not less than 14-2 hands high if intended to be used singly in a first class hackney-carriage;

(*c*) not less than 13 hands high if intended to be used in a pair in a second class hackney-carriage;

(*d*) not less than 14 hands high if intended to be used singly in a second class hackney-carriage;

(*e*) not less than 12 hands high if intended to be used in a pair in a third class hackney-carriage;

(*f*) not less than 13-2 hands high if intended to be used singly in a third class hackney-carriage;

(*g*) thoroughly broken to harness;

(*h*) free from infectious or contagious disease; and

(*i*) sufficiently sound and strong for constant hard work.

8. The harness shall be of leather of decent appearance, strong and in good repair; rope or iron chain traces may be used. No string fastenings will be allowed.

9. All hackney-carriages shall conform to the following:—

The wheels shall be rubber-tyred, strong and sound so as to run true and without rolling or shaking and shall be protected by properly fitted splash-boards. The springs and axles shall be in perfect order and all iron works must be strongly put together. The lining and cushions shall be clean and in good condition and the inside of the carriage perfectly clean.

All gharries must be in thorough sound condition in all parts and kept so.

All iron works shall be painted black. Each carriage must have thoroughly good pair of lamps and each lamp shall have a red glass window in the back and shall be so placed that the light from the window shall be visible from a point ten yards in rear of the centre of the vehicle.

*First class hackney-carriage.*

10. First class hackney-carriage shall conform to the following dimensions and be of either phaeton or Brownberry type or of such other type as may be fixed by the Municipal Commissioners:—

| | Feet. | Inches. |
|---|---|---|
| Width of front seat .. .. | 2 | 6 |

## Excluded Area.

### NOTIFICATIONS.

**Darjeeling.**—No. 5404E.A. — 10th April 1935.—The following draft of amendments, which, in exercise of the power conferred by sub-section (*1*) of section 351B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council proposes to make in the rules contained in Schedule C of the said Act relating to the use of building-sites and the execution of building-work, within the Darjeeling Municipality, is published for the information of persons affected thereby.

2. The draft amendments will be taken into consideration on the 15th May 1935, and any objection or suggestion received by the undersigned through the Deputy Commissioner of Darjeeling before that date will be duly considered:—

**Draft amendments.**

I. In rule 3, *insert* the words "structural and" *after* the word "such" and the words "at a meeting" *after* the word "Commissioners" and *for* the word "Architecture" in the margin of the said rule *substitute* the words "Structure and Architecture."

II. *Substitute* the following *for* rules 3A and 3B:—

"3A. *Buildings in the vicinity of dwelling houses.*—No building, other than a dwelling house, shall be erected or re-erected, or materially altered in the vicinity of dwelling houses without the written sanction of the Commissioners."

"3B. *Buildings in crowded localities.*—No building shall be erected or re-erected, or materially altered in any locality which, in the opinion of the Commissioners at a meeting, certified in writing, is so crowded with buildings as to be prejudicial to sanitation."

III. *Substitute* the following *for* rule 9:—

"9. *External and cross-walls of one-storied or two-storied buildings.*—(*1*) The external and cross-walls of a masonry or framed building of one or two storeys must be built of—

(*a*) stone or concrete brick bedded in cement mortar;

(*b*) timber or iron framings covered with corrugated or plain iron or planked, or with metal lath and plaster:

Provided that if any of the said cross-walls are intended for partitions only and do not support any wall in the upper storey, they may be built of timber framing planked with boards or corrugated iron or metal lath and plaster.

(*2*) The external and cross-walls of the upper storey of a masonry or framed building of two storeys must be built of the materials specified in clause (*a*) or clause (*b*) of sub-rule (*1*) of this rule."

IV. *Delete* rule 10.

V. *Substitute* the following *for* rule 11:—

"11. *External and cross-walls of three-storied buildings.*—(*1*) The external and cross-walls of the lowest storey of a masonry or framed building of three storeys must be built of—

(*a*) stone bedded in cement mortar, or

(*b*) iron, wood, or ferro-concretes framing covered with corrugated iron, or plain iron or metal lath and plaster, or wooden planking; and

(*c*) the external and cross-walls of the storey next above the lowest storey of such a building must be built of similar materials:

Provided that if any of the cross-walls in either of the said storeys are intended for partitions only and do not support any wall in the storey above, they may be built of planked timber framing.

(*3*) The external and cross-walls of the top-most storey of a masonry or framed building of three storeys must be built of timber, or iron, or ferro-concrete framing, covered with corrugated or plain iron or planked."

VI. *For* rules 14, 15 and 16 *substitute* the following:—

"14. *Roofs.*—(*1*) The roof of every masonry or framed building must be constructed of corrugated or plain iron, lead, slates, tiles or ferro-concrete:

Provided that, with the written permission of the Commissioners, any such roof may be constructed of shingles securely attached to a frame of iron or timber.

(*2*) The rise of the roof shall not in any case be less than one-eighth of the span in the case of a roof with corrugated or plain iron, lead, slates or tiles."

"15. *Floors.*—The floors of every masonry or framed building must be constructed to bear safely the maximum load to be carried, such load being taken in the case of planked floors in dwelling houses as not less than sixty pounds per square foot including the weight of the floor."

"16. *Beams and girders.*—(*1*) All beams and girders in a masonry or framed building must be supported by a breadth of stone or other solid substances sufficient to secure their stability. In the case of stone walls, bed plates of steel, stone slabs or concrete slabs are to be provided under the beams to distribute the direct load and guard against crushing.

(*2*) The bearing of a beam or girder on a wall shall not, without the sanction of the Commissioners, be less than three-fourths of the thickness of the wall."

VII. *After* rule 17 *insert* the following rule:—

"17A. *Repairing, painting or colour-washing any part of a building.*—If the roof or walls of any building are, in the opinion of the Commissioners, in an unsightly condition they may by written order direct the owner to repair paint or colour-wash such part of the building as they may direct within a period to be specified in the order."

VIII. *After* Part IV in Schedule C *insert* the following:—

"*Part IVA—Ferro-concrete buildings.*"

"17B. *Foundations, walls, roofs, floors and design of ferro-concrete buildings.*—(*1*) The foundation of a ferro-concrete building must rest on a solid ground or rock.

(*2*) The depth of foundation for ferro-concrete buildings must be to the satisfaction of the Municipal Engineer.

(*3*) The spread of foundation wall bases shall be so designed that the intensity of uniform pressure on soil does not exceed half ton per square foot, except in the case of solid rock, in which case the allowable pressure will be determined by the Municipal Engineer.

(*4*) The external and cross-walls of a ferro-concrete building where not carrying any load except its own weight may be built of timber or iron framing covered with corrugated or plain iron sheets, metal lath and plaster, planked or ferro-concrete walling of not less than three inches thick.

(*5*) The party or end wall of a ferro-concrete building must be built to such a height above roof level as may be required by the Commissioners.

(*6*) Every wall of a ferro-concrete building except those constructed entirely of cement concrete must have a damp-proof course at or above the level of the ground floor which may consist of sheet load, asphalt or slates, stones or vitrified bricks laid in cement or any other durable material impervious to moisture.

(*7*) The roof of a ferro-concrete building may be of re-inforced concrete laid to a fall of at least 1 in 150 and be sufficiently strong to carry a load of 40 lbs. per square foot excluding its own weight. If plain or corrugated iron or lead sheets, slates or tile roofing are used, the rise should in no case be less than one-eighth of the span.

(*8*) The floors of ferro-concrete buildings shall be designed to carry live loads as shown in the following schedule in addition to its own weight:—

*Schedule of live loads.*

| Class No. | Type of building or floor. | Slabs (lb. per sq. ft. of floor area). | Beams, columns, piers, walls and foundations (lbs. per sq. ft. of floor area). |
|---|---|---|---|
| 1 | Rooms used for domestic purposes, hotel bedrooms, hospital rooms and wards. | 50 | 40 |
| 2 | Offices, floors above entrance floor. | 80 | 50 |
| 3 | Offices, entrance floor and floors below entrance floor. | 80 | 80 |
| 4 | Churches, schools, reading rooms, art galleries and the like. | 80 | 70 |
| 5 | Retail shops and garages for cars of not more than 2 tons dead weight. | 80 | 80 |
| 6 | Assembly halls, drill halls, dance halls, gymnasia, light workshops, staircases, landings, etc. | 100 | 100 |
| 7 | Warehouses, book stores and similar uses; together with garages for motor vehicles exceeding 2 tons dead weight, actual load to be calculated but not less than. | 200 | 200 |
| 8 | Flat roofs and roofs inclined at an angle with the horizontal of not more than 20°. | 50 | 30 |

(9) In the design of ferro-concrete structures bending stresses for all external columns must be considered."

IX. In rule 18, *substitute* the word "building" *for* the words "dwelling house" and the word "building" *for* the word "house" and *add* the following words to sub-rule (2) of the said rule:—

"and that sufficient space has been left in the holding for light and air."

X. In rule 19, *delete* the words "in connection with a dwelling-house."

XI. In rule 20, *insert* the words "to be used for habitation" after the words "every room."

**Darjeeling.**—No. 5535Ex.A.—11th April 1935.—The following draft of a revised rule which, in exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council proposes to make in the house connection rules of the Darjeeling Municipality, published under notification No. 2363, dated the 28th March 1921, as subsequently amended, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 20th June 1935, and any objection or suggestion received by the undersigned before that date will be duly considered.

**Draft rule.**

*Substitute* the following for rule 18:—

18. No cistern, tank or reservoir of any description, which is intended to be supplied with water from the municipal waterworks, shall be permitted to any holding except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir must be controlled by an efficient ballcock so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. The ballcock, cistern and taps fed from it will count together as one tap for the purpose of rule 10.

**Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.**

### BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1758L.C.—10th April, 1935.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 9th April, 1935, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

## THE BENGAL LAND-REVENUE (INTEREST) BILL, 1935.

# A

# BILL

*to provide for the removal of doubts as to the payment of interest on arrears of land-revenue.*

WHEREAS it is expedient to provide for the removal of any doubts as to the liability to pay interest on arrears of land-revenue ;

It is hereby enacted as follows :—

Short title.

**1.** This Act may be called the Bengal Land-Revenue (Interest) Act, 1935.

Interest on arrears of revenue.

**2.** (*1*) Notwithstanding anything contained in any other law, interest shall be payable, and shall be deemed with effect from the 19th day of January, 1933, to have been payable, on all arrears of land-revenue, and such interest shall be recoverable as a public demand.

(*2*) All such interest shall :—

(*a*) in respect of the period from the 19th day of January, 1933, up to the commencement of this Act, be deemed to have been payable at the rate of seven and a half *per centum per annum* ;

(*b*) in respect of any period after the commencement of this Act be payable at such rate, not exceeding seven and a half *per centum per annum* as the Local Government may, by notification in the *Calcutta Gazette*, determine.

## STATEMENT OF OBJECTS AND REASONS.

A Bill was passed in the Bengal Legislative Council in 1932 which came into force on the 19th of January, 1933, as the Bengal Land-Revenue Sales (Repealing) Act, 1932. The object of this Bill, as mentioned in the Statement of Objects and Reasons when the Bill was introduced, was to remove the bar imposed by the unrepealed section II of Act XII of 1841 against the levy of interest on arrears due by estates in charge of the Court of Wards or by other estates the sale of which is prohibited by law.

Since the 19th of January, 1933, interest has been charged on arrears of land revenue due from such estates.

A question has, however, been raised that notwithstanding the clearly expressed intention of the Act, as stated in the said Objects and Reasons, the terms of the Act itself are not sufficiently clear. It is, therefore, expedient that a short Act declaring in unambiguous language the said intention and the validity of the levy of interest since 19th January, 1933, should be passed in order that all doubts may be removed. No new imposition is intended by this Bill. The provision of clause 2 (*2*) (*b*) provides for the maximum rate of interest which may be charged.

## PART VI

**Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules**

### GOVERNMENT OF INDIA.

**Legislative Department.**

The following Bill was introduced in the Council of State on the 7th March, 1935:—

C. OF S. BILL NO. 2 OF 1935.

*A Bill to provide for the better administration and governance of Hindu temples in the city of Madras and the endowments attached thereto.*

WHEREAS it is expedient to provide for the better administration and governance of certain temples described hereunder;

AND WHEREAS the previous sanction of the Governor-General has been obtained to the passing of this Act;

It is hereby enacted as follows:—

CHAPTER I.

PRELIMINARY.

**1.** (*1*) This Act may be called the Madras City Hindu Temples Act, 193 .

(*2*) It extends to the city of Madras and applies to all Hindu temples situated therein and the endowments attached to them whether situated in or outside the said city.

**2.** (*a*) The Religious Endowments Act, 1863, and the Madras Endowments and Escheats Regulation, 1817, so far as they apply to the temples and endowments to which this Act applies, are hereby repealed.

(*b*) On the coming into force of this Act, the schemes settled by the High Court of Judicature at Madras, and the rules made thereunder in respect of the temples and their endowments shall cease to be operative.

**3.** Nothing in this Act shall be construed to affect, or in any way derogate from, the powers in respect of religious endowments which the Advocate-General may exercise under sub-section (2) of section 114 of the Government of India Act.

**4.** In this Act, unless there is anything repugnant in the subject or context,—

(*1*) 'Board' means the Board constituted under section 10 of the Madras Hindu Religious Endowments Act, 1926, and notified by the Local Government as having jurisdiction over the Hindu temples situated in the city of Madras;

(*2*) 'Court' means the High Court of Judicature at Madras in its ordinary original civil jurisdiction;

(*3*) 'Hereditary trustee' means the trustee of a temple or religious endowment, succession to whose office devolves by hereditary right, is otherwise regulated by usage, or is specially provided for by the founder, so long as such scheme of succession is in force;

(*4*) 'Non-hereditary trustee' means a trustee who is not a hereditary trustee;

(*5*) 'Person having interest' means a person who is entitled to attend at the performance of worship or service in any temple or who is in the habit of attending such performance or of partaking in the benefit of the distribution of gifts thereat and shall include the Board and the Executive Officer;

(*6*) 'Prescribed' means prescribed by the Local Government by rules made under this Act;

(*7*) 'Religious Endowment' or 'Endowment' means all property belonging to, or given or endowed for the support of, a temple or for the performance of any service or charity connected therewith and includes the premises of a temple but does not include gifts of property made as personal gifts to the archaka or other employee of a temple;

(*8*) 'Specific Endowment' means all property given or endowed or money invested for the performance of any specific service or charity connected with a temple;

(*9*) 'Temple' means a place, by whatever designation known, which was, has been or is being used as a place of public religious worship and dedicated to, or for the benefit of, or was, has been or is being used as of right by, the Hindu community or any section thereof as a place of religious worship;

(*10*) 'Trustee' means a person, by whatever designation known, in whom the administration of a temple or religious endowment is vested and includes any person who is liable as if he were a trustee;

(*11*) 'Executive Officer' means a person appointed by the Board under section 28 of this Act.

## CHAPTER II.

### THE BOARD.

**5.** Subject to the provisions of this Act and of any scheme settled thereunder,—

(*1*) the general superintendence of all the temples and religious endowments coming within the scope of this Act shall vest in the Board, and

(2) the Board may do all things which are reasonable and necessary to ensure that temples are properly maintained and that all religious endowments are properly administered and duly appropriated to the purposes for which they were founded or exist.

*Explanation*:—The general powers of superintendence of the Board shall include the power to pass such interim orders as it deems necessary in the interests of the proper maintenance of a temple or the administration of a religious endowment, pending conclusion of any proceedings before the Board or the results of any investigation or inquiry which it is about to make.

**6.** (1) The Board may make by-laws not inconsistent with this Act or the rules made thereunder or with any other law as to—

(a) the division of duties among the President and Commissioners of the Board;

(b) the manner in which their decision shall be ascertained otherwise than at meetings;

(c) the security, if any, to be furnished by officers and servants of temples;

(d) the appointment and punishment of officers and servants of a temple or religious endowment other than the Executive Officer;

(e) the qualifications for officers and servants of a temple or religious endowment, the grant of leave, leave allowances and travelling allowances to them, the establishment of provident funds for them and generally the conditions of their service;

(f) the budgets, reports, accounts, returns or other information to be submitted to the Board;

(g) the custody and investment of the funds in charge of trustees;

(h) the form and manner of application to the Board;

(i) the details which shall be included in or excluded from the budgets of temples and religious endowments; and

(j) generally the conduct of all proceedings and business under this Act.

(2) No by-law or cancellation or alteration of a by-law made by the Board shall have effect until the same shall have been published for public criticism and thereafter confirmed by the Local Government.

(3) All by-laws when they shall have been duly confirmed shall be published in the Fort Saint George Gazette and shall thereafter have the force of law.

**7.** The President, any other member of the Board or any officer deputed by the President of the Board may inspect all moveable and immoveable property belonging to, and all records, correspondence, plans, accounts and other documents relating to any temple or religious endowment and the trustee of such temple or religious endowment and all officers and servants working under him shall afford to the President, any other member of the Board or such officer such assistance as may be necessary.

**8.** (1) For every temple a register shall be maintained by the Board showing—

(a) the names of the past and present trustees and particulars as to the custom, if any, regarding succession to the office of trustee;

(b) particulars of all endowments of the temple, and all title deeds and other documents relating thereto;

(*c*) particulars of the scheme of administration and of the dittam or scale of expenditure;

(*d*) the names of all offices to which any salary, emolument or perquisite is attached and the nature, time and conditions of service in each case;

(*e*) the jewels, gold, silver, precious stones, all vessels and utensils and other moveables belonging to the institution, with their estimated value; and

(*f*) such other particulars as the Board may fix.

(*2*) The register shall be prepared, verified and signed by the trustee of the temple or by his authorised agent and submitted by him to the Board within such period after the commencement of this Act as the Board may fix.

(*3*) The Board may, after receiving the register from a trustee make such inquiry as it may consider necessary and direct that the register be approved with such alterations, omissions or additions as it thinks fit to order.

(*4*) A copy of the register as approved by the Board shall be furnished to the trustee concerned.

**9.** (*1*) The trustee or his authorised agent shall annually scrutinise the entries in the register and shall submit to the Board for its approval a verified statement showing the alterations, omissions or additions required therein.

(*2*) The Board may on receipt of the statement make such inquiry as it thinks necessary and it may by order direct the alterations, omissions or additions which should be made in the register.

(*3*) A copy of the order under sub-section (*2*) shall be communicated to the trustee concerned and he shall carry out the alterations, omissions or additions ordered by the Board in the copy of the register kept by him.

**10.** (*1*) Where the Board is satisfied that, in the interests of the proper administration of a temple or any endowment connected therewith, a scheme of administration should be settled, the Board may, after consulting in the prescribed manner the trustee and the persons having interest, by order settle a scheme of administration for such temple and the endowments connected therewith.

While so settling a scheme the Board may—

(*a*) fix the number of trustees not exceeding three;

(*b*) remove the existing trustee or trustees;

(*c*) appoint a new trustee or trustees in addition to, or in the place of, the existing trustee or trustees;

(*d*) appoint a paid officer for the management of the affairs of the temple on such salary as may be fixed by the Board to be paid out of the trust funds; or

(*e*) impose any restriction that the Board may deem necessary on the powers of the trustee.

*Explanation.*—The power to settle schemes under this section shall be deemed to include the power to settle a scheme for specific endowments attached to temples.

(*2*) The Board may by order and in the manner provided in sub-section (*1*) modify or cancel a scheme settled under that sub-section;

(*3*) Every order of the Board under this section shall be published in the prescribed manner;

(4) The trustee or any person having interest may within six months of the date of such publication institute a suit in the Court to modify or set aside such order. Subject to the result of such suit every order of the Board shall be final and binding on the trustee and all persons having interest. Any scheme of administration as modified by a Court under this sub-section may, at any time, for sufficient cause be further modified or cancelled by the Court in a suit instituted by the Board or the trustee or any person having interest, but not otherwise.

## CHAPTER III.

### TRUSTEES.

**11.** No person may succeed, or be appointed, to the office of trustee of a temple unless he professes the Hindu religion.

**12.** The number of non-hereditary trustees for any temple shall be fixed by the Board, but shall not exceed three. Such non-hereditary trustees shall be appointed by the Board and shall subject to the provisions of sections 10, 13 and 17 hold office for such period not exceeding five years as may be fixed by the Board. The Board may, when there is more than one trustee for a temple, appoint one of the trustees as the managing trustee for such period as may be fixed by it. The Board may also, for reasons to be recorded in writing, appoint a paid trustee for such period and on such salary payable from out of the funds of the trust as may be fixed by it. The Board shall also have power to define the powers and duties of a managing or paid trustee:

Provided that every non-hereditary trustee lawfully holding office on the date of commencement of this Act shall be deemed to have been duly appointed under this Act on such date, but shall be entitled to hold office only for one year from such date.

**13.** (1) A non-hereditary trustee shall cease to hold office if he—

(a) is sentenced by a criminal Court to transportation or to imprisonment for a period of more than six months (such sentence not having been cancelled or reduced to a period of not more than six months or the offence not having been pardoned);

(b) applies to be adjudicated or is adjudicated a bankrupt or insolvent; or

(c) ceases to profess the Hindu religion.

(2) A hereditary trustee shall cease to hold his office if he ceases to profess the Hindu religion.

(3) If a hereditary trustee becomes subject to any of the disqualifications described in clause (a) or clause (b) of sub-section (1), the Board may supersede him and appoint a fit person to administer the temple until the disability of the trustee ceases to exist or another trustee succeeds to the office.

(4) The Board shall, in cases of dispute or doubt, determine whether a trustee is disqualified under this section and its decision shall be final.

**14.** (1) When a vacancy occurs in the office of hereditary trustee of a temple or religious endowment and there is a dispute respecting the right of succession to such office, or when such vacancy cannot be filled up immediately or when a hereditary trustee is a minor and has no legally constituted guardian fit and willing to

act as such or there is a dispute respecting the person who is entitled to act as such guardian or when a hereditary trustee is by reason of unsoundness of mind or other physical infirmity unable to discharge the functions of the trustee, the Board may appoint a fit person to discharge the functions of the trustee of such temple or endowment, until another trustee succeeds to the office or the disability of the trustee ceases to exist, as the case may be.

Nothing in this sub-section shall be deemed to affect anything contained in the Madras Court of Wards Act, 1902.

(*2*) In making an appointment under sub-section (*1*), the Board shall have due regard to the claims of members of the family, if any, entitled to succession.

(*3*) The person so appointed shall be entitled to exercise all the powers which a trustee could exercise in relation to such temple or endowment.

**15.** (*1*) The trustee of every temple or religious endowment is bound to administer its affairs and to apply the funds and properties of such endowments in accordance with the terms of the trust, the usage of the institution and all lawful directions which a competent authority may issue in respect thereof, and as carefully as a man of ordinary prudence would deal with such affairs, funds or properties if they were his own.

(*2*) A trustee shall, subject to the provisions of this Act, be entitled to exercise all powers incident to the provident and beneficial management of the temple or religious endowment and to do all things necessary for the due performance of the duties imposed on him.

**16.** The trustee of a temple or religious endowment shall be bound to obey all lawful orders issued under the provisions of this Act by the Board or the President thereof.

**17.** (*1*) The Board may suspend, remove or dismiss the trustee of a temple or religious endowment—

(*a*) for persistent default in the submission of budgets, accounts, reports or returns, or

(*b*) for wilful disobedience of lawful orders issued by the Board or the President thereof, or

(*c*) for any malfeasance, misfeasance, breach of trust or neglect of duty in respect of the trusts, or

(*d*) for any misappropriation of, or improper dealing with, the endowments or the properties of the temple of which he is trustee, or

(*e*) for unsoundness of mind or other physical infirmity which unfits him for discharging the functions of a trustee.

(*2*) When the Board proposes to take action under sub-section (*1*) it shall frame charges against the trustee concerned and give him an opportunity of explanation, of testing the evidence against him and of adducing evidence in his favour and may place the trustee under suspension pending the disposal of the charges framed The order of suspension, removal or dismissal shall state the charges framed against the trustee, his explanation and the finding of the Board on each charge with the reasons therefor.

(*3*) Notwithstanding the provisions of sub-sections (*1*) and (*2*) the services of a paid trustee may be terminated by the Board on one month's notice.

(*4*) The order of the Board suspending, removing or dismissing a non-hereditary trustee under this section shall be final. A hereditary trustee suspended, removed

or dismissed under this section may within three months from the date of the order of suspension, removal or dismissal apply to the Court to modify or set aside such order; but subject to the result of such application the order of the Board shall be final.

**18.** (*1*) All office holders and servants attached to a temple or in receipt of any emolument or perquisite from the temple shall be under the orders and control of the trustee; and the trustee may fine, suspend, remove or dismiss any of them for breach of trust, incapacity, disobedience of lawful orders, neglect of duty, misconduct or other sufficient cause:

Provided that the Local Government may in respect of any specified hereditary office holder or servant, or class of hereditary office holders or servants and subject to the provisions of section 44, by order restrict and place under such control as they may think fit the exercise by the trustee of his powers of punishment under this sub-section.

(*2*) Any office holder or servant of a temple punished by a trustee under sub-section (*1*) may, within such time as may be prescribed, appeal to the Board whose decision shall be final.

**19.** (*1*) Vacancies amongst the office holders or servants of a temple shall, subject to the rules and bylaws framed under this Act, be filled up by the trustee in cases where the office or service is not hereditary.

(*2*) In cases where the office or service is hereditary the next in the line of succession shall be entitled to succeed:

Provided that, if there is a dispute respecting the right of succession to such office or service, or in cases where such vacancy cannot be filled up immediately, or where the person entitled to succeed is a minor without a legally constituted guardian fit and willing to act as such, or where the hereditary office holder or servant is by reason of unsoundness of mind or other physical infirmity unable to discharge the functions of the office or perform the service, the trustee may appoint a fit person to discharge the duties of the office or perform the service until another person succeeds to the office or service or the disability of the office holder or servant ceases to exist, as the case may be.

(*3*) In making an appointment under the proviso to sub-section (*2*), the trustee shall have due regard to the claims of members of the family, if any, entitled to the succession.

**20.** The trustee of a specific endowment connected with a temple shall perform such service or charity subject to the general superintendence of the trustee of the temple and shall obey all lawful orders issued by him.

**21.** Where an endowment for the performance of a charity or service connected with a temple consists of merely of a charge on property and there is failure in the due performance of the charity or service by the person responsible, the trustee of the temple may require the person in possession of the property on which the endowment is a charge to pay to the trustee the expenses incurred or likely to be incurred in causing the charity or service to be performed otherwise. In default of such person making the payment as required by the trustee, the Court shall, on the application of the trustee, pass an order for the recovery of the amount and such order may be enforced as if it were a decree of such Court:

Provided that where the person in possession of the property on which the endowment is a charge is not the

person responsible in law for the performance of the charity or service, and the amount referred to in this section is recovered from the person in possession, the Court shall on the application of such person pass an order for the recovery of the amount from the person responsible in law, and such order may also be enforced as if it were a decree of such Court.

## CHAPTER IV.

### BUDGET AND ACCOUNTS.

**22.** (*1*) The trustee of every temple shall in each year submit to the Board before such date and in such form as the Board may require a budget showing the probable receipts and disbursements of the temple and the endowments connected therewith during the following year.

(*2*) Every such budget shall make adequate provision for the dittam or scale of expenditure for the time being in force and the due discharge of all liabilities in respect of loans.

(*3*) The Board may direct the trustee to make such alterations, omissions or additions in the budget as it may think fit and its decision shall be final.

**23.** Subject to the provisions of any scheme settled under this Act,—

(*1*) the trustee of a temple may from time to time submit to the Board proposals for fixing the dittam or scale of expenditure in the temple and the amounts which should be allotted to the various objects or ceremonies connected with such temple for the proportions in which the income or other property of the temple may be applied to such objects or ceremonies;

(*2*) the trustee shall publish such proposals at the temple and in such other manner as the Board may direct, together with a notice stating that if within one month from the date of publication any objection or suggestion is received from any person having interest, the Board will consider such objection or suggestion;

(*3*) after the expiry of the period fixed under sub-section (*2*), the Board shall consider the objections or suggestions that may have been received and may pass such orders as it thinks fit on the proposals. The Board's orders shall be final;

(*4*) the dittam or scale of expenditure for the time being in force in a temple shall not be altered by the trustee except in accordance with the procedure laid down in this section.

**24.** (*1*) The trustees of temples and religious endowments shall keep regular accounts of receipts and disbursements.

(*2*) Such accounts shall be audited annually, or at such other intervals as may be prescribed by an auditor or auditors chosen by the Board out of a list of auditors approved by the Local Government. Such auditors shall be deemed to be public servants within the meaning of section 21 of the Indian Penal Code.

**25.** (*1*) After completing the audit the auditor shall submit a report to the Board which shall among other things specify all cases of irregular, illegal or improper expenditure, or of failure to recover moneys or other property due to the institution, or of loss or waste of money or other property of the institution, caused by neglect or misconduct.

(2) The auditor shall also report any other matter which the Board may require in respect of a temple or religious endowment.

**26.** (1) The cost of auditing the accounts of temples and religious endowments shall be fixed by the Board and be payable out of their funds within such time as may be fixed by the Board.

(2) If within the time fixed by the Board such payment is not made, the Collector of the District in which any property of the temple or endowment is situate shall on a requisition made to him by the President of the Board in the prescribed form recover such amount as if it were an arrear of land revenue and remit the same to such President.

**27.** The trustee of every temple and endowment shall furnish to the Board such accounts, returns, reports or other information relating to the administration of the temple or endowment in his charge and at such time and in such form as the Board may require.

## CHAPTER V.

### EXECUTIVE OFFICER.

**28.** The Board may appoint from among persons professing the Hindu religion an Executive Officer to manage the affairs of a temple and its endowments in conformity with the provisions of this Act.

**29.** (1) The Executive Officer shall be a whole-time officer of the temple and shall not undertake any work unconnected with his office without the permission of the Board.

(2) The Executive Officer shall be paid such salary and allowances as may from time to time be fixed by the Board from out of the funds of the temple. When an Executive Officer is appointed for a group of temples the Board shall fix the proportion in which the salary and allowances of the Executive Officer shall be met by the temples in the group.

**30.** The Executive Officer shall be responsible for the maintenance and custody of all records, accounts, documents, registers, cash and other valuables of the temple and shall arrange for the proper collection of the incomes of the temple including offerings made by worshippers.

**31.** When the office of trustee of a temple is vacant the Executive Officer shall exercise the powers and perform the duties of a trustee until the vacancy is filled up.

**32.** (1) The Executive Officer shall hold office for a period of three years unless sooner removed by the Board for good and sufficient cause. An out-going Executive Officer shall be eligible for re-appointment.

(2) The order of the Board removing an Executive Officer shall be final.

(3) When any temporary vacancy occurs in the office of the Executive Officer the Board may fill up the vacancy and direct the payment from the funds of the temple such salary and allowances as it may deem necessary for the person appointed therein.

**33.** After the appointment of the first Executive Officer, he shall, as soon as may be, prepare and submit to the Board through the trustee of the temple a schedule

setting forth the designations and grades of the officers and servants who should in his opinion constitute the establishment of the temple. The Board may, after duly considering the remarks, if any, made thereon by the trustee, approve of it with such modifications as it may deem necessary. No change shall be subsequently effected in such schedule except with the previous sanction of the Board.

**34.** The Board shall have power to define the respective powers and duties of the trustees and the Executive Officers who shall be bound to abide by the Board's directions in this regard.

## CHAPTER VI.

### MISCELLANEOUS.

**35.** The trustee of a temple may incur expenditure on arrangements for securing the health, safety or convenience of pilgrims or worshippers resorting to the temple:

Provided that the Board may, for reasons to be set forth in writing, restrict and replace under such control as it may think fit the exercise by the trustee of his discretion under this section.

**36.** (*1*) The Board may, after holding an inquiry in such manner as may be prescribed by order, declare that the purpose of a temple or religious endowment has from the beginning been, or has subsequently become, impossible of realization or that the machinery for effectuating the original purposes of the endowment has failed or no longer exists, or that after satisfying adequately the purposes of the endowment and after setting apart a sufficient sum for the repair and renovation of the buildings connected with the temple or the endowments attached thereto there is a surplus which is not required for such purposes; and may by such order direct that the amount of the endowment or such surplus as is declared to be available, as the case may be, be appropriated to religious, educational or charitable purposes not inconsistent with the objects of such temple or endowment:

Provided that in the case of a temple founded and maintained by a community the amount of the endowment or the surplus shall, as far as possible, be utilised for the benefit of the community for the purposes mentioned above.

(*2*) It shall be competent to the Board when giving a direction under sub-section (*1*) to determine what portion of such amount or surplus shall be retained as a reserve fund for the temple or endowment and to direct the remainder to be appropriated to the purposes specified in that sub-section.

(*3*) The Board may at any time by order and in the manner provided in sub-section (*1*) modify or cancel an order passed under that sub-section.

(*4*) The order of the Board under this section shall be published in the prescribed manner. The trustee or any other person having interest may within six months of the date of such publication institute a suit in the Court to modify or set aside such order.

Subject to the result of such suit the order of the Board shall be final and binding on the trustee and all persons having interest.

(*5*) Any decision of the Court under this section may, at any time, for sufficient cause be modified or cancelled by the Court in a suit instituted by the Board or the trustee or any person having interest but not otherwise.

**37.** All costs and expenses incurred by the Board or the Executive Officer in connection with legal proceedings in respect of any temple or religious endowment to which the Board is a party shall, notwithstanding anything contained in section 49, be payable out of the funds of such temple or endowment.

**38.** Every temple and specific endowment shall pay annually for meeting the expenses of the Board such contribution not exceeding one and a half per centum of its income as the Board may determine.

**39.** (*1*) The costs, expenses and contribution payable under sections 37 and 38 shall be assessed on and notified to the trustee of every temple and specific endowment in the prescribed manner.

(*2*) (*a*) Such trustee shall, within one month of the date of his receipt of such notice or within such further time as may be granted by the Board, pay out of the funds of the temple or endowment concerned the amount so demanded to the President of the Board or to any person authorised by him; and in default of such payment, the Collector of the district in which any property of the temple or endowment is situated shall, on a requisition made to him in the prescribed form by the President of the Board and subject to the provisions of this section, recover such amount as if it were an arrear of land revenue and the amount so recovered shall, after deduction therefrom of such percentage on account of the cost of recovery as the Local Government may by general or special order from time to time determine, be paid to such President.

(*b*) On receipt of a requisition under clause (*a*), the Collector shall issue a notice to the trustee concerned—

(*i*) requiring him within fifteen days from the service of such notice either to pay the amount mentioned in the requisition and specified in the notice or state in writing his objections, if any, thereto, and

(*ii*) stating that such amount or the amount found due from the trustee after his objection, if any, have been considered will be recovered as if it were an arrear of land revenue.

(*c*) If, within the period of fifteen days aforesaid, no objection in writing is received by the Collector from the trustee, the Collector shall proceed to recover the amount specified in the notice as if it were an arrear of land revenue.

(*d*) If, within the said period, an objection in writing is received by the Collector from the trustee with regard either to his liability or to the amount specified in the notice, the Collector shall transmit such objection to the President of the Board.

(*e*) The President of the Board shall consider the objection so transmitted and communicate to the Collector his decision confirming, withdrawing or modifying the original demand.

(*f*) The Collector shall then proceed to recover the amount, if any, due from the trustee under the decision so communicated as if it were an arrear of land revenue.

(*3*) The Collector may, on receipt of a requisition under clause (*a*) of sub-section (*2*), withhold the amount mentioned therein out of the tasdik or other allowance payable by the Local Government to the temple or endowment concerned and pay to the President of the Board the said amount after the expiry of the period of fifteen days referred to in clause (*b*) of sub-section (*2*) or in case an objection is received under clause (*d*) of that sub-section the amount, if any, due under the decision referred to in clause (*e*) thereof. Where the tasdik or other allowance is insufficient for the purpose,

the Collector may withhold and pay as aforesaid the amount available and recover the balance as if it were an arrear of land revenue.

(*4*) Places of worship including temples and tanks where *utsavams* are performed, idols vahanams and jewels and such vessels and other articles of a temple or endowment as, in accordance with the usage of the temple or endowment concerned, are necessary for purposes of worship or ceremonial processions shall not be liable to be proceeded against in pursuance of sub-sections (*2*) and (*3*).

(*5*) No suit, prosecution or other legal proceeding shall be entertained in any Court against the Secretary of State for India in Council or any officer of Government for anything in good faith done or intended to be done in pursuance of this section.

**40.** (*1*) No exchange, sale or mortgage and no lease for a term exceeding five years of any immoveable property belonging to a temple or endowment shall be valid or operative unless it is necessary or beneficial to the temple or endowment and is sanctioned by the Board.

(*2*) The trustee of the temple or endowment or any person having interest may, within six months of the date of the order of the Board under sub-section (*1*), apply to the Court for modifying or cancelling such order, but subject to the result of such application the order of the Board shall be final.

**41.** (*1*) If any dispute arises as to whether an endowment is wholly or partly secular or religious such dispute shall be decided by the Board.

(*2*) Any person affected by a decision under sub-section (*1*) may within six months of the date of the order of the Board apply to the Court to modify or set aside such decision; but subject to the result of such application the order of the Board shall be final.

**42.** (*1*) Where an endowment has been made or property given for the support of an institution which is partly of a religious and partly of a secular character or for the performance of any service or charity connected therewith, or

where an endowment made or property given is appropriated partly to religious and partly to secular uses,

the Board may, notwithstanding anything contained in the Madras Endowments and Escheats Regulation, 1817, determine what portion of such endowment or property or of the income therefrom shall be allocated to religious uses. Such portion shall thereafter be deemed to be a religious endowment and its administration shall be governed by the provisions of this Act.

(*2*) Any party affected by an order under sub-section (*1*) may within six months of the date of the order of the Board apply to the Court to modify or set aside such order but subject to the result of such application the order of the Board shall be final.

**43.** Where a person has been appointed as trustee or Executive Officer of a temple or an endowment or has been appointed to discharge the functions of a trustee by the Board in accordance with the provisions of this Act and such person is resisted in or prevented from obtaining possession of the temple or religious endowment concerned and the records, accounts, documents, valuables and other properties thereof, the Court shall, on an application by the person so appointed and on production of the order of appointment, direct the delivery to such person of the possession of the temple or religious endowment and of the records, accounts, documents, valuables, and other properties thereof.

**44.** Save as otherwise expressly provided in or under this Act nothing herein contained shall affect any established usage of a temple or the rights, honours, emoluments and perquisites to which any person may by custom or otherwise be entitled in such temple.

**45.** (*1*) If any dispute arises as to whether an institution is a temple as defined in this Act, such dispute shall be decided by the Board.

(*2*) Any person affected by a decision under sub-section (*1*) may within six months of the date of the order of the Board apply to the Court to modify or set aside such decision; but subject to the result of such application the order of the Board shall be final.

**46.** (*1*) The Board or any person having interest and having obtained the previous consent of the Board may institute a suit in the Court to obtain a decree—

(*a*) appointing or removing the trustee of a temple or endowment;

(*b*) vesting any property in a trustee;

(*c*) directing accounts and inquiries;

(*d*) declaring what proportion of the endowed property or of the interest therein shall be allocated to any particular object of the endowment; or

(*e*) granting such further or other relief as the nature of the case may require.

*Explanation.*—The provisions of this sub-section shall apply to specific endowments also.

(*2*) Sections 92 and 93 and rule 8 of Order I of the First Schedule of the Code of Civil Procedure, 1908, shall have no application to any suit claiming any relief in respect of the administration or management of a temple or religious endowment and no suit in respect of such administration or management shall be instituted except as provided by this Act.

**47.** Every Committee established under the Religious Endowments Act, 1863, and having jurisdiction over the temples and religious endowments coming under this Act shall cease to exercise any jurisdiction over them from the date of the commencement of this Act.

**48.** (*1*) The Local Government may make rules to carry out all or any of the purposes of this Act not inconsistent therewith.

(*2*) In particular, and without prejudice to the generality of the foregoing power, they shall have power to make rules with reference to the following matters:—

(*a*) all matters expressed, required or allowed by this Act to be prescribed;

(*b*) the powers of the President and Commissioners of the Board to hold inquiries, to summon and examine witnesses and to compel the production of documents ;

(*c*) the organization of a staff of auditors, their salaries and allowances, the control of such staff, its relation with the Board and trustees and generally the conditions of service of auditors;

(*d*) the calculation of the cost of audit and its apportionment among temples or the religious endowments attached thereto;

(*e*) the manner in which the accounts of temples and endowments shall be audited and published, the time and place of audit and the form and contents of the auditor's report; and

(*f*) the method of calculating the income of a temple or religious endowment.

(*3*) The power to make rules under this section shall be subject to the condition of previous publication.

**49.** The costs, charges and expenses of and incidental to any suit or application under this Act or to any appeal from a decree or order passed in such suit or on such application shall be in the discretion of the Court which may, subject to the provisions of section 37, direct the whole or any part of such costs, charges and expenses to be met from the property or income of the temple or endowment concerned or to be borne and paid in such manner and by such persons as it thinks fit.

**50.** The costs of and incident to all proceedings before the Board shall be in the discretion of the Board, which shall have full power to determine by whom or out of what funds and to what extent such costs are to be paid; and the order passed in this regard may be transferred for execution to the Court and shall be executed by the Court as if the order had been passed by itself.

**51.** Save as provided in this or any other Act, it shall not be lawful for the Local Government or for any executive officer of the Local Government in his official capacity to undertake or assume the superintendence of any land or other property granted for the support of, or otherwise belonging to, any temple to take any part in the management or appropriation of any endowment made for its maintenance or to nominate or appoint the trustee of any temple or religious endowment or to be concerned in any way with any temple or religious endowment.

**52.** (*1*) Notwithstanding anything contained in the First or Second Schedule to the Madras Court Fees Amendment Act, 1922, the proper fees for the documents described in columns 1 and 2 of Schedule 1 shall be the fees indicated in column 3 thereof.

(*2*) The provisions of the Madras Court Fees Amendment Act, 1922, shall otherwise, so far as may be, apply to the documents mentioned in Schedule I.

## STATEMENT OF OBJECTS AND REASONS.

There had been widespread dissatisfaction in the Presidency of Madras with the management and control of Hindu religious institutions and opinion was unanimous that the provisions of Act XX of 1863 were inadequate to check the maladministration and misuse of the trust properties. A Bill was accordingly introduced in the Madras Legislative Council in 1922 to provide for the better administration and governance of Hindu temples and maths. When the Bill was being considered by the Select Committee of the Council, it was amended so as to include the city of Madras within the operation of the measure. The Bill thus modified was also passed by the Legislative Council. But His Excellency the Governor remitted it for reconsideration and while doing so pointed out that the local Legislature was not competent to pass any measure affecting the original jurisdiction of the Madras High Court and that therefore the Presidency-town, which was subject to the ordinary civil jurisdiction of the High Court, should be excluded from the Bill. Though the Council accepted this suggestion, the Government member in charge of the Bill stated in that connection that soon after that Bill was placed on the Statute Book the next step would be "to move the Indian Legislature to enact a law which would bring the Presidency-town within the orbit of this measure." As the Government of Madras have not yet moved in this matter the present Bill is sought to be introduced with a view to ensure the efficient administration of Hindu temples in the city of Madras and the religious endowments attached thereto.

This Bill is analogous to the Madras Hindu Religious Endowments Act, 1926 (Madras Act II of 1927). The Board constituted under Madras Act II of 1927 is to be entrusted with the power to exercise control and general superintendence over the administration of the temples including the appointment of non-hereditary trustees and approval of budgets. The provisions in the said Act regarding constitution of temple Committee have been left out as it is not considered necessary or desirable that for the small area to which this Act would apply there should be any controlling body besides the Board, which has its headquarters in the city itself. Another important provision in this Bill is with regard to the Court schemes. A number of schemes have been settled by the Courts for the administration of the temples and the endowments attached thereto. But in experience it is found that most of these schemes are inadequate and not suited to modern conditions and requirements. If suits are to be filed for the modification of the schemes considerable delay will be caused and the trusts will be involved in protracted litigation and heavy expenditure. It is therefore proposed that the scheme should cease to be operative. Suitable provisions are made in the Bill itself to provide safeguards in matters covered by schemes. Power will be taken to appoint paid Executive Officers wherever necessary as it is felt that the care and attention bestowed by honorary trustees is not sufficient to ensure satisfactory management in the case of more important temples. In other matters the provisions of Madras Act II of 1927 have been generally retained.

## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 9th April 1935.

### Monthly Weather and Crop Report of Bengal for March 1935.

I. *Character of the season.*—During the month under review, the rainfall was much below the normal, except in Jessore, Bankura and Pabna, where the fall was a little in excess. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Preparatory tillage for and sowings of jute and paddy continued, but more rain was needed to facilitate the operations. Harvesting of spring crops was nearing completion.

III. *State of standing crops.*—The condition of standing crops was reported as generally fair.

IV. *Prospects and probable outturn.*—The prospects of standing crops were on the whole satisfactory. The outturn of summer rice and tobacco was estimated at 93 and 88 per cent. of the normal, respectively, this year.

V. *Damage to standing crops.*—No damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle-disease, however, were reported from fifteen districts of the province and from the Cooch-Behar and Tripura States.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of Murshidabad only.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in six districts, fell in three and remained stationary in the rest of the Presidency. The prices ranged from 10 seers per rupee at Burdwan and Darjeeling to 15 seers per rupee at the Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population is, on the whole, fair, except in parts of Murshidabad, Birbhum and Bankura, where distress continues.

K. McLEAN,
*Director of Agriculture, Bengal (offg.).*

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 10th April 1935.**

**Summary.**—Excepting light and scattered showers in places the week was rainless. Sowings of jute and paddy are being retarded in high lands for want of rain. Prospects of standing crops are generally fair. During the week ending Saturday, the 6th April 1935, 9,021 persons attended different relief centres and 767 persons received gratuitous relief in the distressed areas of Murshidabad. In Birbhum and Bankura, 3,268 and 991 persons, respectively, were employed on test relief works on Saturday, the 6th April 1935. The average price of common rice for the province has fallen by about 0·49 per cent. as compared with that of the previous week.

Fine, Rs. 10.

27. *Discharge of water.*—No person shall affix or cause to be affixed to any building owned or occupied by him any gutter, spout or other thing intended for the conveyance and discharge of water, or shall leave in any such building any opening for the discharge of water, in such a way that the water discharged therefrom is thrown or falls upon a public street, except through a downpipe or other suitable contrivance reaching to the level of the public street.

Fine, Rs. 10; daily fine, Rs. 2.

28. *Breaking in horses.*—No person shall break in horses on any public street not set apart for that purpose.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

29. *Flying kites.*—No person shall fly a kite on any public street or in such a way that it may fall on any public street.

Fine, Rs. 10.

30. *Playing games.*—No person shall play any game on any public street.

Fine, Rs. 10.

31. *Throwing stones or missiles.*—No person shall throw or discharge any stone or missile on or near any public street.

Fine, Rs. 10.

32. *Driving across a drain.*—No person shall drive any vehicle across a public drain in or near any public street so as to cause damage to such drain.

Fine, Rs. 10.

33. *Barbed wire.*—No owner or occupier of land abutting on any public street shall fence such land with barbed wire.

Fine, Rs. 10; daily fine, Rs. 2.

34. *Dust-bins.*—No person shall—

(*a*) place any burning material in any municipal dust-bin on or near a public street, or

(*b*) burn in any such dust-bin any paper, leaves, grass, wood or other material.

Fine, Rs. 10.

35. *Closed public street.*—No person shall take or drive any motor vehicle, carriage or cart on a public street or part of a street which is closed by order of the commissioners to all or any specified description of wheeled traffic or displace any barrier or fence or notice erected for the purpose of closing such public street or part thereof.

Fine, Rs. 10.

*Regulation of the use or occupation of public streets or places for sale of articles, etc., and provision for the levy of fees for such use or occupation.*

36. *Exposing articles for sale*—Without the general or special permission of the commissioners which may, if they so direct, be subject to the payment of fees according to a scale prescribed by them at a meeting, no person shall use or occupy any public street or any other public place, for the sale of any article or for the exercise of any calling or for setting up any booth or stall.

No. 1801Edn.—11th April 1935.—The following draft of a notification, which the Government of Bengal (Ministry of Education) propose to issue in exercise of the powers conferred by clause (*r*) of sub-section (*2*) of section 66 of the Bengal (Rural) Primary Education Act, 1930 (Bengal Act VII of 1930), is published for the information of the persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 31st May 1935, and any objection or suggestion with respect thereto which may be received by the undersigned before that date will be duly considered:—

**Draft notification.**

In exercise of the powers conferred by clause (*r*) of sub-section (*2*) of section 66 of the Bengal (Rural) Primary Education Act, 1930 (Bengal Act VII of 1930), the Government of Bengal (Ministry of Education) are pleased to make the following rules:—

*Rules under section 66* (2) (r) *of the Bengal (Rural) Primary Education Act, 1930, regarding the conditions relating to pensions, gratuities and provident or annuity funds of the establishment of the District School Board and teachers in primary schools referred to in clause* (n) *of sub-section* (1) *of section 23 and in clause* Fifthly *of section 38.*

*Definitions.*

1. In these rules:—

(*a*) "Board" means District School Board formed under the Bengal (Rural) Primary Education Act, 1930;

(*b*) "salary" shall comprise monthly substantive salary or any allowance drawn during leave of any kind and includes acting, charge, personal or deputation allowance, if any, but shall not include local or travelling allowances;

(*c*) "servant" includes every non-pensionable employee holding a substantive appointment under the Board, but for the purpose of participation in the provident fund scheme laid down in rules 2 to 25, excludes the following employees:—

(*i*) teachers in primary schools,

(*ii*) all employees whose salary does not exceed Rs. 30 per month,

(*iii*) menials and inferior servants of all sorts,

(*iv*) employees below 20 or over 55 years of age:

Provided that persons appointed on probation to substantive appointments or appointed to officiate in an office which is vacant, may, if they are confirmed without interruption, be allowed to join the provident fund with retrospective effect from the date of their joining the service and that the monthly subscription to the fund shall not, in the case of such a servant of the Board be less than 10 per cent. of his salary till all arrear subscriptions are paid up;

(*d*) "depositor" means a servant on whose behalf a deposit is made under these rules;

(*e*) "interest" means the interest which is paid on a deposit at a post office savings bank under the rules in force for such institution, and includes that allowed on Government and other securities; and

(*f*) "dependant" means any of the following relatives of the deceased depositor to the provident fund, namely, wife, parent, child, minor brother, unmarried sister, and a deceased son's widow and child, and, where no parent of the subscriber is alive, a paternal grand-parent.

*Rate and realisation of subscriptions.*

2. Every servant shall be required to subscribe at the rate of 6¼ per cent. or one anna in the rupee on his salary to a provident fund of which an account will be opened at the post office savings bank. This deduction shall be made by the Board upon every salary bill presented and the net salary shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. A servant who desires to subscribe during leave must notify his intention beforehand in order to allow his deductions from leave allowances being noted in his leave and pay certificate. In such a case he will not be permitted to discontinue subscribing during leave.

*Prohibition of voluntary deposits.*

3. No voluntary deposits from any servant in excess of the amount of subscription permissible under these rules shall be credited to his provident fund.

*Subscriptions during leave and suspension.*

4. (*a*) Subscriptions during leave of any kind will be optional. They will be calculated on the allowance admissible during leave.

(*b*) A servant on reinstatement after a period of suspension may be allowed the option of subscribing for that period.

(*c*) In the case of a servant who exercises the option of subscribing to the fund during leave without allowances or on reinstatement after a period passed under suspension without allowances, it is left to the discretion of the Board to determine in each case the amount on which subscription should be paid, the general principle to be observed being that subscription should be calculated on half the salary last drawn by the servant before he proceeded on leave without allowances, or was placed under suspension without allowances.

*Contribution by the Board to deposit account of each servant.*

5. (*a*) It shall be competent to the Board to make contributions to the deposit allowances of each servant, equal to but not exceeding the deduction made from his salary under rule 2, provided that if the total of the contributions shown in the bill on which a remittance is made to the savings bank contains a fraction of an anna, it shall be increased to the next highest anna by an addition to the bill of the difference between this fraction and unity. These provisional increases in the

contribution will be shown in the abstract of balances until adjusted at the close of the year (see rules 20 and 21), but they will not appear in the depositor's ledger account.

(*b*) No contribution shall be made by the Board on the subscription paid by the depositor for any period during which he had been on suspension as a penalty for misconduct or other offences.

(*c*) It will be optional with the Board to contribute for an employee while on temporary transfer to service under some other local fund or Government.

*Investment.*

6. (*1*) The deductions under rule 2 and the contributions under rule 5 (*a*) shall be paid to the post master for credit to the account of the provident fund in the savings bank. The payment of the deduction shall be debited in the accounts to the same head as the salary, and the contributions shall be charged to the service head "Miscellaneous," sub-head "Provident Fund Contribution."

(*2*) The remittances to the savings bank shall, whenever possible, be made between the 1st and 4th of each month in order that interest may accrue for the month of the deposit.

(*3*) Deposits on account of the provident fund of the Board employees may be made under rule 44 (*c*) of the Savings Bank Rules. The usual limitations of the total amount at credit of each account do not apply to such deposits.

(*4*) (*i*) When the investment of any portion of the amount of the balance at the credit of the account is found desirable, the amount shall, on application by the Board, be withdrawn, and the investment shall be made either through the postal authorities or through other agencies as may be deemed convenient by the Board in Government loans, municipal debentures or port trust bonds of Calcutta, Rangoon, Bombay, Madras, or Karachi, or in fixed deposit in the Imperial Bank of India or in a co-operative bank specially approved for the purpose by the Registrar of Co-operative Societies, provided that in the case of investment in a co-operative bank, at least three-fourths of the subscribers are in favour of such investment.

(*ii*) The interest will be drawn by the post office in the case of investment through postal authorities, or by the Board in the case of investment through other agencies, and credited in the savings bank account.

(*iii*) The actual cost of purchase of such securities or the amount of such fixed deposits shall be added to the balance in the savings bank to obtain the total balance of the provident fund ledger. When such securities are sold or any loss of such fixed deposits is caused by the failure of the bank in which such deposits are made, the net gain or loss shall be added to or deducted from the net excess interest calculated for that year [see rule 21 (*i*)] before apportioning such interest among the depositors as set forth in that rule.

*Advances for special purposes.*

7. (*1*) No final withdrawal will be allowed until the depositor quits the service or retires from the service of the Board on completion of the age of 55, or dies. But a portion of the total deposit not exceeding two

months' pay of a subscriber may, with the sanction of the Board, be allowed to be withdrawn in cases of urgent necessity when the deposit in his ledger account has reached a sum of not less than six months' pay and the pecuniary circumstances of the depositor are such that the indulgence is necessary. The following are cited as examples of occasions on which the grant of advance may be considered :—

(*a*) To pay expenses incurred in connection with the illness of the depositor or of a member of his family.

(*b*) To pay expenses in connection with marriages, funerals or ceremonies which by the religion of the depositor it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

Advances though not confined rigidly to the objects laid down in clauses (*a*) and (*b*) above, will be made with due regard to the principle expressed in clause (*1*) of this rule as illustrated by the foregoing examples.

(*2*) In determining the advance to be sanctioned, regard should be paid to the amount lying at the credit of the depositor. The amount of the advance should be a sum expressed in whole rupees and should be so fixed as to allow of the monthly instalments fixed under rule 8 being also in whole rupees, the advance applied for being raised or reduced, if necessary, to enable the instalments to be so fixed.

(*3*) When an advance has already been granted to a depositor, a subsequent advance shall not be granted to him except for strong reasons to be recorded in writing by the Board until at least twelve months have elapsed since the complete repayment of the last advance taken.

(*4*) Application for any advance shall be signed by the depositor. The Board shall after withdrawing money from the post office savings bank, disburse it to the depositor concerned on acquittance rolls.

(*5*) The Board shall maintain a register in the form prescribed in Appendix B of advances sanctioned by the Board.

(*6*) No fresh advance from the fund shall be sanctioned by the Board for any depositor if there is any balance still to be refunded by him out of any advance already drawn from the fund.

*Recovery of advances.*

8. The following procedure for recovery of advances shall be observed :—

(*a*) An advance shall be recovered from a depositor at the discretion of the Board, in not less than twelve instalments or more than twenty-four. A depositor may, however, at his option make repayments subsequently in less than twelve instalments or repay two or more instalments at the same time.

(*b*) Recoveries shall be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery shall be made from a depositor while he is on leave of any kind, except leave on full pay.

(*c*) The instalments shall be paid by compulsory deductions from salary and shall be in addition to the usual subscription.

(*d*) When an advance is repayable in twelve instalments, an additional instalment representing interest, and equivalent to 4 per cent. of the total amount of advance shall be paid in the month following that in which the last instalment is paid. Similarly, two additional instalments representing interest, each equivalent to the 4 per cent. of the total amount of the advance shall be paid when the advance is repayable in more than twelve instalments.

In either case, the instalment of interest, when realised, shall be credited to the account of the depositor himself.

(*e*) If the advance is to be recovered by the sale of a portion of the investment either in Government promissory notes, war bonds, or postal cash certificates, etc., the loss, if any, by this sale, should be recovered from the depositor taking the advance.

*Withdrawal on retirement.*

9. (*1*) When a depositor ceases to be a servant of the Board by resignation or retirement on completion of the age of 55, or reduction of establishment, the Board shall cause the amount standing at his credit (*i.e.*, deposits and contributions with interest thereon) to be withdrawn and, subject to rule 17, to be handed over to him.

(*2*) If in the opinion of the Board, the withdrawal of interest from the savings bank would unduly trench upon the deposits at credit of the other depositors, the interest shall not be paid at once from the provident fund, but be temporarily advanced from the funds of the Board. The advance shall be adjusted when the difference between the total of the ledger balances and the balance of the provident fund in the pass-book may be withdrawn from the savings bank under rule 21.

*Disposal on depositor's death.*

10. Each depositor shall as soon after he joins the fund as possible, be called upon by the Board to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found as Appendix A to these rules.

11. An adopted child shall be considered to be a child for the purpose of these rules when, under the personal law of the depositor adoption is legally recognised as conferring the status of a natural child, but in this case only. If doubts arise in an individual case, the Board will take the opinion of the Legal Remembrancer through the District Magistrate and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the depositor's risk and can be challenged at any time.

12. (*1*) A depositor may in his declaration provide for the distribution of a portion only of the amount. Thus the Form of Declaration may mention a specific sum or a specific proportion of the total amount. The disposal of the balance will be governed by rule 14.

(*2*) If minors are nominated in a Form of Declaration, the person or persons to whom sums intended for their benefit are to be paid should be stated in the Form of Declaration.

(*3*) Any Form of Declaration submitted by a depositor is revocable at any time and from time to time. A fresh declaration shall subject to rule 13 be operative only on being received by the Board. On a

depositor's marriage or re-marriage, any declaration already submitted by him will forthwith become null and void and unless a revised Form of Declaration is received, the amount of his accumulations will be dealt with under rule 14.

13. In the event of the depositor having a dependant, he is not permitted in his Form of Declaration to leave the amount of his accumulations or any part of it to any one who is not his dependant. Where a Form of Declaration purports to leave money otherwise than to a depositor's dependant, the Board shall call upon the depositor to state whether he has a dependant and if it is found that he has one, the Form of Declaration shall not be accepted. A depositor who has dependants has absolute discretion regarding the distribution of amount at his credit at the time of his death among those dependants. He may exclude any one or more of them in favour of another or others of them and the manner in which the distribution is to be made among them is also within his absolute discretion.

14. The disposal of the balance at credit of deceased depositor is regulated by section 4 (*1*) of the Provident Fund Act, 1925.

15. The Board will not be bound by, or shall not recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a depositor who dies before retirement.

16. A deposit in the provident fund shall not be liable to attachment under any decree or order of any Civil, Revenue or Criminal Court in respect of any debt or liability incurred by the depositor, and neither the Official Assignee nor any Receiver appointed under the Provincial Insolvency Act, 1920, shall be entitled to or for any claim on, any such deposit.

*Withdrawal of contribution and deduction from deposit.*

17. If a servant is dismissed or removed or called upon to resign, on account of misconduct or inefficiency, or resigns without due notice, or is made liable for any losses, damages, costs and expenses, which the Board may at any time pay, sustain, or be put to, by reason of any act of embezzlement or default of or by such servant, the Board may, with the sanction of the Director of Public Instruction, withhold all or any part of the contribution allotted to him with the interest accrued thereon, and pay to the servant only the balance to his credit, without such contribution and the interest thereon.

*Note.*—In this rule the expression "due notice of resignation or appointment" means—

(*i*) in the case of servants drawing Rs. 80 a month and over, three months; and

(*ii*) in the case of other servants, one month.

18. If a servant is permitted to resign under circumstances other than those mentioned in rule 17 before he has rendered five years' complete service, the Board may, with the sanction of the Director of Public Instruction, withhold a portion of the contribution allotted to him with interest bearing the same ratio to the whole amount so contributed with interest thereon, as the number of years required to complete a service of five years bears to five years.

19. Any contribution and interest thereon withheld from a servant shall be credited to the District Primary Education Fund as an amount coming under section 37 (*1*) (*x*) of the Bengal (Rural) Primary Education Act, 1930.

*Provident fund ledger and abstract of balance.*

20. (*a*) A provident fund ledger in the following form having a separate page for each depositor's account will be maintained in the Board's office:—

Serial No.————. Name————. Appointment————.

| Deposits. | | | | | | | Amount advanced. | Balance after each transaction. | Initial of the President of the Board. | Columns for calculation of interest. | | | Proportionate amount held in postal cash certificates. | Remarks and note of withdrawal. |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Voucher. | | Remittance to savings bank. | | | Amount. | | | | | | | | | |
| Number. | Date. | Cheque number. | Date. | Depositor's subscription. | Employee's contribution. | Recovery of advance. | | | | Principal or lowest balance between the close of 4th day and the end of the months. | Amount of interest at 2½ per cent. per annum on the amount in column 11. | Proportionate share of excess interest calculated at the end of the year. | | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 |
| | | | | | | | | | | | | | | |

(*b*) As soon as any sum remitted to the savings bank under rule 6 is credited by the post master in the pass-book, the portion creditable to each depositor shall be entered in the ledger on the page set apart

for his account. When post office five-year cash certificates are purchased out of the balance in the savings bank, the proportionate share of each depositor shall be fixed and the amount shall be deducted from the amount against his name in column 9 and entered in column 14 of the ledger, until the cash certificate matures or is cashed. The total of column 9 of the ledger will be proved with the total balance of the pass-book monthly by means of an abstract of balances in the following form :—

| Serial No. | Name. | Appointment. | Balance as shown in column 9 of the Depositor's Ledger. | | | | | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | April. | May. | June. | July. | August. | September. | October. | November. | December. | January. | February. | March without interest. | Interest at 2½ per cent. as shown in the ledger. | Proportionate share of excess interest. | March with interest. |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 | 12 | 13 | 14 | 15 | 16 | 17 | 18 |
| 1 | .... | | | | | | | | | | | | | | | | |
| 2 | .... | | | | | | | | | | | | | | | | |
| | Total .. | | | | | | | | | | | | | | | | |
| | *Add*—Provisional increase to contributions under rule 5, fractions left unadjusted at close of the year under rule 21. | | | | | | | | | | | | | | | | |
| | *Add*—Interest on Government and other securities credited into the post office but not included in the individual ledger accounts. | | | | | | | | | | | | | | | | |
| | *Deduct*—Interest on accounts closed during the year under rules 9, 14 and 17. | | | | | | | | | | | | | | | | |
| | *Deduct*—Money invested in Government and other securities (*vide* rule 6.). | | | | | | | | | | | | | | | | |
| | *Deduct*—Interest on Government and other securities not credited into the post office but included in the individual accounts. | | | | | | | | | | | | | | | | |
| | Total in pass-book | | | | | | | | | | | | | | | | |

21. (*1*) Calculation of the interest due on each account shall be made at the rate of 2½ per cent. per annum for each calendar month on the lowest balance at credit of an account between the closing of the fourth day and the end of the month. The yearly interest thus calculated on each account shall be entered in column 16 of the abstract of balances prescribed in rule 20. As soon after the 30th of April as the interest for the previous year is added by the post office to the principal of the fund and the interest on investment through other agencies is drawn by the Board and credited in the savings bank account [see rule 6 (*d*) (*ii*)], the total yearly interest calculated at the aforesaid rate of 2½ per cent. and entered in the depositor's accounts, as shown in column 16 of the said abstract of balances, shall be deducted from the total interest actually received for the year, and this excess interest, together with the gain or loss by the sale of Government securities, if any, during the year [see rule 6 (*d*) (*iii*)] shall be shared by those depositors whose credits in the provident fund exceed Rs. 100 in proportion to their balances on the 31st March; provided that for the purpose of calculating, and crediting to each depositor's account, his share of the excess interest, the total balance at the depositor's credit shall be taken as the nearest hundred. The interest thus calculated shall be added to the principal in column 9 of the depositor's ledger account (see form in rule 20).

(*2*) In the case of the post office five-year cash certificates, the total amount received from the post office shall be apportioned to each depositor, when the cash certificate matures or is cashed, in the proportion fixed at the time of the purchase.

(*3*) If any payment has to be made during the year on a depositor's account the interest calculated monthly at 2½ per cent. on that account shall be added to the principal in column 9 (see form in rule 20) and for his proportionate share in the post office cash certificates, the amount due as calculated from the figures given at the back of the cash certificate shall be added.

(*4*) The provisional increase to contributions under rule 5 shall be withdrawn from the savings bank and credited to the Board as a miscellaneous receipt. If, however, the provisional increase contains a fraction of an anna or if the total provisional increase be less than four annas this fraction or sum shall be left in the savings bank for adjustment at the close of the following year. When the balances have been thus compared and adjusted, the ledger account of the next year shall be opened.

22. A copy of the ledger account signed by the President of the Board shall be given to each depositor after the annual comparison and adjustment of balances. Depositors must satisfy themselves as to the correctness of these accounts, and unless errors in them are brought to the notice of the Board within one month from the date of their receipt, no claim based on such error will be subsequently recognised.

*Dead accounts.*

23. On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn within a certain period, viz., for balances of Rs. 10 and under, one year, and for balances over Rs. 10 three years, it shall be written off as a dead account, and

repaid only under the orders of the Director of Public Instruction. The fact that the account has been closed will not operate as a bar to the interest being credited to the depositor's account, *i.e.*, the interest accruing until the amount of deposit is withdrawn for payment to the depositor or his heir or under rule 24, will be added to the deposit.

24. When accounts become "Dead" they must be removed from the provident fund ledger and be credited in the cash book as a miscellaneous receipt, the money being drawn out of the savings bank. On an amount being thus written off, it would be entered in a dead account register, in which subsequent repayment shall be noted in order to avoid a double payment.

*Procedure.*

25. The Board will endeavour to secure from all depositors on their first joining the fund the submission of the Form of Declaration prescribed in rule 10. If a depositor desires to revise his Form of Declaration, he should apply to the Board for the necessary form. Every declaration which is in force shall be carefully recorded in the personal custody of a responsible officer.

*Rules regarding payment of gratuities.*

26. No pension or annuity shall be granted to any servant of the Board. But teachers of primary schools managed by Board and servants of the Board whose salary does not exceed Rs. 30 per month, other than menials and inferior servants who have served the Board for at least six years may be granted by the Board a gratuity regulated as follows:—

(*a*) After a service under the Board of not less than five years and not more than twenty years a gratuity not exceeding half month's salary for each completed year of service.

(*b*) After a service under the Board of not less than twenty years up to thirty years, a gratuity not exceeding one month's salary for each completed year of service. The salary for the purpose shall be the average salary calculated upon the last three years of service.

(*c*) The gratuity shall in no case exceed Rs. 900.

(*d*) In calculating the amount of gratuity each completed year of service under the Board shall only be taken into consideration. Period or periods of service under district boards or municipalities shall not be taken into consideration for the purpose of operation of the rules regarding payment of gratuities to servants of the Board.

## COMMERCE DEPARTMENT.

### NOTIFICATIONS.

No. 3992Com.—12th April 1935.—Mr. Kally Coomar Dutt, Assistant Registrar of Joint Stock Companies, Bengal, is allowed an extension of leave on average pay for twenty-nine days, under rule 81 (*b*) (*ii*) of the Fundamental Rules, with effect from the 2nd April 1935

No. 4015Com.—16th April 1935.—In exercise of the powers conferred by rule 103 of the Indian Electricity Rules, 1922, and with the object of permitting insulated single cored cables of sufficient strength to be used in certain instances without bearer wires and also small multi-core insulated or, alternatively, lead or metal sheathed cables to be suspended from dead bearer wires by means of non-insulating hangers or clips, the Governor in Council is pleased to relax rule 43, sub-rules (*2*) and (*3*) of rule 62, sub-rules (*1*) and (*2*) of rule 63, sub-rule (*1*) (*a*) of rule 64 in so far as it relates to telegraph wires and rule 67 of the said rules to the extent and subject to the conditions set out hereunder, namely:—

(*i*) that every single cored aerial line unless suspended from a dead bearer wire shall consist of hard drawn copper or of high tensile strength copper alloy insulated with heat and moisture resisting rubber to a thickness and having a dielectric strength not less than that specified by the British Standards Institution for working pressures up to 250 volts, taped with varnished cambric tape and finally braided and weatherproof compounded overall, and the compound shall have a red lead base such that the braiding will not readily fray or disintegrate in course of time;

(*ii*) that multicore cables when used as aerial lines shall have their conductors laid side by side and shall be insulated, taped, braided and weatherproofed as specified;

(*iii*) that multicore cables may, alternatively, be lead or metal sheathed, in which case the conductors may be of annealed copper and the varnished cambric tape and overall braiding and weatherproof compounding may be omitted;

(*iv*) that the cable shall be renewed if the lead or metal sheathing becomes defective or fraying or disintegration of the braiding takes place;

(*v*) that insulated single core cables of the above class may be run on dead bearer wires, or on insulators without bearer wires provided that the conductors comply with the provisions of rules 58 and 61 of the Indian Electricity Rules, 1922, and have a cross sectional area of not less than ·0125 square inch and provided that the spans do not exceed 100 feet in the case of stranded conductors and 120 feet in the case of solid conductors, provided that if insulated cables of smaller sizes are employed then only those having twin or three cores shall be used and they shall be carried on dead bearer wires; and all lead or metal sheathed cables shall invariably be carried on dead bearer wires;

(*vi*) that all bearer wires shall be of stranded galvanised steel, having not less than seven strands, each strand not less than No. 16 S.W.G., and the cables shall be attached to the bearer wires by means of clips, either metal or insulated, at distances of not more than 3 feet apart, and the bearer wires shall be efficiently anchored and connected with "earth" at both ends of each span;

(*vii*) that joints in the cable shall not be permitted, and the cable must run continuously, in one length, from the post, bracket or properly constructed junction box, as the case may be, up to the main switch or properly constructed junction box, so that no bare conductors are exposed and no leakage of electricity can occur under the most adverse climatic conditions;

(*viii*) that the relaxation shall apply only to service lines or to other aerial lines on consumers' or owners' premises and provided that the potential difference between conductors and earth does not exceed low pressure, namely, 250 volts; and

(*ix*) that licensees of electrical undertakings desiring to avail themselves of the above-mentioned relaxation for circuits to be erected over land not on consumers' or owners' premises may also use single core non-lead sheathed cables of the above class provided that the conditions mentioned above are complied with, and all drawings are submitted to the Chief Electric Inspector showing the method of construction as required by section 18 (*1*) of the Indian Electricity Act, 1910.

The orders of relaxation sanctioned in this notification shall remain in force for a period of five years from the date of this notification, but shall be subject to cancellation at any time before the expiry of that period as the Government of Bengal may direct.

### NOTICE.

Notice is hereby given for public information that Mr. A. K. Bajpaie of 11, British Indian Street, Calcutta, has applied to the Government of Bengal for a license under the Indian Electricity Act, 1910, as modified up

to 1st May 1922, to supply electrical energy within an area as defined below under the terms of the following draft license:—

**The Raneeganj Electric License, 1935.**

*License for the supply of electric energy granted by the Government of Bengal under the Indian Electricity Act, 1910.*

License is hereby granted to Mr. A. K. Bajpaie of No. 11, British Indian Street, Calcutta, to supply electrical energy in the area with the power and upon the terms and conditions specified below:—

*Short Title.*

1. This license may be cited as "The Raneeganj Electric License, 1935."

*Interpretations.*

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the rules thereunder meanings are assigned shall have in this license the same respective meanings, provided that in this license:—

(*a*) "The Act" shall mean the Indian Electricity Act, 1910.

(*b*) The expression "the Licensee" shall mean and include the said Mr. A. K. Bajpaie and his permitted assigns.

(*c*) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the said Mr. A. K. Bajpaie.

(*d*) The expression "unit" shall mean the electrical energy contained in a current of 1,000 amps. flowing under the electromotive force of one volt during one hour.

*Area of Supply.*

3. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as follows:—

North—A line from Bardai tank to the bridge at Gorabazar on the Feeder Road.

South—A line from the third culvert of the Egarah Road to the bridge south of the flour mill in the Bankura Road; thence to the Railway Bridge at Pareshganj.

West—A line from the Gorabazar bridge to the Gopalbund bridge; thence via the west bank of the Jamunabund tank and the Railway Pumping Engine (excluding No. 37 coal pit belonging to the Bengal Coal Co.) to the third culvert on Egarah Road.

East—A line from Pareshganj bridge to the east bank of Rajarbund tank; thence to the bridge on the Mongalpur Road and to the Bardai tank.

The boundaries are delineated on the map by a heavy blue line.

*Situation of the Generating Station.*

4. (*a*) The Licensee shall either erect the generating station inside or outside the area of supply.

(*b*) Or the Licensee shall take a supply of energy in bulk for distribution within the area of supply.

*Limits within which the supply of energy is to be compulsory.*

5. (*a*) Feeder Road from its junction with Arjunpati Road up to its junction with Masjid Road.

(*b*) Masjid Road from its junction with Feeder Road up to its junction with Hill's Basti Road.

(*c*) North Bazar Road from its junction with Arjunpati Road up to its junction with Hill's Basti Road.

(*d*) Arjunpati Road from its junction with Feeder Road up to its junction with North Bazar Road.

*Nature of Supply.*

6. (*a*) *Nature of supply.*—The system for the supply of electric energy under this license is the following:—

No. 5748L.A. — 18th April 1935. — The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

O. M. MARTIN,
*Secy. to the Govt. of Bengal.*

**Agreement.**

MEMORANDUM OF AGREEMENT made this eleventh day of April one thousand nine hundred and thirty-five BETWEEN THE CALCUTTA ELECTRIC SUPPLY CORPORATION LIMITED, a

Company registered under the English Companies Acts and having its registered office at Victoria House, Vernon Place, Bloomsbury Square, London, and having a Branch office at Victoria House, Chowringhee, Calcutta (hereinafter called "the Company"), of the one part and THE SECRETARY OF STATE FOR INDIA IN COUNCIL (hereinafter called "the Secretary of State") of the other part.

WHEREAS for the purpose of the construction of a Transformer House for the supply of electrical energy in mauza Kanklia and other mauzas in the suburbs of Calcutta and within the jurisdiction of Calcutta Municipality and of thana Ballygunge in the district of 24-Parganas in Bengal the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of a piece or parcel of land containing an area of two cottahs fifteen chittacks and nineteen square feet or thereabout equivalent to more or less decimal point cipher four nine of an acre and more particularly described in the Schedule hereto and delineated in the plan* hereunto annexed.

AND WHEREAS the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described.

AND WHEREAS the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained.

NOW THIS INDENTURE WITNESSETH that it is hereby agreed and declared as follows:—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector, the obligations of the Company under the last preceding clause not being hereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purpose of such supply of electrical energy as is hereinbefore mentioned and purposes incidental thereto and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said Transformer House shall be completed and fully equipped in all respects ready for use within twelve months from the date on which possession of the said land shall have been given to the Company

6. Should the said Transformer House not be completed and fully equipped in all respects ready for use within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of six consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause, then and in any such case the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after transfer of the said land to the Company, and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(*ii*) Should the said Government decide not to sell the land and buildings the said Government shall retain the said land and buildings thereon in which case the Secretary of State shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company, and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of fifteen per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

*Not printed herewith, but may be inspected in the office of the Second Land Acquisition Collector at No. 5, Bankshall Street, Calcutta.

(*iii*) Should the said Government decide to sell the buildings only upon such sale the Secretary of State shall after deducting the expenses of taking possession and selling pay the balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of fifteen per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption), but will not repay and sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to the use of the said land on the following terms, that is to say, subject to the provisions of the Indian Electricity Act, 1910, and rules made thereunder or to the provisions of any other legislative enactment or rules in that behalf for the time being in force, the public in the vicinity of the said Transformer House (when completed) shall be entitled to be supplied with electrical energy from such Transformer House within the limits of the power available at such house and in pursuance of the terms of the electrical license granted to the Company.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant, clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

### Orders and Notifications by the Government of India republished for general information.

**DEPARTMENT OF INDUSTRIES AND LABOUR.**

NOTIFICATIONS.

New Delhi, the 9th April 1935.

No. M.-862.—In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884 (IV of 1884), the Governor-General in Council is pleased to direct that the following further amendment, having been previously published as required by section 18 of the said Act, shall be made in the Indian Explosives Rules, 1914, namely:—

After rule 98 of the said Rules the following rule shall be inserted, namely:—

"98A. *Saving as to conveyance by passenger steamers plying on inland waters in Burma.*—Nothing in rule 90 shall apply to the conveyance by passenger steamers plying on inland waters in Burma of any quantity of explosives of Class 1, 2 or 3 not exceeding 50 lbs. contained in one full case:

Provided that the consignment shall be packed in such manner as may from time to time be approved by the Chief Inspector of Explosives, and stored on the steamer suitably and safely and as far away as possible from inflammable cargo, living quarters, engines, boilers or any other place where there is fire."

New Delhi, the 4th April 1935.

No. L.-3050.—The following draft of a rule which the Governor-General in Council proposes to make in exercise of the powers conferred by section 77 of the Factories Act, 1934 (XXV of 1934), is published as required by sub-section (1) of section 79 of the said Act for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 8th July 1935.

Any objection or suggestion which may be received from any person in respect of the draft before the said date will be considered by the Governor-General in Council.

*Draft Rule.*

Every Manager of a factory shall furnish to the Inspector of Factories or other officer designated by the Local Government in this behalf the following returns, namely:—

I. On or before the 15th January of each year, an annual return in duplicate in the form set forth in the schedule hereto annexed;

Provided that in the case of a factory in which work is carried on only during a certain season or certain seasons of the year, the Manager shall, if so required by the Local Government, or, if the Local Government so directs, by the Chief Inspector of Factories, submit the annual return within fifteen days after the close of that season or of the last of those seasons as the case may be.

II Before the end of each calendar month, a return giving notice of all the days on which

the factory will be closed during the next ensuing month. This return shall be submitted whether the factory is or is not working during the calendar month preceding the month to which the return relates;

Provided that the Local Government may dispense with this return in the case of any class of factories or of the factories in any particular area.

*The average daily number should be calculated by dividing the aggregate number of attendances on working days by the number of working days in the year. In reckoning attendances, attendances by temporary as well as permanent employees should be counted, and all employees should be included, whether they are employed directly or under contractors. Attendances on separate shifts (*e.g.*, night and day shifts) should be counted separately. Days on which the factory was closed, for whatever cause, and days on which the manufacturing processes were not carried on should not be treated as working days.

†Enter "one hour," "two half-hours", "one half-hour," or "none," as the case may be. If none of these categories applied to all the adult employees, enter the category applicable to the majority of adult employees. Where the majority receive an interval exceeding one hour, enter "one hour."

‡This refers only to the exemptions granted under the second proviso to section 41(1).

### RESOLUTION.

New Delhi, the 13th April 1935.

*Rules for the examination of candidates for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Indian Railway Accounts Service.*

No. F.-15(6)-Ex. I/35.—In supersession of this Department Resolution No. F.-15 (3)-Ex. I/34, dated the 31st of May 1934, the following revised rules, which are liable to alteration from year to year are prescribed for the examination to be held in November 1935, for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Indian Railway Accounts Service.

1. A competitive examination for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Indian Railway Accounts Service, shall be held in India at such time as the Governor-General in Council may direct.

2. The maximum number of candidates to be admitted to the examination may, at the discretion of the Governor-General in Council, be limited to such number, not being less than 200, as the Governor-General in Council may decide. If the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination and in doing so shall have regard to the suitability of the applicants and to the adequate representation of the various provinces and communities of India.

3. (*i*) A candidate must apply to be admitted to the examination before such date, and in such form, and manner, as the Public Service Commission may prescribe.

(*ii*) If a candidate is in Government service at the date of his application, he shall apply through the Head of his Department, either—

(*a*) if he is employed by the Central Government, to that Government, or

(*b*) if he is employed by the Local Government or Administration, to that authority.

(*iii*) If a candidate is not in Government service at the date of his application, he shall apply to the proper authority of the area in which he resides otherwise than only for the purpose of his own education.

(*iv*) The proper authority for a Governor's Province shall be the Local Government of that Province; for Coorg, Delhi or Ajmer-Merwara, the Chief Commissioner: and for a State in India the Political Officer or Agent who must be addressed through the Government of the State.

(*v*) No candidate may make more than one application in respect of any one examination.

4. A candidate must be a male and either:

(*a*) a British subject of Indian domicile whose father (if alive), is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject, of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or

(*b*) a ruler or a subject of a State in India:

Provided that in the case of a male British subject the requirements of this rule may be waived by Government if satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry or upbringing with His Majesty's Dominions as to justify special treatment.

Provided also that a ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration required under Section 96-A, of the Government of India Act.

5. Candidates must have attained the age of 22, and must not have attained the age of 25, on the first day of August 1935.

Provided that a candidate who is over the age of 25 and under the age of 30 at that date may be admitted to the examination if he—

(*a*) holds substantively a permanent post under the Central or a Local Government, and

(*b*) is recommended by the Head of his Department.

6. A candidate must satisfy the Public Service Commission that his character and antecedents are such as to make him suitable for appointment to the public service. No candidate who is in the employment of the Central or of a Local Government will be admitted to the examination, unless the Head of his Department reports that his character and attainments are satisfactory.

7. The decision of the Public Service Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

8. A candidate must be a graduate of one of the Universities enumerated in the first appendix to these rules or hold the Senior Diploma of the Mayo College, Ajmer, or the Government Diploma in Accountancy.

Provided that, in exceptional cases, the Public Service Commission may, on the recommendation of the Central Government or a Local Government, treat as qualified a candidate who, though he has not any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which in the opinion of the Commission justifies, his admission to the examination.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

10. No recommendations except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by other means disqualify him for admission.

11. A candidate must pay the following fees:—

(*a*) Rs. 7-8-0 with the application form;

(*b*) If accepted for admission to the examination, Rs. 75-0-0 immediately after receipt of the certificate of admission; and

(*c*) Rs. 16-0-0 for the examination by a Medical Board.

Candidates are required to pay their medical fees in cash to the Medical Boards concerned at the time of their medical examination.

No claim for a refund of any of these fees will be entertained. Only treasury receipts for these amounts will be accepted by the Public Service Commission.

12. The examinations will be conducted by the Public Service Commission in the manner prescribed in the regulations in the second appendix.

13. (*a*) A list of competitors, in the order of proficiency as disclosed by the aggregate marks finally awarded to each competitor, shall be prepared by the Public Service Commission.

(*b*) Subject to the provisions of the Home Department Resolution Establishments No. F.-14/17-B/33, of 4th July 1934, appointments up to the number required will be made in the order of merit disclosed by the list prepared by the Commission, provided that sufficient candidates are found by the Commission to be qualified by examination and are considered by the Governor-General in Council to be duly qualified in all other respects.

(*c*) The Governor-General in Council shall assign successful candidates to the various services on a consideration of all circumstances, including any personal preference expressed by the candidates.

14. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of Government. A candidate who is found after examination by a Medical Board not to satisfy these requirements will not be approved. After the list mentioned in Rule 13 has been made out, candidates who are likely to be appointed will be medically* examined.

*In order to prevent disappointment, candidates are advised to have themselves examined by a medical practitioner, preferably a Civil Surgeon, before applying for admission to the examination. Particulars of the nature of the medical test to which candidates will be submitted before appointment and of the standards required can be had from the Public Service Commission.

ORDERED that the Resolution be published in the *Gazette of India*.

NOTIFICATION No. 140.

IT is notified for general information under the provisions of section 107 of the Calcutta Port Act and with the approval of the local Government, that with effect from the 1st April 1935, when a vessel is removed from a jetty or from a berth in the docks to another jetty or berth, berth hire in addition to mooring hire will only be charged for one jetty or berth in respect of the day on which such move takes place. Berth hire will be charged for the jetty or berth at which the greater time is spent on the day of such move.

By order of the Commissioners,

C. W. T. HOOK, Secretary.

The 18th April 1935. (1052—1)

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for themaintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Five and ten boxes of Quinine Tablets are sold to the public at the concession rates which will be intimated on application.

Provinces other than Bengal, Bihar and Orissa and Assam will get their supplies of Sulph. Quinine from the Director, Botanical Survey of India, Sibpur, Howrah.

*Local sale at the jail gate from 10 to 12 noon.*

The system of payment is by—*Cash in advance*—by "*Treasury Challans*," which should accompany the order or indent.

In cases where this is not possible, payment should be made by "*Remittance Transfer Receipts*" or crossed "*Cheques.*"

Indents unaccompanied by cash in advance will be sent Value Payable Post. Credit sale is not allowed except under special circumstances.

In the case of *Government officers* payments will be recovered by *Book Transfer, i.e., Countersigned Invoices*, in the event of *Cash* not accompanying the indent by "*Treasury Challans*," *Remittance Transfer Receipt or Cheque.*

2. Price and postage must accompany the price of the drug (when the drug is required by post).

*The name of the Railway and Steamer Station or Post Office must be written distinctly when the parcels are required by Rail, Steamer or by Post. Railway parcels are sent by passenger train only.*
